Rigid Plastic Packaging Container (RPPC) - Product Manufacturer Compliance Certification

Source Reduction - Comparison to Similar Products Compliance Option

Certification Measurement Period (Year) _____ **(January 1 through December 31)**

D. Product Manufacturer Data

Product Manufacturers must submit the information described in the regulations: 14CCR Section 17945.3(c) and Section 17945.3 (d)(5)

See the definitions for: Similar Rigid Plastic Packaging Containers and Source Reduced Container

Include all reportable RPPCs in this certification for the measurement period/calendar year. Sample line of data shown below.

Include all products in RPPCs offered for sale or sold in California during the measurement period, even if the product(s) are currently considered aftermarket or discontinued, or the total quantity sold by December 31 is zero.

Note: this template is for comparing similar products in similar RPPC(s), and the similar RPPCs are alike in material type/resin type, shape, and volume as your RPPCs.

Please indicate the compliance option formula(s) used to calculate your compliance rate by checking the appropriate box:

☐ Formula for each single rigid plastic packaging container line §17945.5(d)(1) ☐ Formula for averaging multiple rigid plastic packaging container lines §17945.5 (d)(4)

Your Products Sold or Offered for Sale within RPPCs											Similar Products Being Compared (e.g. competitor's similar product sold within a similar RPPC)						
Container Line	**Description of the Type of each RPPC** (i.e. jar, bottle, clamshell, etc.)	**The Associated Product Name or Advertised Brand Name**	**SKU, Product Code, Model Number or Bar Code** (optional)	**Volume or Equivalent Capacity of each RPPC[1]** (include units)	**Weight of each individual RPPC** (current weight in grams) **"W_S"**	**Photos of RPPCs and Product Label(s) [and/or Physical Samples] Included (Yes)**	**The Plastic Resin Type(s) in each RPPC[2]**	**Total Quantity Sold during the Measurement Period[3]**	**Is Data Based on Sales in California or Nationally** (CA or US)	**Name of the associated Container Manufacturer[4]**	**Advertised Product Name/Brand Name in the Similar RPPC**	**Name of the Primary Product Manufacturer, Distributor, or Importer** (on the Label of the similar RPPC)	**Weight of each Similar RPPC** (grams) **"W_N"**	**Volume or Equivalent Capacity of each Similar RPPC** (include units)	**The Plastic Resin Type(s) of each Similar RPPC[2]**	**Photos of RPPCs and Product Label(s) [and/or Physical Samples]**	**Percentage your RPPC is lighter than the Similar Product's RPPC, as calculated using the formula(s) in Section 17945.5(d)(1)** (%) **"Percent Source Reduced"**
#1	*jar*	*XYZ Cleaner*	*12345*	*12.5 fl. oz.*	*30.00*	*Yes*	*HDPE*	*5,684,321.00*	*CA*	*Container R-US*	*ABC Cleaner*	*Clean Inc.*	*33.35*	*12.5 fl. oz.*	*HDPE*	*filename.jpg*	*10.05%*

[1] The capacity or size must be expressed in the same unit of volume that is used on the container label; and for products that are sold based on weight or a numeric count, the size should be reported on an equivalent volume basis. CalRecycle uses the common dictionary definition of Volume.

[2] For the comparison, the products are to be similar, and the products are to be held within similar RPPCs (which are the same material type/plastic resin type). Refer to definition in Section 17943(ac).

[3] This data should include: (A) Direct sales by the product manufacturer; (B) Sales through distributors, franchises, dealers, and agents; (C) All mail-order and Internet sales

[4] Product Manufacturers must also include (in the Compliance Certification submission) the associated container manufacturer (who made each plastic container) and a copy of any Container Manufacturer Certification(s) and information pursuant to Section 17945.4 (See CalRecycle's Container Manufacturer Certification model template). The Product Manufacturer is responsible for ensuring that its report is consistent with any Container Manufacturer Certification obtained.
