Section II Rules and Conditions

Introduction

There are conditions that this IFB, submitting Bidders, bids and resulting Agreements are subject to and/or required to comply with.

Commitment

Upon submittal of a Bid, the Contractor has committed to comply with the following requirements:

- All items noted in IFB documents
- Special Terms and Conditions, which are included in the sample Contract attached.
- General Terms and Conditions (GTCs) and Contractor Certification Clauses (CCCs) are both available for viewing at <http://www.dgs.ca.gov/ols/Resources/StandardContractLanguage.aspx>

The above terms, conditions, and/or requirements are not subject to negotiation. Any Bidder that reserves a right to negotiate or expresses any exception to the above terms, conditions, and/or requirements will be disqualified. However, requests to revise any of the above terms, conditions, and/or requirements may be submitted during the formal question and answer period. Any such requests must include the current language, the proposed revised language, and the justification for the proposed revision. Any revisions are at the sole discretion of CalRecycle and will only be made under very limited circumstances in which the revisions apply to all Bidders and benefit or enhance the Contract.

If the Bidder fails to meet any of the requirements or comply with CalRecycle requests, CalRecycle can reject, disqualify, or remove the firm from the process. CalRecycle is not committed to award an Agreement resulting from this IFB.

Antitrust Claims

In submitting a Bid Package to a public purchasing body, the Bidder offers and agrees that if the Bid Package is accepted, it will assign to the purchasing body all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 [commencing with Section 16700] of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, materials, or services by the Bidder for sale to the purchasing body pursuant to the Bid Package. Such assignment shall be made and become effective at the time the purchasing body tenders final payment to the Bidder. (See Government Code Section 4552.)

If an awarding body or public purchasing body receives, either through judgment or settlement, a monetary recovery for a cause of action assigned under this chapter, the assignor shall be entitled to receive reimbursement for actual legal costs incurred and may, upon demand, recover from the public body any portion of the recovery, including treble damages, attributable to overcharges that were paid by the assignor but were not paid by the public body as part of the Bid Package price, less the expenses incurred in obtaining that portion of the recovery. (See Government Code Section 4553.)

Upon demand in writing by the assignor, the assignee shall, within one year from such demand, reassign the cause of action assigned under this part if the assignor has been or may have

been injured by the violation of law for which the cause of action arose and (a) the assignee has not been injured thereby, or (b) the assignee declines to file a court action for the cause of action. (See Government Code Section 4554.)

Contractor's Cost

All costs resulting from the Contractor's participation in the IFB process are at the firm's expense. No costs incurred by the Contractor participating in the IFB process will be reimbursed by CalRecycle.

Small Business (SB) Preference

The following information shall apply to both SBs and MBs.

Any Bidder competing in this process as a California Certified Small Business (SB) or Micro Business (MB), or as a non-SB certifying to subcontract a minimum of 25% of the total Contract services to a California Certified SB or MB, will receive a five percent (5%) preference.

Certification must be provided by the Department of General Services (DGS), Procurement Division (PD), Office of Small Business and DVBE Services (OSDS). CalRecycle will apply the preference per State law and as described on the DGS website at <http://www.dgs.ca.gov/pd/Programs/OSDS.aspx>.

A five percent (5%) bid preference is available to a non-small business claiming twenty-five percent (25%) California certified small business Subcontractor participation. If claiming the non-small business Subcontractor preference, the bid response must include a list of the small business(es) with which you commit to subcontract in an amount of at least twenty-five percent (25%) of the net bid price with one of more California certified small businesses. Each listed certified small business must perform a "commercially useful function" in the performance of the Contract as defined in Government Code Section 14837(d)(4).

The required list of California certified small business subcontracts must be attached to the bid response and must include the following: 1) Subcontractor name, 2) address, 3) phone number, 4) a description of the work to be performed and/or products supplied, 5) and the dollar amount

or percentage of the net bid price (as specified in the solicitation) per Subcontractor. Use the Bidder Declaration form (Attachment B) to report this information.

Bidders claiming the five percent (5%) preference must commit to subcontract at least twenty-five percent (25%) of the net bid price with one or more California certified small businesses. Completed certification applications and required support documents must be submitted to the office of Small Business and DVBE Certification (OSDC) no later than 5:00 p.m. on the bid due date, and the OSDC must be able to approve the application as submitted. Questions regarding certification should be directed to the OSDC at (916) 375-4940. In no event shall the SB preference or non-SB subcontracting preference exceed \$50,000 in any single bid.

The incentive is applied during the evaluation process and is only applied for responsive bids from responsible Bidders proposing the percentage of SB participation for the incentive specified above. The SB preference will be applied when a responsible Bidder that is not a California certified SB or a non-SB claiming 25% California certified SB Subcontractor participation submits the lowest responsive bid.

For award based on low price, the incentive is applied by reducing the bid price by the amount of incentive as computed from the lowest responsive and responsible bid price. The computation is for evaluation purposes only. Application of the incentive shall not displace an award to a small business with a non-small business.

A copy of the Bidder's SB certification should be included with the Bid Package.

If the Bidder makes a commitment to achieve small business participation, then the Bidder, if awarded this Contract, must within 60 days of receiving final payment (or within such other time period as may be specified elsewhere in this Contract) report to the awarding department the actual percentage of small business participation that was achieved (Govt. Code § 14841). Refer to the Small Business and Disabled Veteran Business Enterprise Subcontractor Payment Certification form (Attachment H) to fulfill this requirement.

Disabled Veterans Business Enterprise (DVBE) Preference

Any Bidder competing in this process as a California Certified Disabled Veterans Business Enterprise, or as a non-DVBE certifying to subcontract a minimum of 3% of the total Contract services to a California Certified DVBE, will receive a preference as shown below:

1. Five (5%) and above participation level = bid will receive five percent (5%) preference.
2. Four (4%) participation level = bid will receive two percent (2%) preference.
3. Three (3%) participation level = bid will receive one percent (1%) preference.

Certification must be provided by the Department of General Services (DGS), Procurement Division (PD), Office of Small Business and DVBE Services (OSDS).

A five percent (3-5%) bid preference is available to a non-DVBE claiming a minimum of three percent (3%) California certified DVBE Subcontractor participation. If claiming the non-DVBE Subcontractor preference, the bid response must include a list of the DVBE(s) with which you commit to subcontract in an amount of at least three percent (3%) of the net bid price with one or more California certified DVBEs. Each listed certified DVBE must perform a "commercially useful function" in the performance of the Contract as defined in Government Code Section 14837(d)(4).

The required list of California certified DVBE subcontracts must be attached to the bid response and must include the following: 1) Subcontractor name, 2) address, 3) phone number, 4) a description of the work to be performed and/or products supplied, 5) and the dollar amount or percentage of the net bid price (as specified in the solicitation) per Subcontractor. Use the Bidder Declaration form (Attachment B) to report this information.

Bidders claiming a preference must commit to subcontract at least three percent (3%) of the net bid price with one or more California certified DVBEs. Completed certification applications and required support documents must be submitted to the office of Small Business and DVBE Certification (OSDC) no later than 5:00 p.m. on the bid due date, and the OSDC must be able to approve the application as submitted. Questions regarding certification should be directed to the OSDC at (916) 375-4940.

The incentive is applied during the evaluation process and is only applied for responsive bids from responsible Bidders proposing the percentage(s) of DVBE participation for the incentive(s) specified above.

For award based on low price, the incentive is applied by reducing the bid price by the amount of incentive as computed from the lowest responsive and responsible bid price. The computation is for evaluation purposes only. Application of the incentive shall not displace an award to a small business with a non-small business.

A copy of the Bidder's DVBE certification should be included with the Bid Package. For information on locating DVBE resources please go to the following website <http://www.dgs.ca.gov/pd/Programs/OSDS.aspx>.

If awarded, the Bidder who has made a commitment to achieve disabled veteran business enterprise (DVBE) participation, must within 60 days of receiving final payment under this agreement (or within such other time period as may be specified elsewhere in this agreement) certify in a report to the awarding department: (1) the total amount the prime Contractor received under the Contract; (2) the name and address of the DVBE(s) that participated in the performance of the Contract; (3) the amount each DVBE received from the prime Contractor; (4) that all payments under the Contract have been made to the DVBE(s); and (5) the actual percentage of DVBE participation that was achieved. A person or entity that knowingly provides false information shall be subject to a civil penalty for each violation (Military & Veterans Code (M&VC) § 999.5(d)). Refer to the Small Business and Disabled Veteran Business Enterprise Subcontractor Payment Certification form (Attachment H) to fulfill this requirement.

Target Area Contract Preference Act (TACPA)

If the budget for services outlined in this announcement, exceeds \$100,000, CalRecycle will grant a preference for TACPA qualified Bidders.

The Bidder must provide reasonable demonstration of Contract labor hours and certify that they will comply with the requirements of the TACPA.

If the Bidder is qualified for this preference, the TACPA Preference Request Form must be included in the Bid submittal.

The form may be downloaded at www.calrecycle.ca.gov/contracts/forms.

Maximum Combined Preferences and Rules for Award

In combination with any other preferences (TACPA, SB or DVBE, participation), the maximum limit of the combined preferences is 15% of the bid amount and, in no case, more than \$100,000.00 per solicitation.

Preference programs for TACPA or the non-SB subcontracting preference cannot displace a direct award to a certified SB. In the event of a tie between a SB/MB and a firm that is SB/MB and DVBE, the award shall be made to the firm that is SB/MB and DVBE.

Subcontractors

All Subcontractors identified in the Bid, must be experts in their respective disciplines and capable of performing the tasks for which they are hired.

If awarded the agreement, the Contractor **must** use all of the SB/MB and Disabled Veteran Business Enterprise firms identified on the Small Business/DVBE Participation Summary.

Contractor understands and agrees that should award of this Contract be based in part on their commitment to use the Disabled Veteran Business Enterprise (DVBE) Subcontractor(s) identified in their proposal, per Military and Veterans Code 999.5 (e), a DVBE Subcontractor may only be replaced by another DVBE Subcontractor and must be approved by the Department of General Services (DGS). Changes to the scope of work that impact the DVBE Subcontractor(s) identified in the proposal and approved DVBE substitutions will be documented by Contract amendment.

Failure of Contractor to seek substitution and adhere to the DVBE participation level identified in the proposal may be cause for Contract termination, recovery of damages under rights and remedies due to the State, and penalties as outlined in M&VC § 999.9; Public Contract Code (PCC) § 10115.10, or PCC § 4110 (applies to public works only).

Do not include goods or services to be provided by Subcontractors.
