

April 20, 2020

**To:** All Prospective Contractors

**RE:** "Bonzi Sanitary Landfill Closure Engineering Services DRR19073"

**Addendum No. 4**  
**To the Request for Qualifications (RFQ)**

1. CalRecycle is issuing Addendum 4 to answer a question that was inadvertently excluded from Addendum 2.

Q.1 Has CalRecycle identified any potential offsite borrow sources? And, if so, have there been any discussions with property owners about providing access for possible geotechnical field exploration activities to characterize the potential borrow soils?

A.1. The borrow source of the soil to be used for the closure of the Bonzi Sanitary Landfill is identified in the Final Closure Work Plan of Appendix C to the 2015 Final Closure and Post-Closure Maintenance and Monitoring Plan (FCPCMP) provided as Addendum 1. The property owner is the same company that owns the Bonzi Sanitary Landfill and therefore an access agreement is not required."

All other terms, conditions, and requirements of this RFQ will remain the same. If you have any questions relating to this solicitation process, please contact me by e-mail at [contracts@calrecycle.ca.gov](mailto:contracts@calrecycle.ca.gov).

Sincerely,

*{Original Signed By}*
