Section I Overview

General Information

CalRecycle promotes a zero waste California in partnership with local government, industry, and the public. This means managing the estimated 76 million tons of waste generated each year by reducing waste whenever possible, promoting the management of all materials to their highest and best use, and protecting public health and safety and the environment.

“Firm” as used herein refers to the party submitting a SOQ. “Contractor” as used herein refers to the firm awarded the Contract resulting from the RFQ.

Service Needed

CalRecycle is seeking a Contractor to investigate and inspect closed, illegal, and abandoned (CIA) solid waste disposal sites and to provide guidance and assistance to Local Enforcement Agencies (LEAs) regarding the inspection, investigation, enforcement, and remediation of CIA disposal sites to ensure that public health and safety and the environment are protected. The objective of this Contract is to provide technical support to LEAs to inspect, investigate, and take necessary enforcement actions to achieve or maintain compliance with State minimum standards at CIA disposal sites.

For a complete description of the scope of work to be performed during the term of the Agreement, refer to the Sample Draft Standard 213 Agreement (Attachment L).

Contract Budget

This contract will ultimately encumber funding from Fiscal Years 2020/2021 and 2021/2022 and is subject to the passage of the respective Budget Acts and funding availability. Subject to the availability of these funds, there is a current maximum budget of \$200,000.00 (two hundred thousand dollars and zero cents). Furthermore, CalRecycle reserves the right to amend the Agreement to add time as required for completion of work, or to increase funding, in accordance with Exhibit B, Budget Detail and Payment Provisions of the resulting Agreement.

Payment Withhold

The provisions for payment under this contract will be subject to a ten percent (10%) withhold per task. The withheld payment amount will be included in the final payment to the contractor and will only be released when all required work has been completed to the satisfaction of CalRecycle.

Liquidated Damages

The Contractor shall be subject to liquidated damages as set forth in the Liquidation provision contained in the Special Terms and Conditions, *see* Section II, *Commitment*, to link to the Special Terms and Conditions.

Contract Term

The term of this Contract will span approximately 24 months and is expected to begin in June 2021. CalRecycle reserves the right to amend the term of this Contract as needs arise.

Process Type

Request for Qualifications (RFQ)

Process Schedule

This process will be conducted according to the following tentative schedule where all times are Pacific Time.

Section II Rules and Conditions

Introduction

The information below sets out the conditions that this RFQ, the submitting firm's Statement of Qualifications (SOQ or SOQ package) and the resulting Contract are subject to and/or the requirements for which the firm must comply. Any concerns or issues with any of the conditions or requirements, including those referenced below under *Commitment* must be addressed during the question and answer period of this RFQ.

Commitment

The following documents and the SOQ package will comprise the Contract:

- This RFQ package Special Terms and Conditions available for viewing at <https://www.calrecycle.ca.gov/Contracts/Forms/default.htm>
- General Terms and Conditions (GTCs) available for viewing at www.dgs.ca.gov/ols/Resources/StandardContractLanguage.aspx.
- Contractor Certification Clauses (CCCs) available for viewing at www.dgs.ca.gov/ols/Resources/StandardContractLanguage.aspx.
- Solid Waste Trust Fund Standard Specifications (Modified General Provisions of the CalTrans Standard Specifications dated July 1999) available for viewing at <https://www.calrecycle.ca.gov/docs/cr/Contracts/Forms/StdSpecs99.pdf>
- CalTrans Standard Specifications <http://www.dot.ca.gov/hq/esc/oe/specs.html>
- Work Orders
- Supplemental agreements which may be required to complete the work in a substantial and acceptable manner.

The above terms, conditions, and/or requirements are not subject to negotiation. Any SOQ that reserves a right to negotiate or expresses any exception to the above terms, conditions, and/or requirements will be disqualified. However, requests to revise any of the above terms, conditions, and/or requirements may be submitted during the formal question and answer period. Any such requests must include the current language, the proposed revised language, and the justification for the proposed revision. Any revisions are at the sole discretion of CalRecycle and will only be made under very limited circumstances in which the revisions apply to all firms and benefit or enhance the Contract.

By submitting a SOQ, the firm commits to accepting these terms, conditions and requirements.

CalRecycle is not committed to award a Contract resulting from this RFQ. In addition, award of this Contract does not obligate CalRecycle to issue any work orders and the Contractor shall have no claim for damages or compensation for anticipated profits should CalRecycle not issue any work orders.

Antitrust Claims

In submitting a SOQ Package to a public purchasing body, the firm offers and agrees that if the SOQ Package is accepted, it will assign to the purchasing body all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 [commencing with Section 16700] of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, materials, or services by the firm for sale to the purchasing body pursuant to the SOQ Package. Such assignment shall be made and become effective at the time the purchasing body tenders final payment to the Contractor. (See Government Code Section 4552.)

If an awarding body or public purchasing body receives, either through judgment or settlement, a monetary recovery for a cause of action assigned under this chapter, the assignor shall be entitled to receive reimbursement for actual legal costs incurred and may, upon demand, recover from the public body any portion of the recovery, including treble damages, attributable to overcharges that were paid by the assignor but were not paid by the public body as part of the SOQ Package price, less the expenses incurred in obtaining that portion of the recovery. (See Government Code Section 4553.)

Upon demand in writing by the assignor, the assignee shall, within one year from such demand, reassign the cause of action assigned under this part if the assignor has been or may have been injured by the violation of law for which the cause of action arose and (a) the assignee has not been injured thereby, or (b) the assignee declines to file a court action for the cause of action. (See Government Code Section 4554.)

Participation Costs

All costs resulting from the firm's participation in the RFQ process are at the firm's expense. No costs incurred by a firm participating in the RFQ process will be reimbursed by CalRecycle.

Information

All materials submitted in response to this RFQ will become the property of CalRecycle and, as such, are subject to the Public Records Act (Government Code Sections 6250 et seq.). CalRecycle will disregard any language purporting to render all or portions of any SOQ package confidential.

All information obtained or produced during the course of the Agreement will be made available to CalRecycle.

Any information obtained or produced during the course of the Agreement that qualifies as confidential or a trade secret(s) under the Public Records Act (PRA) or the Public Contract Code (PCC) and is thus exempt from disclosure under those statutes shall be so marked by the firm prior to submission to CalRecycle. Any claims of confidentiality or trade secret(s) except as to information that qualifies as such under the PRA or PCC may result in disqualification.

CalRecycle will hold information obtained or produced during the course of the Agreement deemed confidential or trade secret(s) by the firm to the extent allowable by the California PRA and the PCC.

Written Questions

This RFQ includes a formal question and answer period in which firms have the opportunity to submit questions regarding the RFQ. All questions must be submitted in writing either by mail, fax, or e-mail to the CalRecycle contact as listed in Section I by the date listed in the Process Schedule in Section I. Correspondence must be marked "Questions Relating to RFQ DRR20080". The questions and answers will be published in an Addendum to the RFQ (see below-Addenda). The addenda will not divulge the source of the request.

Addenda

CalRecycle reserves the right to amend, alter, or change the rules and conditions of this RFQ.

Any ambiguity, conflict, discrepancy, omission, or other error discovered in the RFQ should immediately be reported to CalRecycle prior to the deadline for submission of written questions. Firm's seeking clarification of the RFQ requirements must submit questions during the written question and answer period. CalRecycle will issue addenda to address all written questions submitted during the question and answer period.

Receipt of Addenda must be acknowledged as indicated in Attachment A, section H, "Acknowledgment/Authorization Form". All addenda to this RFQ can be viewed on the Contracts Unit website at <https://www.calrecycle.ca.gov/contracts>.

Modification of Submittals

A SOQ submitted prior to the submittal deadline, can be withdrawn or modified per written request by the submitting firm.

A SOQ package cannot be withdrawn for modification after the submittal deadline has passed.

Errors in Submittals

An error in a SOQ package may be cause for rejection of that SOQ. However, rejection may not be required and CalRecycle may make certain corrections if the error is of a minor nature and/or the firm's intent is clearly established based on a review of the complete SOQ package as determined by CalRecycle.

Unreliable List

Any firm currently on the CalRecycle Unreliable list is ineligible to apply for or participate in this contract.

Governance

If any provisions of the Contract are found to be unlawful or unenforceable, such provisions will be voided and severed from the Contract without affecting any other provision of the Contract. To the full extent, however, that the provisions of such

applicable law may be waived, they are hereby waived to the end that the Contract be deemed to be a valid and binding agreement enforceable in accordance with its terms.

This Contract is governed by and shall be interpreted in accordance with the laws of the State of California.

All proceedings concerning the validity and operation of the Contract and the performance of the obligations imposed upon the parties hereunder shall be held in Sacramento County, California. The parties hereby waive any right to any other venue. The place where the Contract is entered into and place where the obligation is incurred is Sacramento County, California.

The person signing the Contract on behalf of the Contractor shall certify under penalty of perjury under the laws of California, that the Contractor is not an expatriate corporation or subsidiary of an expatriate corporation within the meaning of Public Contract Code Section 10286 and 10286.1, and is eligible to contract with the State of California. This statement may be included on the cover letter of the SOQ.

Electronic Waste Recycling

If the Contractor or any subcontractors participate in activities that result in the disposition of electronic components, they shall comply with the provisions of PRC Chapter 8.5.

Use Tax

If, during the course of the Contract, the Contractor will be involved in the re-sale of goods to the State, they must comply with the requirements of Section 6452.1, 6487, 6487.3, 7101, and 18510 of the Revenue and Taxation Code, in addition to Section 10295.1 of the Public Contract Code.

Subcontractors

All subcontractors identified in the SOQ, must be experts in their respective disciplines and capable of performing the tasks for which they are hired.

The Department of General Services (DGS), Office of Small Business and Disabled Veteran Business Enterprise Services (OSDS) oversees the Small Business (SB) and Disabled Veteran Business Enterprise (DVBE) certification programs. If awarded the Contract, the Contractor **must** use all of the SB and DVBE firms identified on the Bidder Declaration (Attachment D) form.

Contractor understands and agrees that should award of this contract be based in part on their commitment to use the DVBE subcontractor(s) identified in their SOQ, per Military and Veterans Code 999.5 (e), a DVBE subcontractor may only be replaced by another DVBE subcontractor and must be approved by the DGS. Changes to the Scope of Work that impact the DVBE subcontractor(s) identified in the SOQ and approved DVBE substitutions will be documented by contract amendment.

Failure of the Contractor to seek substitution and adhere to the DVBE participation level identified in the SOQ may be cause for contract termination, recovery of damages under

rights and remedies due to the State, and penalties as outlined in M&VC § 999.9; Public Contract Code (PCC) § 10115.10, or PCC § 4110 (applies to public works only).

CalRecycle reserves the right to approve substitutions of subcontractors, as long as, certified business participation levels remain unchanged.

Section III Statement of Qualifications Submittal Requirements

Introduction

Failure to follow the instructions contained in this document may be grounds for rejection of a Statement of Qualifications package.

CalRecycle may reject any SOQ if it is conditional, incomplete or contains irregularities. CalRecycle may waive an immaterial deviation in a SOQ, if deemed in the best interest of CalRecycle.

Deadline

The SOQ package must be received by CalRecycle, at the address listed in Section I, Overview by the due date listed in Section I, Process Schedule. SOQ's received after the deadline, will be considered late and returned to the firm unopened.

Addressing

The SOQ package must clearly state on the front of the envelope: 1) that it is in response to this RFQ; 2) the number of this RFQ; and 3) the direction: "Mailroom – do not open."

Number of Copies

The firm must submit all required documents in the following format:

- One original, non-bound hard copy marked "Original"
- Three (3) bound, hard copies marked "Copy"
- One electronic copy on USB viewable by Adobe Acrobat Reader. The entire SOQ, including any attachments, must be saved as a single document.

It is the submitting firm's responsibility to ensure that the electronic copy is formatted in Adobe Acrobat Reader and viewable by CalRecycle.

Document Printing

All documents must be submitted double-sided on paper containing 100% post-consumer recycled content fiber.

Contractor Eligibility

The firm must include a written declaration in the cover letter (see below), stating that the Contractor and any Subcontractors to be used during the performance of the contract are eligible to contract with the State of California, pursuant to PCC 10286 et seq.

Cover Letter

The cover letter shall be signed by an individual who is authorized to bind the firm and shall indicate that person's title or position. The cover letter must be on the firm's company letterhead and contain the following information:

- a) Name and address of the firm submitting qualifications;
- b) Firm's Headquarters for purposes of this Contract, if awarded;
- c) Name, telephone number, and e-mail address of a person who can be contacted if further information is required;

- d) Name, title, address, telephone number, and e-mail address of individual(s) with authority to negotiate and execute a binding Contract on behalf of the firm;
- e) Statement that the submission is a firm and irrevocable offer for a 90 day period;
- f) Statement attesting to the fact of the percentage of post-consumer recycled content fiber paper used in the compilation of the SOQ package;
- g) Statement stating that the Contractor and any Subcontractors to be used during the performance of the contract are eligible to contract with the State of California, pursuant to PCC 10286; and
- h) List of Contractor's and any subcontractor(s)' business names, identification of certified SB or DVBE statuses, if applicable, and corresponding OSDS Reference number(s) issued to the certified SB by the DGS.

Table of Contents

The information must be organized as presented in conformance with the SOQ format (Attachment A) with corresponding page references (i.e., General Information, Licensing/Health and Safety Information, etc.)

Statement of Qualifications

Firms shall respond to all items in the SOQ form (Attachment A). If the answer to any item is "Not Applicable" or "None" so state in the designated space on the SOQ form. If there is no response for an item, the SOQ package may be considered non-responsive and the submittal may be rejected. The following information is provided as clarification of the requirements of some subjects contained within the SOQ but is not a complete list of all information required for inclusion in the firm's submittal:

- a) References: Firms must provide the name and current phone number of references who can confirm the accuracy of the experience and qualifications listed in the SOQ. References who are employees of the firm submitting the SOQ or employees of entities legally associated with the firm submitting the SOQ will not be considered as valid references. Experience or qualifications that cannot be confirmed by CalRecycle staff (e.g., inappropriate contact person or incorrect telephone number) will be disregarded (see Attachment B).
- b) Organizational Chart: Firms must provide an organizational chart identifying the Project Manager, all subcontractors, all key personnel of the firm and subcontractors who will be providing services under the contract, and all primary employees of the firm and subcontractors who will or may be involved with projects during the course of the Contract. The organizational chart shall indicate whether the individual works for the firm or a subcontractor (see Attachment A, Section G).
- c) Résumé: A résumé for each of the individuals identified in the Organization Chart must be submitted with the SOQ. The same person may be responsible for multiple tasks, but their experience in each task must be indicated in their résumé. Each person's résumé must identify experience related to task(s) that he/she will perform under the Scope of Work.

- d) Additional Information: Firms may provide additional information that demonstrates their ability in performing projects of similar nature of work identified in the Scope of Work in the Sample Draft Agreement (Attachment L).
- e) Partners/Subcontractors: The variety of work may require resources beyond the capabilities of some firms. If other firms are proposed as partners or subcontractors, the experience of those firms, in addition to the experience of the prime firm, shall be indicated on the appropriate forms in the SOQ. All experience documented on the forms shall be clearly marked to show which firm was responsible for the specific work.

Illness and Injury Prevention Program (IIPP) and/or Health and Safety Plan (HSP)

The Contractor shall have a current company IIPP that meets the requirements of 29 CFR 1910.120(b) or a sample of a recently prepared HSP environmental remediation/cleanup project representative of the types of projects envisioned to be conducted included in Section V. The IIPP shall apply to all employees involved in the Agreement. The HSP should include employees anticipated to be utilized under the Agreement. Each Subcontractor involved in the Agreement shall also have a current company IIPP or recently prepared HSP, as described above.

The Contractor shall at all times be responsible for the protection of its employees and the public. Review of the Contractor's IIPP and/or the recently prepared representative HSP by CalRecycle Staff shall in no way relieve the Contractor of responsibility for any aspect of its work, or for compliance with all Federal, State, and local laws pertaining to health and safety.

The Contractor's Project Manager and the assigned Safety Manager (can be the same person) shall be at the site whenever work is being performed, unless otherwise authorized by CalRecycle Staff.

Prior to site entry, the Contractor shall ensure that:

- Adequate work planning, health and safety evaluation of the proposed work scope and safety planning (including an HSP signed by an appropriate safety professional), and operating procedures review have been completed;
- All personnel have been properly trained and briefed in hazards and procedures for the site to be entered;
- Equipment and materials are on-hand to safely and efficiently complete the work;
- Proper site access authorization has been obtained, and
- Proposed project employees have read and signed the HSP.

Qualifications and Licenses

The Contractor shall be an individual or firm qualified to do business in California. Required documentation includes the following as applicable:

- A copy of the firm's registration with the Secretary of State.

- Pursuant to the California Business and Professions Code, for services of a “professional” nature requiring a professional license issued by the CA Department of Consumer Affairs, all team members who will provide contract services of a “professional” nature, including, but not limited to:
 - ✓ Current Class A, General Engineering Contractor’s license with a Hazardous Substance Removal Certification (HAZ) issued within the State of California, and
 - ✓ HAZWOPR Certifications for all proposed Site Superintendents licensed in the State of California.
 - ✓ Registered professional engineers or geologists with over 10 years of experience in conducting landfill and disposal site investigations, landfill gas investigations and preparing final investigation reports.
 - ✓ At least one field geologist available who can provide information regarding local geology and recommend the best method for conducting an intrusive investigation, (e.g. drill rig, direct push, trenching) in defining the horizontal and vertical extent of the waste.

The firm must submit a copy of the appropriate license(s) as part of its SOQ package.

The **prime** Contractor must have the required General Class A, General Engineering Contractor's license with a Hazardous Substance Removal Certification (HAZ) issued by the State of California. Subcontractors alone cannot be used to fulfill this requirement.

Compliance with Government Code Section 87100

Attachment E must be completed and submitted with the SOQ package.

Public Contract Code Sections 10162 & 10285.1 & Non-Collusion

Attachment F must be completed and submitted with the SOQ package. Attachment D includes the following provisions: 1) Public Contract Code Section 10162 Questionnaire, (2) Public Contract Code Section 10285.1 Statement, and 3) a Non-Collusion Affidavit.

Iran Contracting Act, Public Contract Code Sections 2202-2208

Attachment G must be completed and submitted with the SOQ package.

Small Business (SB) Participation

CalRecycle encourages integration of small business participation of the expected work to be performed to be contracted to a California Office of Small Business and DVBE Services (OSDS) Certified SB that performs a commercially useful function. This information may be detailed in the SOQ package.

SB participation may be achieved by either of the following:

- If the Proposer is a Certified OSDS SB, as defined in Section V Definitions and Terms, the Bidder Declaration form (Attachment D) shall be completed and submitted with the SOQ package.

- If the Proposer has identified SB Subcontractors to be utilized, the Bidder Declaration form (Attachment D) shall be completed and submitted with the SOQ package.

For purposes of this RFP, references to “Small Business” include “Microbusiness” unless contrary to law.

Disabled Veteran Business Enterprise (DVBE) Participation

The DVBE participation requirement is being exempted for this solicitation. However, CalRecycle encourages integration of DVBE participation of the expected work to be performed to be contracted to a California OSDS Certified DVBE that performs a commercially useful function. This information may be detailed in the SOQ package and on the Bidder Declaration form (Attachment D).

Section IV Evaluation and Selection

Introduction

CalRecycle will perform a Pre-Qualification Evaluation process to ensure that the SOQ includes all required documentation and information and then interviews with a minimum of three (3) of the highest scoring firms to determine the best qualified professional firm for the project.

If a SOQ package does not meet all of the requirements set forth in this RFQ, it will be considered non-responsive and rejected from further competition.

SOQ packages that pass this review will be forwarded to the Selection Committee for Evaluation.

Grounds for Rejection

CalRecycle may reject any SOQ package if it is conditional, incomplete, or contains irregularities. CalRecycle may waive immaterial deviations and the SOQ package may be evaluated based on the information provided when considered to be in the best interest of CalRecycle. Waiver of an immaterial deviation shall in no way modify the RFQ requirements or excuse the firm from full compliance with the Contract requirements. Grounds for rejection of a SOQ package include, but are not limited to, the following:

- It is conditional, incomplete, or contains irregularities
- It is received after the due date and time for submittal
- It does not include a reproducible master and the required number of copies
- All responses to an item are not completed
- Required license information is not submitted with the SOQ package
- Required authorizations and certifications for the SOQ package are not properly completed and signed
- The firm has been prohibited from contracting with the State by the Department of Fair Employment and Housing
- The firm's California business entity is currently suspended or forfeited by the Secretary of State or Franchise Tax Board, or is otherwise not active
- The firm has received a substantive negative contract performance from the State
- Any items required by the RFQ are not included with the submittal

No SOQ package will be rejected arbitrarily or without reasonable cause.

Selection Process

SOQs that pass the Pre-Qualification Evaluation identified on the SOQ Completion Checklist (Attachment K) will be submitted to a Selection Committee.

The Selection Committee members will, individually and/or as a team, review, evaluate and numerically score SOQs based on the adequacy, thoroughness, and the degree to which they comply with the RFQ requirements, utilizing the Scoring Criteria identified in this RFQ (Attachment C).

Points	Interpretation	General basis for point assignment
0	Inadequate	SOQ response (i.e., content and/or explanation offered) is inadequate or does not meet CalRecycle's needs/requirements or expectations. The omission(s), flaw(s), or defect(s) are significant and unacceptable.
1	Barely Adequate	SOQ response (i.e., content and/or explanation offered) is barely adequate or barely meets CalRecycle's needs/requirements or expectations. The omission(s), flaw(s), or defect(s), are inconsequential and acceptable.
2	Fully Adequate	SOQ response (i.e., content and/or explanation offered) is fully adequate or fully meets CalRecycle's needs/requirements or expectations. The omission(s), flaw(s), or defect(s), if any, are inconsequential and acceptable.
3	Excellent or Outstanding	SOQ response (i.e., content and/or explanation offered) is above average or exceeds CalRecycle's needs/requirements or expectations. Minimal weaknesses are acceptable. Firm offers one or more enhancing feature, method, or approach that will enable performance to exceed our basic expectations.

In assigning points for individual rating factors, Selection Committee members may consider issues including, but not limited to, the extent to which a SOQ response:

- Is lacking information, lacking depth or breadth or lacking significant facts and/or details, and/or;
- Is fully developed, comprehensive and has few if any weaknesses, defects or deficiencies, and/or;
- Demonstrates that the Firm understands CalRecycle's need's, the services sought, and/or the Contractor's responsibilities, and/or;
- Illustrates the Firm's capability to perform all services and meet all scope of work requirements, and/or;
- If implemented, will contribute to the achievement of CalRecycle's goals and objectives, and/or;
- Demonstrates the Firm's capacity, capability and/or commitment to exceed regular service needs (i.e., enhanced features, approaches, or methods; creative or innovative business solutions).

Scores assigned based on evaluation criteria will then be converted to a ranking score. For purposes of identifying the firms to be interviewed, staff will determine the ranking hierarchy based on the cumulative ranking score received by each firm. At a minimum, the top three ranked firms will be invited to interview. In the event that less than three firms are qualified, all qualified firms will be invited to interview.

Information obtained from references, client contacts, project inspectors and regulators significantly influences the ranking of responsive firms. Firms shall provide the name and current telephone number of references that can confirm the accuracy of experience and qualifications listed in the SOQ. Employees of

firms, or employees of entities legally associated with the firm, shall not be considered valid references. References that are inaccurately listed (e.g., inappropriate contact person or incorrect telephone number) shall be disregarded. Experience that cannot be confirmed by CalRecycle staff shall be disregarded.

Oral Interview

Firms selected for interviews will be notified in advance of the time and place that the interviews will be conducted. Interviews will address the information provided in the SOQ including, but not limited to, evaluation of qualifications and methods for furnishing the required services.

Failure to appear at the interview will be considered non-responsive and the firm may be eliminated from any further consideration.

Each committee member will independently score the interviewees' qualifications based on the criteria identified in Attachment C, and when appropriate, supplemental questions. Scores assigned will then be converted to a ranking score. For purposes of identifying the most qualified firm, staff will determine the ranking hierarchy based on the cumulative ranking score received by each interviewed firm. In the event of a tie, the Selection Committee will be reconvened to review the scores and identify the firm deemed most highly qualified to provide the services required.

Negotiating of Contracts

Once the highest ranked firm is identified, CalRecycle staff will notify the firm and request the firm's Detailed Fee Schedule. The firm's Detailed Fee Schedule shall include appropriate wage rates for office support personnel and appropriate markup rates to be utilized in the performance of the Contract.

CalRecycle staff will attempt to negotiate an agreement with the highest ranked firm. If an agreement is reached, staff will recommend award of the Contract to the firm. If an agreement cannot be reached, negotiations will formally be terminated with that firm. Negotiations will then begin with the next highest ranked firm. Failing accord, negotiations shall be terminated. This process will be repeated as necessary until negotiations have been terminated with all interviewed firms. Should CalRecycle staff be unable to negotiate a satisfactory agreement with all of the interviewed firms, CalRecycle staff may select additional firms in the manner prescribed above and continue the negotiation procedure until an agreement is reached, or negotiations on this RFQ are terminated by CalRecycle.

Award of Contract

Award of the Contract shall be to the highest-ranking firm meeting all the requirements of this RFQ after successful negotiations have been completed.

CalRecycle reserves the right to not award the Contract.

The following forms and information will be required prior to CalRecycle's execution of the Contract:

1. Payee Data Record (Standard Form 204);
2. Completed Bidder Declaration;
3. Verification of Worker's Compensation Insurance;
4. Certificate(s) of Insurance
5. Contractor Certification Clauses.

Execution of Contract

The proposed awardee must sign and return the Contract to CalRecycle within 10 days, not including Saturdays, Sundays and legal holidays. If the proposed awardee fails to return the signed Contract within

this time period, CalRecycle may deem the proposed awardee to have rejected the Contract. At that point, CalRecycle may disqualify that firm and negotiate and award the Contract to the next most qualified firm.

Start of Work

When the Contract has been signed by CalRecycle, a fully executed copy of the Contract will be mailed to the Contractor. Upon receipt of the executed Contract, staff may provide the Contractor with Work Orders for work described in this RFQ.

Protest of Award

This RFQ process is not subject to Protest pursuant to GC § 4525.

Location of Services

Services shall be provided at locations throughout the State of California.

Control of Work

The assigned CalRecycle Contract Manager has authority to determine the quality and acceptability of the following:

- A. Work to be performed;
- B. Rate and progress of the work;
- C. Fulfillment of the services provided by the Contractor; and/or
- D. Compensation for services provided by the Contractor

These decisions will be deemed final and enforceable by the assigned CalRecycle Contract Manager when the Contractor fails to complete orders required by this Contract.

The Contractor shall designate a Project Manager who holds authority to:

- A. Act as the Contractor's Representative for work to be provided under this Contract; and
- B. Act as the Contractor's Representative regarding contractual matters relating to this Contract.

If during the Contract, it is deemed necessary to replace the Project Manager, written approval from the CalRecycle Contract Manager is required.

Section V Cost and Payment Provisions

Payment

The Contractor will be reimbursed in arrears for services satisfactorily rendered and approved by CalRecycle's Contract Manager, as promptly as fiscal procedures will permit upon receipt by CalRecycle's Contract Manager of itemized invoices in triplicate. Separate invoices itemizing all costs are required for all work performed under each Work Order.

Labor Rates

During fee negotiations, labor and equipment rates will be determined for the Contractor and subcontractors as required by law. If a rate is not listed for a required service, the Contractor agrees to accept a fair and reasonable rate for that service subject to applicable legal requirements.

The Contractor will be compensated for the cost of workers used in the actual and direct performance of the work. To the total of the direct costs computed as provided in the following subsection "Actual Wages," there will be added a markup to be negotiated, but not to exceed 33 percent. No markup shall be added to costs computed as provided in the following subsections, "Labor Surcharge" and "Subsistence and Travel Allowance." Compensation for prevailing wage employees shall be made at the appropriate rate for each classification as determined by the Director of Industrial Relations pursuant to California Labor Code Part 7, Chapter 1, Article 2, Sections 1770, 1773 and 1773.1 (rates available at <http://www.dir.ca.gov>). Contractor shall be responsible for any future adjustments to prevailing wage rates including but not limited to, base hourly rates and employer payments as determined by the Department of Industrial Relations. The Contractor is responsible for paying the appropriate rate, including escalations that take place during the term of the Agreement.

A mistake, inadvertence, or neglect by the Contractor in failing to pay the legally required prevailing wage rate will be remedied solely by the Contractor and will not, under any circumstances, be considered as the basis of a claim against CalRecycle.

The cost of labor will be the sum of the following:

1. Actual Wages: The actual wages paid shall include any employer payments to or on behalf of the workers for health and welfare, pension, vacation and similar purposes.
2. Labor Surcharge: To the actual wages, as defined in the above subsection, "Actual Wages," a labor surcharge will be added as set forth in the Department of Transportation publication entitled Labor Surcharge and Equipment Rental Rates, which is in effect on the date upon which the work is accomplished. Said labor surcharge shall constitute full compensation for all payments imposed by State and federal laws and for all other payments made to, or on behalf of, the workers, other than actual wages as defined above and subsistence and travel allowance as follows.

A mistake, inadvertence, or neglect by the Contractor in failing to pay the legally required wage rates will be remedied solely by the Contractor and will not, under any circumstances, be considered as the basis of a claim against CalRecycle.

Travel

Travel and Per Diem

All travel shall be pre-approved by the Contract Manager. Only the least costly travel method (for example, personal car, rental car, or air travel) will be reimbursed. When determining the least costly travel method,

the Contractor should take into consideration not only direct expenses, but also the time billed. If the Contractor is unsure what least costly method may be, he or she shall consult with the Contract Manager. All travel will be reimbursed at the excluded employee travel rates in accordance with the California Code of Regulations Title 2, Division 1, Chapter 3, Subchapter 1, Article 2, Section 599.615.1 et seq. At the time of the RFQ release, the rates listed below apply. However, they are subject to change and the Contractor will be held to the State per diem rates in effect at the time of travel. Per diem (lodging, meals and incidentals) will not be reimbursed for travel within 50 miles of Contractor's headquarters. Readable receipts with sufficient detail (date, time and expense description and amount) are required for all expenses. Credit card receipts are generally not sufficient documentations for travel expenses.

- Lodging (receipts required) per day:

All counties/cities located in California (except as noted below):

Actual lodging expense, supported by a receipt, up to \$90 per night, plus tax and mandatory fees.

Napa, Riverside, and Sacramento Counties:

Actual lodging expense, supported by a receipt, up to \$95 per night, plus tax and mandatory fees.

Marin County:

Actual lodging expense, supported by a receipt, up to \$110 per night, plus tax and mandatory fees.

Los Angeles, Orange, and Ventura Counties and Edwards AFB, excluding the City of Santa Monica:

Actual lodging expense, supported by a receipt, up to \$120 per night, plus tax and mandatory fees.

Monterey, San Diego Counties:

Actual lodging expense, supported by a receipt, up to \$125 per night, plus tax and mandatory fees.

Alameda, San Mateo, and Santa Clara Counties:

Actual lodging expense, supported by a receipt, up to \$140 per night, plus tax and mandatory fees.

City of Santa Monica:

Actual lodging expense, supported by a receipt, up to \$150 per night, plus tax and mandatory fees.

San Francisco County:

Actual lodging expense, supported by a receipt, up to \$250 per night, plus tax and mandatory fees.

- Meals (actual expense) (up to \$7 for breakfast, \$11 for lunch and \$23 for dinner) – up to a maximum of \$41 per day
- Incidentals – up to a maximum of \$5 per day.
- Coach airfare, mid-size/economy rental cars, parking and fuel – actual costs verified by bills or receipts. Expenses for rental car insurance, fuel for rental cars purchased from the rental car company, and additional air travel expenses such as preferred boarding, will not be reimbursed. First Class or Business Class air travel is not allowed. Airport parking must be at the most economical rate. Expenses for one way rental car expense (i.e. charges for returning a rental car to a location other than that from which it was rented) will only be reimbursed if preapproval is given by the Contract Manager prior to the expense being incurred.

- Personal Vehicle Use for travel is reimbursed at \$0.56 per mile (2021 rate); however, fuel will not be reimbursed if a personal vehicle is used.

Office Support Employees

Compensation for various project management categories shall be determined during Contract negotiations. This compensation shall be the actual wages, plus any employer payments to or on behalf of the employees for health and welfare, pension, vacation and similar purposes, and include overhead and profit. Compensation for employees not previously identified shall be negotiated between the Contract Manager and the Contractor.

Contractor-owned Equipment (if applicable)

Contractor-owned equipment will be paid for at the rates listed for such equipment in the Department of Transportation publication entitled *Labor Surcharge and Equipment Rental Rates*, which is in effect on the date upon which the work is accomplished, plus a markup to be negotiated, but not to exceed 15 percent. Rates paid for equipment shall include the cost of fuel, oil, lubrication, supplies, small tools, necessary attachments, repairs and maintenance of any kind, depreciation, storage, insurance, and all incidentals.

Payment for equipment identified in a Work Plan and approved as necessary for the timely completion of a project, that will not be operated on a continuous basis throughout the project (e.g., water trucks and haul trucks), will be paid for in accordance with Table VI-1.

Equipment operated for overtime hours will be paid for in accordance with provisions specified in the Labor Surcharge and Equipment Rental Rates.

The hours to be paid for equipment that is operated less than 8 hours due to breakdowns shall not exceed 8 less the number of hours the equipment is inoperative due to breakdowns.

More than or equal to 30 minutes of operation shall be considered a full hour of operation. Less than 30 minutes of operation will not be considered as operated.

Table VI-1

Hours Equipment is in Operation	Hours to be Paid
1	4.5
2	5
3	5.5
4	6
5	6.5
6	7
7	7.5
8	8

If it is deemed necessary to use equipment not listed in the Labor Surcharge and Rental Equipment Rates, a suitable rate for such equipment will be established by CalRecycle's Contract Manager. The Contractor may furnish any cost data that might assist in the establishment of such rate.

After commencement of work, should it become necessary to suspend work for more than two working days for reasons beyond control of the Contractor, the Contractor shall immediately notify CalRecycle staff in writing. CalRecycle staff will promptly investigate and determine whether or not to compensate the Contractor for idle equipment. If CalRecycle staff determines compensation is warranted, CalRecycle staff will determine whether to maintain the Contractor's equipment on site and compensate the Contractor for idle equipment charges in accordance with provisions of Section 8-1.09, "Right of Way Delays" in the Standard Specifications or direct the Contractor to demobilize the equipment. Contractor will be compensated for demobilization charges or idle equipment charges approved in writing by CalRecycle staff, but shall not have claim to anticipated profit and overhead costs for work not performed.

Rental Equipment (if applicable)

Payment for rental equipment at invoice rates may be allowed by Contract Manager after review of pertinent information provided by the Contractor. This information includes a minimum of three (3) quotes from rental firms. A separate allowance may be permitted for fuel and lube of rental equipment if those costs are not included in the rental agreement. This information shall be included in the Work Plan. A markup to be negotiated, but not to exceed 15 percent, will be allowed for this equipment. If allowed by the Contract Manager, acceptable equipment rates and agreement conditions will be included in the Work Order for site remediation

Small Equipment and Tools (if applicable)

Individual pieces of equipment or tools, such as disposable items or items that may be used on other projects, and having a replacement value of less than \$500, whether or not consumed by use, shall be considered to be small tools and not eligible for compensation under this Agreement.

Specialty equipment and tools, such as personal protective equipment (PPE), sampling containers, and safety equipment may be eligible for reimbursement if requested in the Work Plan and approved by the Work Order.

Materials (if applicable)

Based on the total direct costs of purchased materials a markup may be negotiated, but shall not exceed 15 percent. Cost of materials will be the cost to the Contractor. Only materials furnished by the Contractor and required for the performance of work will be considered for payment. CalRecycle staff reserves the right to furnish such materials as it deems advisable, and the Contractor shall have no claim for costs and markup on such materials.

Communication

CalRecycle may reimburse the Contractor for project-related cellular charges made by the Project Manager while on a project if approved by the Work Order. A weekly rate of \$25.00 may be approved for these purposes only. All other phone charges by the Contractor or subcontractors are considered part of overhead costs and will not be reimbursed.

Subcontractors

When subcontractors are required in performance of the work and have been approved in the Work Order, the Contractor will be compensated for invoiced cost of the services plus a markup to be negotiated, but not to exceed 10 percent. This markup shall reimburse the Contractor for profit and additional administrative costs, and no other additional payment for performance of work by a subcontractor will be made under this Contract.

Non-Hazardous Material Transport and Disposal

When required by the Work Order, non-hazardous materials designated for removal shall be excavated, minimizing unnecessary over-excavation or removal of clean material. Screening or other approved methods may be utilized to separate soil from refuse. The Work Plan shall include rates from licensed haulers for removal of material. Non-hazardous material removed from a site shall be disposed of at appropriately permitted facilities. Disposal costs shall be identified in the Work Plan. Markup to be negotiated, but not to exceed 10 percent, will be allowed for approved transport and disposal charges.

Hazardous Material Transport and Disposal (if applicable)

If any material encountered during the work is determined or is suspected to be a hazardous substance as previously defined, the Contractor shall notify CalRecycle's Staff. If required by CalRecycle's Staff or a Work Order any cleanup, packaging, transportation and disposal or recycling of that material shall follow all prescribed health and safety procedures. Haulers must have appropriate license to transport these materials, and the disposal site shall have permits appropriate for the types and volumes of these materials. Markup to be negotiated, but not to exceed 10 percent, will be allowed for approved transport and disposal charges for these materials.

Insurance

Contractor shall maintain the following insurance policies throughout the life of the Contract:

1. General Liability and Umbrella Insurance, with the following limits:
 - a. \$1,000,000 for each occurrence
 - b. \$2,000,000 general aggregate
 - c. \$5,000,000 umbrella or excess liability
2. Worker's Compensation Insurance, with the following limits:
 - a. \$1,000,000 for each accident for bodily injury by accident
 - b. \$1,000,000 policy limit for bodily injury by disease
 - c. \$1,000,000 for each employee for bodily injury by disease
3. Automobile Liability Insurance, including coverage for all owned, hired and non-owned automobiles, with single limit of liability not less than \$1,000,000.

The Contractor shall provide the Contracts Unit, within ten (10) days after notification of CalRecycle's intent to award, Certificates of Insurance for each of these insurance policies. The Contract will not be fully executed nor can work begin until these Certificates of Insurance have been provided to CalRecycle. The State of California, its officers, agents and employees shall be included as additional insured under the General Liability and Umbrella Liability Policies with respect to liability arising out of or connected with work or operations performed by or on behalf of the Contractor under the Contract.

In the event said insurance coverage expires or is cancelled at any time or times during the term of the Contract, the Contractor shall, at least thirty (30) days prior to said expiration or cancellation date, provide a new certificate of insurance evidencing insurance coverage as provided for herein for not less than the remainder of the term of the Agreement. New certificates of insurance are subject to approval by CalRecycle. The Contractor agrees that no work or services shall be performed prior to the receiving of such approval. In the event the Contractor fails to keep in effect at all times the insurance coverage as herein provided, CalRecycle may in addition to any other remedies it may have, terminate the Contract upon the occurrence of such event. The State of California will not be liable for payment of any premiums or assessments on any of these policies.

Other Services and Material

CalRecycle will reimburse the Contractor for other services, if authorized in the Work Order. Examples of other services include: obtaining permits and licensing fees for site remediation to comply with state and local regulatory agency laws, codes, regulations and ordinances, surveys, sampling and testing, report reproduction, over-night mail, materials and supplies; and other such costs determined reimbursable by CalRecycle staff. Markup to be negotiated, but not to exceed 5 percent, will be allowed other services and materials.

Non-compensable Services

Compensation for overhead costs, office fax and telephone charges, pagers, miscellaneous incidentals and supplies will be deemed to be included in the mark-up percentages applied to labor, equipment, and material charges as noted above. Charges not reimbursable include such items as invoice preparation, project accounting, billing, photocopying invoices and billing information, and administrative overhead. Examples of non-reimbursable expenses are direct or indirect overhead incidental to providing the contracted services and cost of business and professional licenses and permits.

Records

The Contractor shall furnish completed daily work reports on acceptable forms to CalRecycle's Staff or each day's work. Daily work reports shall itemize the materials used, labor and equipment hours of both Contractor and subcontractor employees and equipment.

A separate report will be maintained by CalRecycle's Staff. At the end of each workday the work reports shall be compared and any discrepancies resolved. Resolved work reports shall be signed by the Contractor's site superintendent and a copy shall be provided to CalRecycle's Staff. When these daily work reports are agreed upon and signed by both parties, they shall become the basis of payment for the work performed, but shall not preclude subsequent adjustment based on audits or reviews.

Material charges shall be substantiated by valid copies of vendors' invoices, which shall be submitted with Contractor's billings and as applicable shall include vehicle weight or load slips or record of measurement by vehicle number.

During Contract negotiations, labor rates will be determined for the Contractor and Subcontractors as required by law. A mistake, inadvertence, or neglect by the Contractor in failing to pay the legally required wage rates will be remedied solely by the Contractor and will not, under any circumstances, be considered as the basis of a claim against CalRecycle.

When Subcontractors are required in performance of the work and have been approved in the Work Order, the Contractor will be compensated for invoiced cost of the services plus a markup to be negotiated, but not to exceed 10 percent. This markup shall reimburse the Contractor for profit and additional administrative costs, and no other additional payment for performance of work by a Subcontractor will be made under this Contract.

State Income Tax Withholding

Pursuant to California Revenue and Taxation Code Section 18806.1, independent Contractors may be subject to one (1) percent State Income Tax withholding.

An independent Contractor, as defined in Black's Law Dictionary, is:

"One who, in the exercise of independent employment, Contracts to do a piece of work according to their own methods and is subject to their employer's control only as the end product or final result of work."

BIDDER DECLARATION Instructions

All prime Bidders (the firm submitting the bid) must complete the Bidder Declaration.

1.a. Identify all current certifications issued by the State of California. If the prime Bidder has no California certification(s), check the line labeled "None" and proceed to Item #2. If the prime Bidder possesses one or more of the following certifications, enter the applicable certification(s) on the line:

- Microbusiness (MB)
- Small Business (SB)
- Small Business Nonprofit Veteran Service Agency (SB/NVSA)
- Disabled Veteran Business Enterprise (DVBE)

1.b. Mark either "Yes" or "No" to identify whether Subcontractors will be used for the Contract. If the response is "No," proceed to Item #1.c. If "Yes," enter on the line the distinct element of work contained in the Contract to be performed or the goods to be provided by the prime Bidder. Do not include goods or services to be provided by Subcontractors.

Bidders certified as MB, SB, SB/NVSA, and/or DVBE must provide a commercially useful function as defined in Military and Veterans Code Section 999(e)(2)(A) for DVBEs and Government Code Section 14837(d)(4)(A) for small/microbusinesses. For questions regarding commercially useful function determinations made in conjunction with certification approval, contact the Department of General Services, Procurement Division, Office of Small Business and DVBE Certification (OSDC), OSD Certification and Compliance Unit via email at: osdchelp@dgs.ca.gov

Bids must propose that certified Bidders provide a commercially useful function for the resulting Contract or the bid will be deemed non-responsive and rejected by the State. For questions regarding the solicitation, contact the procurement official identified in the solicitation.

Note: A Subcontractor is any person, firm, corporation, or organization Contracting to perform part of the prime's Contract.

1.c. This item is only to be completed by businesses certified by California as a DVBE.

(1) Declare whether the prime Bidder is a broker or agent by marking either "Yes" or "No." The Military and Veterans Code Section 999.2(b) defines "broker" or "agent" as a certified DVBE Contractor or Subcontractor that does not have title, possession, control, and risk of loss of materials, supplies, services, or equipment provided to an awarding department, unless one or more of the disabled veteran owners has at least 51-percent ownership of the quantity and value of the materials, supplies, services, and of each piece of equipment provided under the Contract.

If bidding rental equipment, mark either "Yes" or "No" to identify if the prime Bidder owns at least 51% of the equipment provided (quantity and value). If **not** bidding rental equipment, mark "N/A" for "not applicable."

2. If no Subcontractors are proposed, do not complete the table. Read the certification at the bottom of the form and complete "Page _____ of _____" on the form.
If Subcontractors will be used, complete the table listing all Subcontractors. If necessary, attach additional pages and complete the "Page of _____" accordingly.

2. (continued) Column Labels

Subcontractor Name, Contact Person, Phone Number & Fax Number—List each element for all Subcontractors.

Subcontractor Address & Email Address—Enter the address and if available, an Email address.

CA Certification (MB, SB, DVBE or None)—If the Subcontractor possesses a current State of California certification(s), verify on the OSDC website (www.pd.dgs.ca.gov/smbus) that it is still valid and list all current certifications here. Otherwise, enter "None." [Note: A SB/NVSA should not be participating as a Subcontractor]

Work performed or goods provided for this Contract—Identify the distinct element of work contained in the Contract to be performed or the goods to be provided by each Subcontractor. Certified Subcontractors must provide a commercially useful function for the Contract. (See paragraph 1.b above for code citations regarding the definition of commercially useful function.) If a certified Subcontractor is further subcontracting a greater portion of the work or goods provided for the resulting Contract than would be expected by normal industry practices, attach a separate sheet of paper explaining the situation.

Corresponding % of bid price—Enter the corresponding percentage of the total bid price for the goods and/or services to be provided by each Subcontractor. Do not enter a dollar amount.

Good Standing?—Provide a response for each Subcontractor listed. Enter either "Yes" or "No" to indicate that the prime Bidder has verified that the Subcontractor(s) is in good standing for all of the following:

- Possesses valid license(s) for any license(s) or permits required by the solicitation or by law
- If a corporation, the company is qualified to do business in California and designated by the State of California Secretary of State to be in good standing
- Possesses valid State of California certification(s) if claiming MB, SB, and/or DVBE status
- Is **not** listed on the OSDC website as ineligible to transact business with the State

51% Rental?—This pertains to the applicability of rental equipment. Based on the following parameters, enter either "N/A" (not applicable), "Yes" or "No" for each Subcontractor listed.

Enter "N/A" if the:

- Subcontractor is NOT a DVBE (regardless of whether or not rental equipment is provided by the Subcontractor) or
- Subcontractor is NOT providing rental equipment (regardless of whether or not Subcontractor is a DVBE)

Enter "Yes" if the Subcontractor is a California certified DVBE providing rental equipment and the Subcontractor owns at least 51% of the rental equipment (quantity and value) it will be providing for the Contract.

Enter "No" if the Subcontractor is a California certified DVBE providing rental equipment but the Subcontractor does NOT own at least 51% of the rental equipment (quantity and value) it will be providing.

Read the certification at the bottom of the page and complete the "Page _____ of _____" accordingly.

Compliance With Government Code, Section 87100

Government Code, Section 87100 provides: No public official at any level of state or local government will make, participate in making or in any way attempt to use his official position to influence a governmental decision in which he knows or has reason to know he or she has a financial interest. Contractors that provide recommendations and advice that may influence decision-making are required to comply with the disclosure requirements of the conflict of interest laws promulgated under the Political Reform Act.

The prospective contractors and subcontractors, if any, shall disclose any present or prior (within the last two years) financial, business, or other relationship with CalRecycle. These disclosures will be made under penalty of perjury.

In addition to the disclosures required above, list current clients subject to any discretionary action by CalRecycle, or who may have a financial interest in the policies and programs of CalRecycle, and describe any current or planned work activities the contractor is performing for such clients. These disclosures will be made under penalty of perjury. The Firm and its subcontractors (if any) will be required to file statements of economic interests with CalRecycle upon award of the Contract. CalRecycle will keep copies of the statements of economic interest and forward the originals to the Fair Political Practices Commission.

CURRENT CLIENTS MEETING ABOVE CRITERIA

Noncollusion Affidavit

(Title 23 United States Code Section 112 and Public Contract Code Section 7106)

In accordance with Title 23, United States Code, Section 112, and Public Contract Code 7106 if federally funded, or Public Contract Code 7106 if state funded, the proposer declares that the bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation; that the bid is genuine and not collusive or sham; that the proposer has not directly or indirectly induced or solicited any other proposer to put in a false or sham bid, and has not directly or indirectly colluded, conspired, connived, or agreed with any proposer or anyone else to put in a sham bid, or that anyone shall refrain from bidding; has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the proposer or any other proposer, or to fix any overhead, profit, or cost element of the bid price, or of that of any other proposer, or to secure any advantage against the public body awarding the contract of anyone interested in the proposed contract; that all statements contained in the bid are true; and, further, that the proposer has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, or paid, and will not pay, any fee to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof to effectuate a collusive or sham bid.

Note: The above Noncollusion Affidavit is part of the Proposal. Signing this Proposal on the signature portion thereof shall also constitute signature of the Noncollusion Affidavit. Proposers are cautioned that making a false certification may subject the certifier to criminal prosecution.

3. Background
Pursuant to Title 14, California Code of Regulations (14 CCR) Sections 18083 and 18303, Local Enforcement Agencies (LEAs) are required to investigate and inspect closed, illegal, and abandoned disposal (CIA) sites. Additionally, Public Resources Code (PRC) Section 45013 requires the Department of Resources Recycling and Recovery (CalRecycle) to make guidance and assistance available to LEAs regarding the inspection, investigation, enforcement and remediation of CIA sites to ensure that public health and safety and the environment are protected. The objective of this contract is to support Closed, Illegal and Abandoned Disposal Site Program assistance to the LEAs to inspect, investigate and take necessary enforcement actions on CIA sites.
4. Work To Be Performed
 - A. The Contractor shall provide equipment, personnel, materials and services as needed to assist CalRecycle staff with closed, illegal, and abandoned (CIA) disposal site investigations throughout California. Anticipated work under this agreement can be divided in to the following three general categories:
 - 1) Record review investigations;
 - 2) Field investigations; and/or
 - 3) Laboratory services.

Work on specific sites may encompass one or more of the categories of work listed above.

All work under this Contract will be performed through Work Orders issued to the Contractor by CalRecycle. The Work Orders and any required amendments will specify the site, deadlines, tasks, deliverables, and not-to-exceed costs.

5. Tasks Identified

- A. Record Review Investigations: The Contractor may be directed to search, obtain, review, and evaluate available historical records for a site. Such information may include, but not be limited to, the following:
- 1) Operational records;
 - 2) Current and historical maps; and
 - 3) Historical aerial and other photographs.
- B. Site Field Investigations: Site-specific field investigative work will be carried out in accordance with a Contractor-prepared work plan, which will be reviewed and approved by CalRecycle staff. Data from investigations may be used by the LEA to determine compliance with State regulatory standards, the feasibility of remedial alternatives, and/or to support enforcement actions against responsible parties.
- C. The Contractor shall provide any and all field support for the tasks outlined below. Subcontracting for the use of heavy equipment and properly trained operators is essential to this Agreement (e.g., provide necessary heavy equipment and 40-hour HAZWOPER-trained equipment operators for exploratory trench excavation and boring with drill rigs and/or direct push equipment). All Contractor field staff shall be currently certified for Hazardous Waste Operations and Emergency Response (HAZWOPER) in accordance with Title 29, Code of Federal Regulations (29 CFR), section 1910.120 and Title 8, California Code of Regulations (8 CCR), section 5192 and have appropriate experience to adequately perform the tasks outlined below:
- 1) Provide soil classification and the preparation of trench and borehole logs by registered geologists, or certified engineering geologists.
 - 2) Prepare work plans and site investigation reports. Coordinate with CalRecycle staff on field investigation activities defined by the CalRecycle Investigation Work Plan.
 - 3) Adhere to personal protective levels and safety procedures required by the CalRecycle Investigation Work Plan and Site Specific Health and Safety Plan. Provide dust control measures and health and safety monitoring if necessary, during trenching, drilling or other earthmoving operations.
 - 4) Identify and obtain necessary permits in coordination with local agencies, and locate underground utilities for investigatory work. The contractor will obtain all federal, state and local permits necessary to perform the field investigations including but not limited to grading permits, Air Quality Management District (AQMD) permits, Department of Fish and Game (DFG), county drilling/well permits,

US Army Corps of Engineers Section 404 permits, etc. Clear sample locations for subsurface utilities (coordinate and mark utilities in the vicinity of sample location points with Underground Services Alert (USA)) and may be required to perform geophysical surveys to identify obstacles outside of the USA's purview.

- 5) Perform non-intrusive geophysical surveys (ground penetrating radar, resistivity, conductivity, etc.) including results reports and technical expertise to interpret the results and trenching, and/or boring, to define the horizontal and vertical extent of the disposal site and to provide data on waste characteristics and the site cover;
- 6) Provide field support for soil, waste, and landfill gas sampling.
- 7) Manage the disposal of investigation-derived waste (direct push cores, boring cuttings, trench spoils, purge water, disposable personal equipment, decontamination rinse water, sample discards, etc.). Restore sample location points and surrounding areas to original conditions, e.g. backfill, grade and compact trench spoils, backfill direct-push and boring locations with bentonite and import soil.
- 8) Install landfill gas monitoring wells and probes per 27 California Code of Regulations (CCR) Section 20925 (bored to depth of waste, multi-depth, gravel packed, bentonite sealed and finished with labcock valves and traffic related vaults). Design and install landfill gas monitoring networks and continuous landfill gas monitoring systems to provide the necessary monitoring data to determine if gas migration is occurring and if gas control is necessary.
- 9) Provide or subcontract surveying services, including aerial photogrammetry and land survey capabilities, and prepare topographic drawings/maps of the site using AutoCAD and geographical information systems (GIS) software such as ArcView for trench/boring/sample locating and developing remedial designs for clean-closure, cover, gas monitoring networks, drainage and erosion control and/or site security.

D. Laboratory Services: Laboratory services may be used as part of a field investigation conducted by CalRecycle or LEAs may collect and submit samples that they have collected for analysis. The Contractor shall use laboratories that are located within California and accredited by the Department of Health Services through its Environmental Laboratory Accreditation Program (ELAP). The Contractor shall submit a copy of ELAP accreditation of any proposed laboratory to CalRecycle's Contract Manager prior to the collection and processing of samples.

E. Contractor, CalRecycle, LEA, and/or other personnel specifically authorized by CalRecycle shall collect laboratory field samples in appropriate containers and with the necessary preservatives as required by the environmental testing criteria to be used for the analysis. Sampling requests can vary depending on the request for assistance from the LEA. Applicable sampling and analytical methodologies, along with the necessary sampling equipment shall be specified in a Work Order prior to sample collection. The types of samples submitted may include bulk material samples (e.g., soil, compost, ash, or tar), gas bag and solid container samples, filter samples, chemical adsorbent tubes, and other vapor, gas or aerosol collecting media.

- F. The Contractor shall utilize a laboratory or laboratories that have been preapproved in writing by CalRecycle. The Contractor shall supply and arrange for delivery of all required sample containers and equipment. The Contractor shall pick up or arrange for delivery of the samples and have the samples analyzed as directed by CalRecycle and shall report the results in accordance with the requirements specified in the Work Order.
- G. The laboratory or laboratories selected by the Contractor shall be capable of supplying CalRecycle with reports of analysis within the turnaround times as follows:
- 1) Standard Turnaround: Seven (7) business days from sample receipt date results to be e-mailed, ten (10) working days for final written report.
 - 2) Urgent Turnaround: Two (2) business days from date of sample receipt for e-mailed results, full written report to follow as soon as possible, but no later than seven (7) business days.
- H. Laboratory services shall include, but not be limited to, the following environmental test methods on liquids (e.g., water, wastewater, leachate, and gas condensate), solids (e.g., soil, burn ash, incinerator ash, compost, sludge, plant materials, paper, plastics, etc.), and/or gases (landfill gas, soil gas, emissions, ambient air, flue gas, etc.):
- 1) Environmental Testing Requirements:
 - a) Methods to detect the presence of microorganisms including total coliform, fecal coliform or Escherichia Coli in water, wastewater, sludge, or compost.
 - b) Methods to determine the presence of inorganic substances and physical properties of water including toxic chemical elements using colorimetric, gravimetric, titrimetric, electrometric, or ion chromatographic techniques and include the following: alkalinity; toxicity, calcium; chloride; corrosivity; fluoride; hardness; magnesium; nitrate; nitrite; sodium; sulfate; total filterable residue and conductivity; iron; manganese; orthophosphate; silica; cyanide.
 - c) Methods to detect the presence of inorganic substances, nutrients, physical or chemical demands, or physical properties in the determination of wastewater, leachate and gas condensate quality including, but not limited, to acidity, alkalinity, biological oxygen demand, chemical oxygen demand, pH, total dissolved solids, turbidity, hardness, conductance, etc.
 - d) Methods to determine the presence of trace metals or asbestos in determining water quality using atomic absorption, inductively coupled plasma, inductively coupled plasma/mass spectrophotometer, or an electron microscope device (e.g., arsenic, barium, cadmium, total chromium, copper, iron, lead, manganese, mercury, selenium, silver, zinc, asbestos, EPA 200.7 and 200.8, etc.).
 - e) Methods to detect the presence of trace organic compounds in determining water quality requiring and not requiring the use of a gas chromatograph/mass spectrophotometer device (e.g., EPA Methods 501.3, 524.2, 525 and 513, 503.1, 502.2, etc.).
 - f) Methods to detect the presence of trace organics in wastewater, leachate and gas condensate including but not limited to the following: EPA 624, 625, 1613, 1625, 601, 602, 603, 604, etc.).

- g) Methods to detect the presence of radioactive substances in water, wastewater, or solid waste.
 - h) Aquatic bioassay methods to detect the presence of toxins in the determination of wastewater quality or in hazardous wastes.
 - i) Analyses to determine the physical properties of hazardous and solid wastes including: ignitability by flashpoint determination; corrosivity by pH determination; corrosivity by corrosivity towards steel; and reactivity. EPA 9040, 9045, and 9050, etc.
 - j) Analyses to determine the presence of inorganic substances in solid waste or hazardous waste samples including EPA 6010B, 6020, and 7000 series, etc.
 - k) Methods to prepare waste samples for further testing including: California waste extraction test (WET); extraction procedure toxicity (EP TOX); toxicity characteristic leaching procedure (TCLP).
 - l) Analyses to determine the presence of trace organics in solid and hazardous waste samples including: EPA 3500, 5000, 8000, 8100, and 8200 series, etc.
 - m) Methods to detect the presence of asbestos for complying with GC section 66261.249 m 2 A using polarized light microscopy.
 - n) Methods for determining the concentrations of fixed gases (carbon dioxide, methane, oxygen, nitrogen, hydrogen sulfide, etc.) individually or in a composite gas sample (landfill gas, soil gas, ambient air, flue gas samples, etc.) using gas chromatography.
 - o) Methods for detecting the presence of organic compounds (e.g., benzene, vinyl chloride, trichloroethylene, total hydrocarbons, etc.) in gas samples individually or in bank, using gas chromatography or gas chromatography/ mass spectrophotometry including EPA TO-14 Analysis with low detection limits for vinyl chloride.
 - p) Methods of analysis for constituents in accordance with EPA 413.2, 415.2, 502.1, 503.1, 524.1, 613, 624, 625, etc.).
 - q) Methods for determining gas quality for the purpose of combustion efficiency including moisture content, energy capacity (BTUH/SCF), explosivity and ignitability.
 - r) Methods for isotopic differentiation and Carbon-14 dating.
- 2) Industrial Hygiene Requirements:
- a. The laboratory shall be accredited under the Laboratory Accreditation Program of the American Industrial Hygiene Association and continue to participate in the National Institute for Occupational Safety and Health (NIOSH) Proficiency Analytical Testing (PAT) Program. The laboratory shall perform analysis of samples collected during the field investigation or by the local enforcement agencies during inspections.
 - b. Analysis will be specified in CalRecycle work orders or work plans and may include analysis for heavy metals, volatile and semi-volatile organics, pesticides, polychlorinated biphenyls, polyaromatic hydrocarbons, dioxins and furans. Landfill gas samples collected may be analyzed for fixed gases to include methane, carbon dioxide, oxygen, nitrogen, hydrogen sulfide and volatile organic compounds.

- c. The laboratory shall be accredited to analyze all PAT materials including: lead, cadmium, chromium, zinc, asbestos, silica, and organic solvents (carbon tetrachloride, benzene, vinyl chloride, trichloroethylene, p-dioxane, toluene, chloroform, 1,2 dichloroethane, methylene chloride, methyl chloride, methyl ethyl ketone, and o-xylene)
 - d. The laboratory shall have the instrumentation necessary to perform the following analytical methods: Atomic Absorption Spectroscopy; Graphite Furnace; Colorimetry; Gas Chromatography/Flame Ionization Detector; Gas Chromatography/Electron Capture Detector; Gas Chromatography/Nitrogen Phosphorous Detector; Gas Chromatography/Mass Spectroscopy; Gravimetric; High Pressure Liquid Chromatography; Ion Chromatography; Particle Count with Light Microscopy; Phase Contrast Microscopy; Ultraviolet Spectroscopy
 - e. The precision, accuracy, and sensitivity of analytical methods used at least equal to those specified by NIOSH methods.
- 3) The Contractor shall perform other tests as needed and additional work not included in the tasks listed above (e.g., field sampling, experimental design, statistical analysis, review and evaluation of analytical data, etc.) at mutually agreed upon costs.

EXHIBIT B

BUDGET DETAIL AND PAYMENT PROVISIONS

1. **INVOICING AND PAYMENT:**

A. For services satisfactorily rendered and upon receipt and approval of the invoices, the State agrees to compensate the Contractor for actual expenditures incurred in accordance with the rates specified herein.

B. Itemized invoices shall be submitted electronically, with one set of supporting documentation (i.e., receipts, timesheets, etc), not more frequently than monthly in arrears to:

contractpayment@calrecycle.ca.gov

C. Each invoice submitted to CalRecycle must include the following information:

- Invoice Number
- Contract Number
- Description of Rendered Activities/Services
- Submitting Contractor's Address
- Invoice Period

2. **BUDGET CONTINGENCY CLAUSE:**

A. It is mutually agreed that if the Budget Act of the current year and/or any subsequent years covered under this Agreement does not appropriate sufficient funds for the program, this Agreement shall be of no further force and effect. In this event, the State shall have no liability to pay any funds whatsoever to the Contractor or to furnish any other considerations under this Agreement and the Contractor shall not be obligated to perform any provisions of this Agreement.

B. If funding for any fiscal year is reduced or deleted by the Budget Act for purposes of this program, the State shall have the option to either: cancel this Agreement with no liability occurring to the State, or offer an Agreement Amendment to the Contractor to reflect the reduced amount.

3. **PROMPT PAYMENT CLAUSE:** Payment will be made in accordance with and within the time specified in Government Code, Chapter 4.5 (commencing with Section 927).

4. **TAXES:** The State of California is exempt from Federal Excise Taxes, and no payment will be made for any taxes levied on employees' wages. The State will pay for any applicable State of California or local sales or use taxes on the services rendered or equipment or parts supplied pursuant to this Agreement. California may pay any applicable sales or use tax imposed by another state.

5. **COST BREAKDOWN:**

Selected Contractor's rate sheet will appear here.

6. TRAVEL CLAUSE: All travel will be reimbursed at the excluded employee travel rates in accordance with the California Code of Regulations Title 2, Division 1, Chapter 3, Subchapter 1, Article 2, Section 599.615.1 et seq. The Contractor will be held to the State per diem rates in effect at the time of travel. For specific per diem (lodging, meals and incidentals) reimbursement rates, see California Code of Regulations Title 2, Division 1, Chapter 3, Subchapter 1, Article 2, Section 599.619. For this agreement, the Contractor's headquarters located at TBD. Per diem will not be reimbursed for travel within 50 miles of Contractor's headquarters.
7. PROGRESS PAYMENT AND PAYMENT WITHHOLD: If progress payments are allowed for services performed under this agreement, not less than ten (10) percent of the agreement amount shall be withheld pending final completion of the agreement, and receipt and acceptance by the State of any final reports required under the agreement. However, for those agreements that consist entirely of separate and distinct tasks, any funds withheld with regard to a particular task may be paid upon completion of that particular task. The Contractor agrees to comply with the requirements of Public Contract Code (PCC), Section 10346.

EXHIBIT D

SPECIAL TERMS AND CONDITIONS

1. **AGENCY LIABILITY**: The Contractor warrants by execution of this Agreement, that no person or selling agency has been employed or retained to solicit or secure this Agreement upon agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business. For breach or violation of this warranty, CalRecycle shall, in addition to other remedies provided by law, have the right to annul this Agreement without liability, paying only for the value of the work actually performed, or otherwise recover the full amount of such commission, percentage, brokerage, or contingent fee.
2. **AMENDMENT**: No amendment or variation of the terms of this Agreement shall be valid unless made in writing, signed by the parties and approved as required. No oral understanding or agreement not incorporated in this Agreement is binding on any of the parties. CalRecycle reserves the right to amend this Agreement through a formal written amendment signed by both parties, for additional time and/or funding.
3. **CALIFORNIA WASTE TIRES**: Unless otherwise provided for in this contract, in the event the Contractor and/or Subcontractor(s) purchases waste tires or waste-tire derived products for the performance of this Agreement, only California waste tires and California waste tire-derived products shall be used. As a condition of payment under this Agreement, the Contractor must provide documentation substantiating the source of the tire materials used during the performance of this Agreement to the Contract Manager.

All formal notices required by this Agreement must be given in writing and sent by prepaid certified mail, fax, personal delivery or telex.

4. **CONTRACT MANAGEMENT**: The Contractor and the agents and employees of the Contractor, in the performance of this Agreement, shall act in an independent capacity and not as officers or employees or agents of the State of California. The Contractor may change the designated Project Director, but CalRecycle reserves the right to approve any substitution of the Project Director. Contractor's key personnel may not be substituted without CalRecycle's Contract Manager's prior written approval. CalRecycle may change the Contract Manager by notice given to the Contractor at any time. CalRecycle staff will be permitted to work side by side with the Contractor's staff to the extent and under conditions that may be directed by the Contract Manager. In this connection, CalRecycle's staff will be given access to all required data, working papers, etc. The Contractor will not be permitted to utilize the CalRecycle's staff for the performance of services, which are the responsibility of the Contractor unless the Contract Manager previously agreed to such utilization in writing, and any appropriate adjustment in price is made. No charge will be made to the Contractor for the services of CalRecycle's staff for coordination or monitoring functions.
5. **CONTRACTOR EVALUATIONS**: CalRecycle will evaluate the Contractor's performance within sixty days of the completion of this Agreement and shall remain on file by CalRecycle for a period of thirty-six months. If the Contractor does not satisfactorily perform the work or service specified in this Agreement, CalRecycle will submit a copy of the negative evaluation to the Department of General Services (DGS), Office of Legal Services, within five (5)

working days of the completion of the evaluation. Upon filing an unsatisfactory evaluation with the DGS, CalRecycle shall notify and send a copy of the evaluation to the Contractor within fifteen days. The Contractor shall have thirty days to prepare and send a written response to CalRecycle and the DGS. CalRecycle and the DGS shall file the Contractor's statement with the evaluation. (PCC §10369).

6. CONFIDENTIALITY/PUBLIC RECORDS: The Contractor and CalRecycle understand that each party may come into possession of information and/or data, which may be deemed confidential or proprietary by the person or organization furnishing the information or data. Such information or data may be subject to disclosure under the California Public Records Act, commencing with GC § 6250, or the PCC. CalRecycle agrees not to disclose such information or data furnished by Contractor and to maintain such information or data as confidential when so designated by Contractor in writing at the time it is furnished to CalRecycle, only to the extent that such information or data is exempt from disclosure under the California Public Records Act and the PCC.
7. CONFLICT-FUTURE BIDDING LIMITATION: Pursuant to Public Contracts Code Section 10365.5:
 - (a) No person, firm, or subsidiary therefore who has been awarded a consulting services contract may submit a bid for, nor be awarded a contract for, the provision of services, procurement of goods or supplies, or any other related action that is required, suggested, or otherwise deemed appropriate in the end product of the consulting services contract.
 - (b) Subdivision (a) does not apply to any person, firm, or subsidiary thereof who is awarded a subcontract of a consulting services contract that amounts to no more than ten (10) percent of the total monetary value of the consulting services contract.
 - (c) Subdivisions (a) and (b) do not apply to consulting services contracts subject to Chapter 10 (commencing with Section 4525) of Division 5 of Title 1 of the Government Code.
8. CONSULTING SERVICES: If this Agreement is for consulting services, the Contractor is hereby advised of its duties, obligations and rights under PCC §§10335 through 10381.
9. COPYRIGHTS AND TRADEMARKS: The Contractor shall assign to CalRecycle any and all rights, title and interests to any copyrightable material or trademarkable material created or developed in whole or in any part as a result of this Agreement, including the right to register for copyright or trademark of such materials. The Contractor shall require that its subcontractors agree that all such materials shall be the property of CalRecycle. Such title will include exclusive copyrights and trademarks in the name of CalRecycle.

For contracts of \$5,000 or more, any document or written report prepared for or under the direction of CalRecycle, shall include a notation on the inside cover as follows:

"Prepared as part of CalRecycle contract number DRR20080, Total Contract Amount \$200,000.00, pursuant to Government Code Section 7550."
10. DELIVERABLES: All documents and/or reports drafted for publication by or for CalRecycle in accordance with this contract shall adhere to CalRecycle's Contractor Publications Guide at www.calrecycle.ca.gov/Contracts/PubGuide/ and shall be reviewed by CalRecycle's Contract Manager in consultation with CalRecycle editor.

11. ENTIRE AGREEMENT: This Agreement supersedes all prior agreements, oral or written, made with respect to the subject hereof and, together with the Attachments and/or Exhibits hereto, contains the entire Agreement of the parties.
12. ENVIRONMENTAL JUSTICE: In the performance of this Agreement, the Contractor shall conduct its programs, policies, and activities that substantially affect human health or the environment in a manner that ensures the fair treatment of people of all races, cultures, and income levels, including minority populations and low income populations of the State. (Government Code Section 65040.12(e)).
13. FORCE MAJEURE: Neither CalRecycle nor the Contractor, including the Contractor's subcontractor(s), if any, will be responsible hereunder for any delay, default or nonperformance of this Agreement, to the extent that such delay, default or nonperformance is caused by an act of God, weather, accident, labor strike, fire, explosion, riot, war, rebellion, sabotage, or flood, or any other cause beyond the reasonable control of such party.
14. GRATUITIES: CalRecycle may terminate this Agreement if gratuities were offered or given by the Contractor, or any agent or representative of the Contractor, to any employee of CalRecycle, with a view toward securing a contract or securing favorable treatment with respect to awarding or amending or making a determination with respect to performance of this Agreement.
15. IMPRACTICABILITY OF PERFORMANCE: This Agreement may be suspended or cancelled, without notice at the option of the Contractor, if the Contractor's or CalRecycle premises or equipment is destroyed by fire or other catastrophe, or so substantially damaged that it is impractical to continue service or in the event the Contractor is unable to render service as a result of any action by any governmental authority.
16. INSURANCE: When required, the Contractor must provide: 1) a Certificate of Insurance insuring CalRecycle, and/or 2) verification of Worker's Compensation insurance. The Contractor must provide said Certificate of Insurance and/or verification to CalRecycle within ten (10) days after notification of CalRecycle's intent to award the Agreement. The Agreement will not be executed nor can work begin unless said Certificate of Insurance and/or verification is provided to CalRecycle.

The Certificate of Insurance must be in effect and shall include the following terms and conditions:

- (a) CalRecycle, its officers, agents, employees, and servants shall be included as additional insured.
- (b) The dates of inception and expiration of coverage shall be specified.
- (c) A minimum liability coverage of not less than \$1,000,000 per occurrence for bodily injury and property damage liability combined shall be specified. The coverage shall not include a deductible feature.
- (d) The insurer will not cancel the insured's coverage without thirty days prior written notice to CalRecycle.
- (e) CalRecycle is not liable for the payment of premiums or assessments on said policy.
- (f) The insurance coverage shall be on an occurrence basis only.

In the event the Certificate of Insurance should expire or be cancelled during the term of this Agreement, the Contractor agrees to provide, at least thirty days prior to said expiration or cancellation, a new Certificate of Insurance evidencing coverage, as provided for herein, for not less than one (1) year or for the remainder of the contractual agreement, whichever is greater. In the event the Contractor fails to keep in effect at all times insurance coverage as herein provided, CalRecycle may, in addition to any other remedies it may have, terminate this Agreement upon occurrence of such event.

17. LIABILITY FOR NONCONFORMING WORK: The Contractor will be fully responsible for ensuring the completed work conforms to the agreed upon terms. If nonconformity is discovered prior to the Contractor's deadline, the Contractor will be given a reasonable opportunity to cure the nonconformity. If the nonconformity is discovered after the deadline for the completion of the project, CalRecycle, in its sole discretion, may use any reasonable means to cure the nonconformity. The Contractor shall be responsible for reimbursing CalRecycle for any additional expenses incurred to cure such defects.

18. LICENSE OR PERMITS: The Contractor shall be an individual or firm licensed to do business in California and shall obtain at his/her expense all license(s) and permit(s) required by law for accomplishing any work required in connection with this Agreement.

In the event the Contractor fails to keep in effect at all times all required license(s) and permit(s), CalRecycle may, in addition to other remedies it may have, terminate this Agreement upon occurrence of such event.

19. LIQUIDATED DAMAGES: It is the intent of this Contract that individual projects proceed in an uninterrupted manner from the date of commencement until all work contemplated in the Contract/Work Order has been completed. The Contract/Work Order authorized by CalRecycle Staff and accepted by the Contractor shall include the number of days authorized to complete the project. All parties to the Contract agree that CalRecycle will sustain damage for any day on which the Contractor arbitrarily suspends operations or fails to prosecute the work. It is and will be impracticable and extremely difficult to ascertain and determine the actual damage which CalRecycle will sustain in the event of and by reason of such delay; and it is therefore agreed that the Contractor will pay to CalRecycle the sum of \$1,000 for each day on which the Contractor fails to perform work in accordance with the approved schedule without the approval of CalRecycle staff. The Contractor agrees to pay said liquidated damages herein provided for, and further agrees that CalRecycle may deduct the amount thereof from any moneys due or that may become due the Contractor under the Contract. The Contractor shall not be assessed liquidated damages when the delay in completing the project is caused by the state.

20. ORDER OF PRECEDENCE: In the event of conflict or inconsistency between the articles, exhibits, attachments, specifications or provisions that constitute this Agreement, the following order of precedence shall apply: STD 213; GTC 04/2017 - General Terms and Conditions (incorporated by reference); Exhibit A – Scope of Work; Exhibit B – Budget Detail and Payment Provisions; Exhibit D – Special Terms and Conditions; Other exhibits in alphabetical order, beginning with E; Attachments in numerical order, beginning with 1.

21. OWNERSHIP OF DRAWINGS, PLANS AND SPECIFICATIONS: CalRecycle will have separate and independent ownership of all drawings, design plans, specifications, notebooks, tracings, photographs, negatives, reports, findings, recommendations, data and memoranda of every description or any part thereof, prepared under this Agreement. The

originals and all copies thereof will be delivered to CalRecycle upon request. CalRecycle will have the full right to use said originals and copies in any manner when and where it may determine without any claim on the part of the Contractor, its vendors or subcontractors to additional compensation.

22. **PATENTS**: The Contractor assigns to CalRecycle all rights, title, and interest in and to each invention or discovery that may be capable of being patented, that is conceived of or first actually reduced to practice in the course of or under this Agreement.
23. **PUBLICITY AND ACKNOWLEDGEMENT**: The Contractor agrees that it will acknowledge CalRecycle's support whenever projects funded, in whole or in part, by this Agreement are publicized in any news media, brochures, or other type of promotional material.
24. **RECYCLED-CONTENT PRODUCT PURCHASING**: In the performance of this Agreement, the Contractor shall purchase used and/or recycled-content products as set forth on the back of the Recycled-Content Certification Form (Exhibit D, Attachment 1). For assistance in locating recycled-content products, please search the recycled-content product database available at: www.calrecycle.ca.gov/rcpm. If after searching the database, contractors are unable to find the recycled-content products they are looking for, please notify CalRecycle's Contract Manager. All recycled content products purchased or charged/billed to CalRecycle that are printed upon such as promotional items, publications, written materials, and other educational brochures shall have both the total recycled content (TRC) and the post-consumer (PC) content clearly printed on them.

In addition, any written documents such as, publications, letters, brochures, and/or reports shall be printed double-sided on 100% post-consumer (PC) paper. Specific pages containing full-color photographs or other ink-intensive graphics may be printed on photographic paper. The paper should identify the post-consumer recycled content of the paper (i.e., "printed on 100% post-consumer paper"). When applicable, the Contractor shall provide the Contract Manager with an electronic copy of the document and/or report for CalRecycle's uses. When appropriate, only an electronic copy of the document and/or report shall be submitted and no hard copy shall be provided.

25. **REMEDIES**: Unless otherwise expressly provided herein, the rights and remedies hereunder are in addition to, and not in limitation of, other rights and remedies under the Agreement, at law or in equity, and exercise of one right or remedy will not be deemed a waiver of any other right or remedy.
26. **SETTLEMENT OF DISPUTES**: In the event of a dispute, the Contractor shall file a "Notice of Dispute" with CalRecycle's Director or his/her designee with ten (10) days of discovery of the problem. Within ten (10) days, the Director or his/her designee shall meet with the Contractor and CalRecycle Project Manager for the purpose of solving the dispute.
27. **STOP WORK NOTICE**: Immediately, upon receiving a written notice to stop work, the Contractor shall cease all work under this Agreement.
28. **SUBCONTRACTORS**: All Subcontractors previously identified in the bid/proposal submitted are considered to be acceptable to CalRecycle. Any change or addition of Subcontractors will be subject to the prior written approval of the Contract Manager or the Director or his/her designee. Upon termination of any Subcontract, the Contractor shall notify the Contract Manager or the Executive Director immediately. If CalRecycle or the Contractor determines

that the level of expertise or the services required are beyond that provided by the Contractor or its routine Subcontractors, The Contractor will be required to employ additional Subcontractors. Nothing contained in this Agreement or otherwise, shall create any contractual relation between CalRecycle and any Subcontractors, and no Subcontract shall relieve the Contractor of its responsibilities and obligations hereunder. The Contractor agrees to be as fully responsible to CalRecycle for the acts and omissions of its Subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the Contractor. The Contractor's obligation to pay its Subcontractors is an independent obligation from CalRecycle obligation to make payments to the Contractor. As a result, CalRecycle shall have no obligation to pay or to enforce the payment of any moneys to any Subcontractor.

29. SUCCESSORS: The provisions of this Agreement will be binding upon and inure to the benefit of CalRecycle, the Contractor, and their respective successors.
30. TERMINATION: CalRecycle shall have the right to terminate this Agreement at its sole discretion at any time upon thirty days written notice given to the Contractor. In the case of early termination, a final payment will be made to the Contractor upon approval by the Contract Manager of a financial report, invoices for costs incurred to date of termination and a written report describing all work performed by the Contractor to date of termination.
31. UNRELIABLE LIST: Prior to authorizing a Subcontractor(s) to commence work under this Agreement, the Contractor shall submit to CalRecycle a declaration from the Subcontractor(s), signed under penalty of perjury, stating that within the preceding three years, none of the events listed in Section 17050 of Title 14, California Code of Regulations, Natural Resources, Division 7, have occurred with respect to the subcontractor(s).

Placement of Contractor on CalRecycle Unreliable List anytime after award of this Agreement may be grounds for termination of Agreement. If a Subcontractor is placed on CalRecycle Unreliable List after award of this Agreement, the Contractor may be required to terminate the Subcontract.

32. WASTE REDUCTION: In the performance of this Agreement, the Contractor shall take all reasonable steps to ensure that materials purchased or consumed in the course of the project are utilized both effectively and efficiently to minimize the generation of waste. The steps should include, but not necessarily be limited to, the use of reusable products, the use of recyclable and compostable products, discretion in the amount of materials used, the provision of alternatives to disposal for materials consumed, and the practice of other waste reduction measures where feasible and appropriate.
33. WORK AUTHORIZATION: If this Agreement is for services as needed, or has clearly specified sub-categories a work authorization will be required before work can begin pursuant to this Agreement. The Contract Manger will make this determination, when work authorizations are required, the Contract Manager will prepare a work authorization for each item of work. Each work authorization, as appropriate, will consist of a detailed statement of the purpose, objectives or goals to be undertaken by the Contractor, identification of the Contractor/subcontractor team, all significant material to be developed and delivered by the Contractor, all materials to be furnished by CalRecycle to the Contractor, the Contractor's estimated time schedule and person hours, billing rates and total cost of the work authorization.

- (a) All work authorizations will be in writing, negotiated and approved by the Contract Manager and the Contractor's Project Director prior to beginning work. However, in situations where expedience is of the utmost importance, the Contract Manager may verbally authorize the Contractor to begin work following up with written authorization.
- (b) The level of effort required for each work authorization will vary for each proposed project. Therefore, the Contract Manager will establish the time lines for completion of duties to be performed at the time of assignment.
- (c) CalRecycle reserves the right to require the Contractor to stop or suspend work on any work authorization. The Contract Manager will provide, in writing to Contractor's Project Director, notice of the date work is to be halted or suspended. Approved costs incurred to that date shall be reimbursed in accordance with this Agreement's provision.
- (d) Each work authorization will be numbered sequentially.
- (e) The actual costs of a completed, approved work authorization will not exceed the authorized amount, except if, in the performance of the work, the Contractor determines that the actual cost will exceed the estimated costs; the Contractor will immediately notify the Contract Manager. Upon such notification, the Contract Manager may:
 - 1. Alter the scope of the work authorization to accomplish the work within the estimated costs; or
 - 2. Augment the work authorization budget; or
 - 3. Authorize the Contractor to complete the work for the actual costs; or
 - 4. Terminate the work authorization.

Prior to exceeding the approved budget, approval must be secured in writing from the Contract Manager and the work authorization must be modified to reflect the change. If the problem occurs because the Contractor is in fault, the Contractor will absorb the additional costs.

Postconsumer material comes from products that were bought by consumers, used, and then recycled. For example: a newspaper that has been purchased and read, next recycled, and then used to make another product would be postconsumer material.

If the product does not fit into any of the product categories, enter "N/A." Common N/A products include wood products, natural textiles, aggregate, concrete, electronics such as computers, TV, software on a disk or CD, telephone

1. Product category refers to one of the product categories listed below, into which the reportable purchase falls. For products made from multiple materials, choose the category that comprises most of the product by weight, or volume.

Note: For reused or refurbished products, there is no minimum content requirement.
