

## First Annual Recycled Product Trade Show

---

May 10, 2000

Sacramento Convention Center

The CIWMB's first annual Recycled Product Trade Show was a great success! The event was a unique opportunity for both product suppliers and state and local government staff to meet and discuss recycled-content products. Exhibitors had an audience of more than 2,000 curious buyers who were eager to learn about the wide variety of quality, cost-effective, recycled-content products.
