

## Environmentally Preferable and Recycled Product Trade Shows

### 6th Annual Recycled Product Trade Show

---

**April 6-7, 2005**  
**Ontario Convention Center**

The 2005 show was a great success and featured 106 booths, numerous vehicle displays, workshops, presentations, and prize drawings. The event highlighted transportation products and services, and the Board scheduled the show to coincide with its 6th Waste Tire Management Conference, giving attendees a double dose of environmentally friendly, waste-cutting perspectives.
