

Date: Friday, May 22, 2019

To: Local Enforcement Agencies and Solid Waste Facility Operators

Upcoming Public Workshop: SB 1383 Revised Draft Regulations June 18, 2019
(Diamond Bar, California)

CalRecycle will present a new revised draft of the SB 1383 Short-Lived Climate Pollutants regulations at a public workshop on June 18, 2019 in Diamond Bar, California. This workshop will also be webcast. The 15-day formal public comment period will begin the following day and run from June 19 – July 3.

The text of the revised regulation will be posted at the [Short-Lived Climate Pollutants \(SLCP\): Organic Waste Methane Emissions Reductions Information Page](#) prior to June 18th. A notice will be sent out when the language is available.

Public Workshop

June 18, 2019

12:30 PM – 3:00 PM

South Coast Air Quality Management District
Conference Center Auditorium
21865 Copley Drive
Diamond Bar, CA 91765

Webcast Information – *A link will be provided prior to the presentation.*

Online participants may submit questions and comments may be submitted during the webcast to SLCP@calrecycle.ca.gov. Please note that comments must be submitted during the 15-day comment period to be considered as a part of the rulemaking record.

15-Day Formal Comment Period: June 19, 2019 – July 3, 2019

Comments must be submitted by 5 PM July 3, 2019. Comments germane to the regulatory revisions contained in the updated text will be entered in to the record and considered.

Comments may be submitted via e-mail to: SLCP.Organics@calrecycle.ca.gov.

Comments may also be submitted to:
