AB 901 Recycling and Disposal Reporting System (RDRS) Regulations Information

AB 901 Recycling and Disposal Reporting System (RDRS) regulations, Title 14, California Code of Regulations, Division 7, Chapter 9, Article 9.25, Section 18815.1 *et seq* became effective on March 3, 2019. Included in these new regulations are additional record keeping and reporting requirements for solid waste facilities. A summary of the changes of the solid waste facilities requirements are attached for your reference. CalRecycle updated the applicable inspection report forms to include these changes which will be available starting July 1, 2019. Compliance issues associated with the new requirements can be included in the applicable regulatory section or comments portion of the inspection report form.

Please note that Recycling and Disposal Reporting System registration information has been sent to solid waste facility owners and operators. See attached letter. Facility owners and operators can register and obtain RDRS access, at the [Recycling and Disposal Reporting System \(RDRS\) Information page](#).

The CalRecycle RDRS team continues to conduct training and outreach related to the reporting. Details will be sent out via the RDRS@CalRecycle.ca.gov listserv. If your facility owners and operators have questions, it is suggested that they contact the RDRS team at RDRS@calrecycle.ca.gov, (916) 341-6777. They can also [subscribe to the listserv](#).

Thank you.

This announcement is being sent on behalf of the Permitting and Assistance Branch, CalRecycle.

Business, Facility, or Operation Manager

Your business, facility, or operation may be required to register and report to comply with recently enacted regulations: Title 14, California Code of Regulations, sections 18815.1 through 18815.13 (14 CCR § 18815.1-18815.13).

If your business operates as a food waste self-hauler, contract hauler, transfer station, material processor, material recovery facility, disposal facility, recycler, composter, broker, transporter, and/or exporter, you may be required to register and report pursuant to the newly enacted Recycling and Disposal Reporting System (RDRS) regulations (14 CCR § 18815.1-18815.13). Reporting entities currently in operation must register electronically in the RDRS by April 30, 2019. Entities with a reporting obligation must submit quarterly information electronically to the RDRS on the types, quantities, and destinations of materials that are disposed of, sold, or transferred inside or outside of the state pursuant to Public Resources Code section 41821.5. Failure to register by this deadline, or to submit accurate quarterly reports, may result in a violation(s) subject to penalties. The first reporting period pursuant to the new regulations will commence on July 1, 2019.

To determine whether or not your business, facility, or operation is required to report, please review the regulations (14 CCR § 18815.1-18815.13). They can be found online at:
