

Enforcement Advisory Council
Solid Waste Management through Partnership

July 14, 2020

Dear Solid Waste Professionals:

As Chair of the Enforcement Advisory Council (EAC), I would like to formally invite the submittal of nominations for the **2019 Ralph Hunter Memorial Award**. All applications must be received by November 13, 2020.

The EAC has the great honor of presenting this award each year to recognize the hard work, dedication, and achievement of an individual who has made a distinctive impact on Local Enforcement Agency (LEA) programs within the State of California.

Specifically, the award seeks to recognize an individual that has enhanced the protection of public health and other environmental health principles in a manner that may include, but is not limited to: developing a special or new solid waste program for public health protection, enhancing professional expertise through educational activities, promoting LEA programs by involvement in local or State committees and/or workgroups, or has made other notable efforts in local permitting and/or solid waste enforcement activities.

If there is a person you would like to nominate for this award, please complete and return the attached nomination form to me by November 13, 2020. The nomination form should be accompanied by sufficient supporting documentation demonstrating the person's achievements related to a Local Enforcement Agency (e.g., cover letter describing achievements, letters of recognition, copies of awards, etc.). *Please note that the Awards Committee also considers the completeness of the nomination application in its award decision.*

For further details on the Ralph Hunter Memorial Award, please visit the EAC webpage, which is located on the CalRecycle website: <https://www.calrecycle.ca.gov/LEA/HunterAward/>. If you have any further questions, please feel free to contact me at (858) 692-0895 or by email at mike.condon@sdcounty.ca.gov.

Sincerely,

Michael Condon, Chair
Enforcement Advisory Council
