GRANT MANAGEMENT SYSTEM (GMS)

GMS is CalRecycle's web-based grant application and grant management system. Access to GMS is secure; grantees must log in using a WebPass. WebPass accounts are tied to a specific email address. If an email address changes, or if it becomes inactive, the grantee must create a new WebPass account to continue accessing GMS. Establish or manage a WebPass at [CalRecycle's WebPass page](https://secure.calrecycle.ca.gov/WebPass) (<https://secure.calrecycle.ca.gov/WebPass/>).

Accessing the grant

Grantees must [log into GMS](https://secure.calrecycle.ca.gov/Grants) (<https://secure.calrecycle.ca.gov/Grants>) using their web pass. After login, locate the grant in the **My Awarded/Open Grants** table and select the **Grant Management** button. The **Grant Management Module** includes the following sections:

- **Summary tab** – shows approved budget, paid and remaining amounts. (This section is available to the grantee in read-only mode.)
- **Payment Request tab** – requests reimbursement.
- **Reports tab** – uploads required reports.

- **Documents tab** – uploads other grant documents that are not considered supporting documents to a payment request or a report. This section also provides access to documents that were uploaded within other sections of GMS.
- **Sites tab** – lists approved project sites.

Follow the instructions in GMS to work in the system. Use the information in the following sections to determine what reports, transactions, and supporting documents are required.

Contact Updates

Access to the grant is limited to those listed in the **Contacts** tab of the **Application Module** with the access check box marked. A contact may be listed but not granted access by not checking the box. Please note, if a contact is granted access to a grant they will be able to edit contacts, submit payment requests, upload reports, and view all documents. Those with access may update contact information for all contact types except Signature Authority. Email the assigned Grant Manager regarding any changes to Signature Authority information.

PRIOR TO COMMENCING WORK

Prior to commencing work under this grant, the grantee's Grant Manager or primary contact and authorized grant Signature Authority should review the Terms and Conditions (Exhibit A) and the Procedures and Requirements (Exhibit B) to identify key grant administrative requirements. Evaluation of the grantee's compliance with these requirements is a major focus of grant audits.

Reliable Contractor Declaration

Prior to authorizing a contractor(s) to commence work under this grant, the grantee shall submit to the Grant Manager a declaration from the contractor(s), signed under penalty of perjury, stating that within the preceding three (3) years, none of the events listed in [Section 17050 of Title 14](#), California Code of Regulations, Natural Resources, Division 7, has occurred with respect to the contractor(s) and the subcontractor(s), respectively.

If a (sub) contractor is placed on the CalRecycle Unreliable List after award of this grant, the grantee may be required to terminate that contract. Obtain the Reliable Contractor Declaration form (CalRecycle 168) from [CalRecycle's form web page](http://www.calrecycle.ca.gov/Funding/Forms) (www.calrecycle.ca.gov/Funding/Forms).

A scanned copy of the signed Reliable Contractor Declaration form must be uploaded in GMS. To upload the form:

1. Go to the **Reports** tab.
2. Click on **Reliable Contractor Declaration** under **Report Type**.
3. Click the **Add Document** button.
4. Select Reliable Contractor Declaration in the **Document Type** drop down box, enter a document title, click the **Browse** button to search and upload the document, and then **Save**.
5. Click on the **Submit Report** button.

For further instructions regarding GMS, including login directions, see the section above titled Grant Management System.

HHW Facilities on Private Property

Jurisdictions that want to establish permanent facilities or expand existing facilities on private property or non-government owned property must prove they have a legally binding long- term commitment. This commitment must be throughout the life of the facility and between the company/private landowner and the jurisdiction that will require the facility to be operated with an emphasis on promoting the public interest similar to the activity described in this grant application. The application must clearly state the ownership and/or leasehold interests. A copy of any agreement between the Applicant and private owner must be described and made available to CalRecycle upon request. The following documentation and pre-approval is required if an applicant is planning to purchase or lease buildings for any part of their submitted project:

1. Applicant demonstrates that this is the most cost-effective means of developing an HHW facility;
2. Any lease meets the requirements for developing a permanent facility on privately owned property (e.g., long-term lease evidencing commitment to utilize facility for purpose set forth in grant; commitment to public access; commitment to utilize facility as described in the application for life of facility), and
3. Any purchase or lease of a building is pre-approved in writing by the CalRecycle Grant Manager.

GRANT TERM

The Grant Term begins on the date indicated in the Notice to Proceed (NTP). The Grant Term ends on March 27, 2020. This is also the date the Final Report and final Payment Request are due to CalRecycle.

Grant-eligible program expenditures may start no earlier than the date indicated in the NTP. Eligible program costs must be incurred no later than March 27, 2020.

CalRecycle recommends reserving the period from March 1, 2020 to March 27, 2020 exclusively for the preparation of the Final Report and final Payment Request, though they may be completed earlier. **Costs incurred to prepare the Final Report and final Payment Request are only eligible for reimbursement during the Grant Term.**

ELIGIBLE COSTS

All grant expenditures must be for activities, products, and costs specifically included in the approved Work Plan and approved Budget. To be eligible for reimbursement, costs must be incurred after receiving a NTP and before the end of the Grant Term. All services must be provided and goods received during this period in order to be eligible costs. Invoices for goods and services must be paid by the grantee prior to the inclusion of those goods or services on a payment request.

Any proposed revision(s) to the Work Plan and/or Budget must be submitted in writing and pre-approved in writing by the Grant Manager prior to grantee incurring the proposed expenditure. The approval document should be retained by the grantee for

audit purposes. See Audit Record/Access section of the Terms and Conditions (Exhibit A).

Eligible costs are limited to the following:

- Construction costs for a new and existing Permanent Household Hazardous Waste Collection Facility or Recycle-Only Household Hazardous Waste Collection Facility and the construction related HHW equipment necessary to provide new and expanded programs and services, operation efficiency, capacity, and collection.
- New construction related signage, construction related personnel, grant administration, and publicity and education (not to exceed 10 percent of grant award; see section below on publicity and education requirements).
- Certain costs associated with indirect costs as indicated in the Indirect Cost section of the Procedures and Requirements. (Indirect costs are not to exceed 10 percent of reimbursed costs.)

INELIGIBLE COSTS

Any costs not specifically included in the approved Budget and not directly related to HHW and the approved grant project are ineligible for reimbursement. Contact the Grant Manager if clarification is needed. Ineligible costs include, but are not limited to:

- Costs incurred prior to the date of the NTP letter or after March 27, 2020.
- Any costs, such as equipment, maintenance, repairs, tools, supplies or services not related to the construction project.
- Costs for planning or design of HHW facilities.
- Costs to maintain an existing HHW program.

- Personal electronic devices.
- Fines or penalties due to violation of federal, state or local laws, ordinances or regulations.
- Honoraria, stipends, prizes, royalties, etc.
- Management, handling, disposal, or treatment of radioactive, explosives, medical wastes, and other HHW materials.
- Personnel costs not related to the project.
- Promotion of either brand-name product(s) or private businesses with grant funds.

- Purchase or lease of vehicles and/or mobile trailers.
- Travel costs exceeding the state-approved rates for mileage, per diem, lodging, etc.
- Costs deemed unreasonable or not related to the grant project by the Grant Manager.

INDIRECT COSTS

Indirect costs can be claimed by the Grantee. The following guidelines must be used when claiming these costs.

- The total amount of indirect costs charged to the grant shall not exceed 10 percent of the grant funds reimbursed. These costs are expenditures not capable of being assigned or not readily itemized to a particular project or activity, but considered necessary for the operation of the organization and the performance of the program. The costs of operating and maintaining facilities, accounting services, and administrative salaries as well as contractor's indirect costs in their contracts, are examples of indirect costs. All indirect costs charged to the grant must be associated with grant activities as shown in the approved Budget.
- Direct costs charged directly to the grant shall not be included in the indirect cost formula. Supervision performed by managers and supervisors can be included in the indirect cost formula, and therefore, will not be a direct charge to the grant. On the other hand, if a manager or supervisor performs an activity that is directly related to the execution of the grant (not supervision), costs associated with this activity may be included as a direct charge. Such activity must be clearly supported by appropriate documentation and shall not be charged to the grant as indirect cost.
- The Grantee must maintain organized and accurate records that follow generally accepted accounting principles and leave an audit trail. The Grantee must provide access to all documents related to the grant program and fiscal operation of the grant program as deemed necessary by CalRecycle.

If you are uncertain whether a given cost is considered an indirect cost, contact the Grant Manager.

ACKNOWLEDGEMENTS: The grantee shall acknowledge CalRecycle's support each time projects funded, in whole or in part, by this Agreement are publicized in any medium, including news media, brochures, or other types of promotional materials. The acknowledgement of CalRecycle's support must incorporate the CalRecycle logo. Initials or abbreviations for CalRecycle shall not be used. The Grant Manager may approve deviation from this requirement on a case-by-case basis where such deviation is consistent with CalRecycle's Communication Strategy and Outreach Plan.

Publicity and Education

Publicity and education costs shall not exceed 10 percent of the total grant awarded.

The following publicity-related materials and items require pre-approval from the CalRecycle Grant Manager prior to incurring the expense. Public service announcements require acknowledgements to CalRecycle that include publicity and education and outreach such as but not limited to the following:

- All television, radio and video scripts
- Functional premiums, if the per unit price is greater than \$6.00
- Advertisements
- CDs and DVDs of audio and/or visual material
- Brochures
- Pamphlets
- Other outreach

All publicity and education materials must include the following:

1. “Funded by a grant from CalRecycle.” Exception: The acknowledgement line is not required on small items where space constraints would not allow for this line or if it would interfere with the message.
 - There are two acceptable Spanish translations: “Financiado por una beca del CalRecycle” or “Patrocinado por fondos del CalRecycle.” For other languages, the Grantee must work with a certified translator or person fluent in reading and writing that language. All exceptions must be pre-approved in writing by the CalRecycle Grant Manager.
2. CalRecycle logo - as reflected on the CalRecycle website:
<http://www.calrecycle.ca.gov/Gallery/Logos/> can be obtained from the Office of Public Affairs at opa@calrecycle.ca.gov.
3. A list of HHW collection sites within the targeted community with a local telephone number or website to obtain further information on local collection centers. (Use the 1-800-CLEANUP number or [earth911 website](http://search.earth911.com/) (<http://search.earth911.com/>) if your jurisdiction does not maintain its own 24-hour hotline.)
4. Press Releases – the only requirement is to place the name of “CalRecycle” as an acknowledgement in the body of the release.

Graphics

[HHW-related graphics](http://www.calrecycle.ca.gov/UsedOil/Graphics/HHWArt/) (<http://www.calrecycle.ca.gov/UsedOil/Graphics/HHWArt/>) are available for use. For large equipment, a [CalRecycle bumper sticker](http://www.calrecycle.ca.gov/UsedOil/Graphics/#Bumper) (<http://www.calrecycle.ca.gov/UsedOil/Graphics/#Bumper>) “Equipment funded by a grant from CalRecycle,” is available and is required to be affixed to all large pieces of equipment purchased with grant funds. These can be requested from your grant manager when available. When submitting the Final Report, a photograph of this equipment should include the affixed sticker.

Signage

Completed HHW facility construction projects shall include a sign that acknowledges that the project was funded by a grant from CalRecycle and includes the CalRecycle Logo. The acknowledgement must specify the following: “Funded by a grant from CalRecycle.” The signage must be visible from the public entrance. Prior to incurring the expense and before the end of the Grant Term, the grantee must obtain written pre-approval on size, cost, placement, and design of the signage from the CalRecycle Grant Manager. HHW Facility construction and expansion projects are encouraged to include the cost of a permanent sign in their grant budget. The grantee must request an exemption in writing and receive written pre-approval from the Grant Manager.

Retention of Public Education

For audit purposes, grantees are required to retain samples of all publicity and education materials for three years AFTER the close of the Grant Term, or a longer period if warranted to resolve any issues with this grant. (See Audit/Records Access Section in Terms and Conditions, Exhibit A.)

REPORTING REQUIREMENTS

Two Progress Reports and a Final Report are required by this Agreement; however, the Grant Manager may request a Progress Report at any time during the Grant Term. Failure to submit the Final Report with appropriate documentation by the due date may
