ELIGIBLE APPLICANTS
California Labor Code section 1782 prohibits a charter city from receiving state funding or financial assistance for construction projects if that charter city does not comply with Labor Code sections 1770-1782. If any applicants or participating jurisdictions are charter cities or joint powers authorities that include charter cities, the lead participating jurisdiction must certify on the Detail tab of the application that Labor Code section 1782 does not prohibit any included charter city from receiving state funds for the project described in this application. If it is determined after award that an applicant or participating jurisdiction is a charter city prohibited from receiving state funds for this grant project, the grant will be terminated and any disbursed grant funds shall be returned to CalRecycle.

Only one application per qualifying entity will be accepted. Eligible applicants may submit an individual or regional application. One entity must be identified as the lead applicant to act on behalf of itself and its participating jurisdictions. The grants are available to:

- California cities, counties, Joint Powers Authorities, and Special Districts (e.g., recreational park districts).
- Public colleges and universities and public K-12 school districts.
- Non-profit organizations (except private schools K-12) registered with the federal government under 501(c)3, (c)4, (c)6, or (c)10 of the Internal Revenue Code.
- Qualifying Indian Tribes. A “Qualifying Indian Tribe” is defined as an Indian tribe, band, nation or other organized group or community, residing within the borders of California, which:
  1. Is recognized for special programs and services provided by the United States to Indians because of the status of its members as Indians; or
  2. Can establish that it is a government entity and which meets the criteria of the grant program.

Note: Applicants that were awarded in the last two fiscal years (FY 2017–18 and FY 2016–17) from the eligible applicant pool (with the exception of local governments that are selected and approved for the Pilot Program) will be excluded.

- To find a listing of previous grant awards please use the [Grants by Grant Cycle report](#).

Local governments that are selected and approved for the Pilot Program will not be ineligible based on previous grant awards. Local governments that applied but are not selected and approved for the Pilot Program will become ineligible if they were awarded grants in the last two fiscal years.

REGIONAL APPLICATION REQUIREMENTS
Local governments may join together in a regional grant application in which two or more eligible jurisdictions join together for the purpose of grant implementation. A Regional Lead Participant (Lead) must be designated to act on behalf of all participating jurisdictions. The Lead is the applicant/grantee who will be responsible for the performance of the grant and all required documentation. CalRecycle will direct all official correspondence and grant payments to the Lead. If a jurisdiction is a participant in a regional application, it may not apply individually.
JOINT POWERS AUTHORITY APPLICATION REQUIREMENTS
Joint Powers Authorities (JPA) may submit a grant application as an individual applicant. The JPA must upload a copy of its joint powers agreement listing all member entities, containing the signature of all members, and giving the JPA authority over solid waste management, recycling, or another municipal function inclusive of the grant project. An entity may not submit an individual application if that entity is also a member of an applicant JPA.

ELIGIBLE PROJECTS/PRODUCTS
CalRecycle is seeking projects that implement new or enhance existing programs to provide convenient beverage container recycling opportunities in various locations statewide. Eligible projects (with the exception of the Pilot Program) must be an ongoing collection program and may be at the following locations:

- Public colleges/universities, non-profit colleges/universities, and public K-12 school districts.
- Curbside Residential Program locations (excluding single stream).
- Parks/recreational areas.
- Pilot Program projects may be at any residential, commercial, or public locations that meet the conditions to operate as a Pilot Program.

Ongoing (with the exception of the Pilot Program) collection programs may include the following activities as a component of the grant project:
- Temporary Community events (i.e., recycling or collection events sponsored by local jurisdictions, Earth Day events).
- Drop-off, Collection Program, or Community Service Program.
- Collection programs that could be eligible for inclusion in a Pilot Program.
- Education related to beverage container recycling.

Note: Education activities and/or materials (signage, flyers, curriculum, etc.) related to a beverage container recycling project are capped at 25 percent of the total grant award.

AVAILABLE FUNDS
- $1,500,000 is available for this grant cycle, fiscal year 2018–19 and 2019–20, subject to funding availability.
- $75,000 is the minimum available for grant awards.

ENVIRONMENTALLY PREFERABLE PURCHASES AND PRACTICES POLICY REQUIREMENT
Consistent with CalRecycle’s core values, all applicants are required to have or develop, adopt, and implement an Environmentally Preferable Purchasing and Practices (EPPP) Policy for their organizations. To see examples of existing EPPP Policies, visit the Responsible Purchasing Network, Environmentally Preferable Purchasing Laws and Policies and Tools and Resources. Some additional practices that CalRecycle encourages organizations to include in their EPPP Policies include:

• Buildings and Grounds
  o All building and renovations follow the green building practices for design, construction and operation, where appropriate, as described in the Leadership in Energy & Environmental Design Green Building Rating System.
• Continual Improvement
  o Training is provided to new and existing employees.
  o Organization regularly evaluates and/or improves implementation of EPPP policy.

Applicants who have an EPPP Policy in place prior to submitting their application must certify to this fact on the Detail tab in the application. Applicants that do not have an EPPP Policy at the time of application submittal must adopt one by the secondary due date and upload the EPPP Notification to the application.

For more information, visit the EPPP Frequently Asked Questions webpage.

AB 712 Land Use Restriction – Supermarket Site
Public Resources Code section 14583 prohibits CalRecycle from making any payments, grants, or loans to a city, county, or city and county, if the city, county, or city and county has adopted or is enforcing a land use restriction that prevents the siting or operation of a certified recycling center at a supermarket site. Assembly Bill 712 (Chapter 576, Statutes of 2011) enacted on October 8, 2011, and added Public Resources Code section 14583, notwithstanding section 14581, to the California Beverage Container Recycling and Litter Reduction Act.
**QUESTION-AND-ANSWER PROCESS**
Questions regarding the application and its requirements must be in writing and emailed to BevContainerGrants@CalRecycle.ca.gov. Questions must be received by July 30, 2018 or they will not be accepted.

Periodically during the Question and Answer (Q&A) period, Q&As will be posted on the Q&As website. The Q&A website can be accessed from the Notice of Funds Available or from the application. Similar or related questions may be grouped together or re-worded for clarity and responded to as one question. All Q&As will be posted approximately two weeks after the deadline and are subject to updates. It is the applicant’s responsibility to check this website for the latest information.

**PUBLIC RECORDS REQUESTS**
It is the policy of CalRecycle to make records requested by the public promptly available in accordance with the laws governing disclosure of records and information to the public. In general, all records in the possession of a state agency are public records subject to disclosure, unless a law provides that a particular kind of record or information is not a public record or is exempt or prohibited from disclosure. Upon request, the entire contents of your submitted application are subject to public records requests. This may include contact information, project summary, uploaded documents, and scoring information.

APPLICANT’S DOCUMENTS
Below is a list of documents that the applicant is responsible for preparing and uploading to their application. For examples of these documents, please see the Resolution and Letter Examples link found on the Summary Tab under Resource Links.

Resolution
Any applicant that is subject to a governing body must upload a Resolution that authorizes specific grant-related matters. A copy of the authorizing Resolution is a required application document that must be uploaded no later than the secondary due date or the application will be deemed incomplete and will be disqualified. Resolution requirements vary for individual and regional applications. See the Resolution and Letter Examples link for more information. CalRecycle staff are available to answer questions about the Resolution or letter examples, or to review your draft Resolution to ensure it meets the requirements of the grant program. You may upload the Resolution to your application as a Draft Resolution or for immediate review email it to grantassistance@calrecycle.ca.gov.

Note: Some publicly held businesses or private companies with a governing body may submit a Letter of Commitment, see Letter of Commitment section below

Individual Application Requirements:
1. The Resolution must authorize submittal of an application for one or more specifically named CalRecycle grant(s) or for all CalRecycle grants for which the applicant is eligible.
2. The Resolution must identify the period of time, up to five years, during which the authorizations are valid. Five years is encouraged; however, periods of less than five years are acceptable. If a Resolution does not specifically identify a period of time, it will be considered valid for one year from the date of adoption.
3. The Resolution must identify the Signature Authority by listing the job title of the person(s) authorized to sign all grant-related documents necessary to implement and close-out the grant(s).

(Optional but encouraged) The Resolution should authorize the Signature Authority to delegate his/her signature authority to another person identified by job title.

**Note:** The Signature Authority must sign a Letter of Designation *prior* to the Designee’s exercise of his/her authority.

Regional Application Requirements:
1. The Regional Lead Participant (Lead) must submit an approved Resolution that authorizes it to act as a lead for a regional program. This Resolution authorizes submittal of a regional application on behalf of the Lead and specifically named participants, and includes authorization letters from the participating jurisdictions authorizing the Lead to act on their behalf for this cycle.
2. If the Resolution is valid for more than one year, it is highly recommended a) that the list of participants be provided as an attachment rather than embedded in the Resolution, and b) that the Signature Authority be authorized to revise the list as necessary with each subsequent application (this allows a Signature Authority to add or remove participants with each new application without the necessity of obtaining a new Resolution).
3. Participants subject to a governing body must provide a Letter of Authorization to the Lead authorizing the Lead to act on its behalf for this cycle. Letters of Authorizations may be valid for as long as the Lead’s Resolution, not to exceed five years, otherwise must be dated within the last 12 months. Copies of the Letters of Authorization must be uploaded with the application by the secondary due date.

**Joint Powers Agreement**
Joint Powers Authorities (JPA) must upload a copy of its joint powers agreement giving it authority to conduct the project, listing all member entities, and containing the signature of all members. Letters of Authorization are not required for JPA applicants.

**Letter of Commitment**
Applicants that are not subject to a governing body must upload a Letter of Commitment that authorizes specific grant-related matters. Some publicly held businesses or private companies with a governing body may submit a Letter of Commitment under the condition that the signatory is an individual authorized to contractually bind the applicant for the conditions of the grant award. The Letter of Commitment is due by the secondary due date or the application will be deemed incomplete and will be disqualified. The applicant/grantee must maintain the letter with the original signature in the grant file.

Letter of Commitment Requirements:
1. The letter must authorize submittal of the Beverage Container Recycling Grant Program application on behalf of applicant.
2. It must designate the job title of the person authorized to execute all grant documents necessary to secure grant funds and implement the approved grant project (Signature Authority).
3. Optional. The letter may authorize the Signature Authority to delegate this authority.
Letter of Designation
A Letter of Designation is required only when the authorized Signature Authority title identified in the approved Resolution delegates his/her authority to another person. First, the approved Resolution must indicate the Signature Authority’s ability to delegate or designate his/her authority. Second, the letter must be uploaded prior to the Designee’s exercise of his/her authority. For example, if the Designee signs the Application Certification in place of the Signature Authority, the letter must be uploaded when the Application Certification is submitted. The letter must be on the applicant’s letterhead, signed by the Signature Authority, and include the information below.
- Identify the job title of the Designee and the scope of the Designee’s authority.
- Identify the period during which the Designee may exercise the authority. The Designee’s authority may not extend beyond the effective date of the approved Resolution or Letter of Commitment. For example, if the Resolution is effective until December 31, 2018, then the Letter of Designation may not be effective beyond December 31, 2018. If the letter does not identify a valid time period, the letter will follow the same time frame as the Resolution.

Letter of Authorization
For grants that allow for Regional applications, a Letter of Authorization may be used. It is prepared by the Participating Jurisdiction and gives the Lead Participant authorization to apply for and to act on its behalf in the implementation and administration of the grant/program. The Lead must upload the Letter of Authorization no later than the secondary due date or the Participating Jurisdiction(s) will be removed from the application. The Lead Participant must maintain the letter with the original signature in their file. The letter must be on the Participant’s official letterhead, signed by an individual authorized to contractually bind the Participating Jurisdiction, and include the information below.
- The letter may be valid for as long as the Lead’s Resolution, not to exceed five years, otherwise must be dated within the last 12 months.
- It must authorize the Lead to submit a regional application and act as Lead Agency on behalf of the Participating Jurisdiction.
- It must authorize the Lead to execute all documents necessary to implement the grant.
GRANT REVIEW AND AWARD PROCESS

GRANT APPLICATION REVIEW PROCESS
After the close of the application period, CalRecycle staff will review the applications for completeness and eligibility. Only complete applications can be considered for award.

Applicants must receive a minimum score of 39 points in order to be considered for funding. Applicants who are approved for the Pilot Program and receive a passing score for their grant application will be funded first. Applications will be evaluated and scored by a CalRecycle review panel based on the approved Scoring Criteria for the Beverage Container Recycling Grant Program, FYs 2018–19 and 2019–20. The document is located on the Summary tab, in the Resources Document section.

The evaluation committee may suggest modifications to the Budget and/or Work Plan.

GRANT AWARD PROCESS
For qualifying applications, CalRecycle staff will develop funding recommendations for the consideration and approval of CalRecycle’s Director, or their designee; this is tentatively scheduled for January 2019. CalRecycle reserves the right to partially fund or fund individual phases of selected proposals, and CalRecycle may fund an amount less than requested.

CalRecycle reserves the right to not award any grant funds under one or more cycles.

GRANT AWARD CONDITIONS
When awarded, this grant will be subject to two conditions:

1) The recommended grantee must pay all outstanding debts due CalRecycle, or bring current outstanding payments owed to CalRecycle, within 60 days of the date of the award email.

2) The recommended grantee’s Signature Authority (or where delegation is authorized, his or her Designee) must sign and return the Grant Agreement to CalRecycle. The signed Grant Agreement must be received by CalRecycle within 60 days of the date of the award email.

Failure to comply with either condition will void the grant award.
