 (C) Source-separated recyclables (sorted material).....
 (D) Other (describe)
- 7) From what sectors do you collect material?
 (A) Residential.....
 (B) Multi-family.....
 (C) Commercial.....
- 8) What is the percentage of total collected weight for each sector?
 (A) Residential.....
 (B) Multi-family.....
 (C) Commercial.....
- 9) Is the unsorted material stored in more than one location? If YES, where?
 Yes No
- 10) Is the sorted material stored in more than one location? If YES, where?
 Yes No
- 11) Is material from different programs stored together? (Any combination of RC, SP, CP, CS material)
 Yes No

12) Where is your material sorted?

(A) Your Facility.....

(B) Another Certified Processor (PR).....

(C) Certified Recycling Center (RC).....

(D) Material Recovery Facility (MRF).....

(E) Transfer Station.....

(F) Other (describe)

13) Where is the material sorted if not at your facility?

14) Do you maintain weight tickets for each load of material received from all your program types?

Yes No

15) Do you maintain a summary report of all weight tickets for incoming loads?

Yes No

16) Do you maintain a weight ticket for every load of material shipped?

Yes No

17) Can you provide a summary report of all weight tickets for sorted shipped material?

Yes No

18) Do you have a characterization study methodology?

Yes No

19) How often do you perform characterization studies?

(A) Number of times (1-10)

(B) Per Day

(C) Per Week

(D) Per Month

(E) Per Year

(F) Other

(G) Never

20) Does your method use the received (outbound) weight of the material purchased by an entity from you to calculate allocations to the CS, CP, or SP programs?

Yes No

21) Are the characterization study results used to report to other government agencies?

Yes No

22) Please describe your characterization study in detail including the process in completing your shipping reports.
