

HAULER PROFILE

TPID- The Complete TPID (Tire Program Identification Number), including the suffix, needs to be entered. If the hauler does not have a TPID, fill in the bubble above the TPID entry.

Vehicle Plate- Enter the license plate of the vehicle observed, including the correct abbreviation for the state of issuance. You can further describe the type of vehicle, color, make, model, etc. in the comment section.

Decal Number- Enter the complete decal number of the vehicle, if applicable.

Hauler Exempt - Write in if the hauler is an exempt Agricultural, Common Carrier, or Beneficial- Use hauler.

Hauler's Business Name and Address-Include the hauler's business name and address as observed on the hauler's certificate, if registered. (Please print neatly)

Driver's Name-Include the entire name of individual, including middle name, if possible.

D.O.B. – Obtain the date of birth, if possible.

Location of Observation – The location and address of where you observed the hauler.

Tire Load Count- Number of waste and/or used tires (in combination) being carried on/in the vehicle. If other than whole tires, write in the Passenger Tire Equivalency (PTEs) in box and explain in the comment section.

Observation Details- Was the observation during an inspection or site visit at a generator, end-use facility, or other location (if other, write in the location) and enter the TPID of that location, if known. If the observation was of a vehicle driving on a public roadway mark "Observation in Transit".

Observation by- Inspector code number and name.

Observation Date and Time- The date and time when the incident was observed.

Enforcement Status –If a Notice of Violation was issued to the hauler, fill in the bubble and write in a compliance date. If the incident was referred to CalRecycle, Tire Hauler Compliance Section, fill in the bubble.

PART B – HAULING & MANIFESTING REQUIREMENTS

V=Violation

A= Area of Concern

PRC § 42951 – Use to cite unregistered haulers or transporting waste/used tires to an unauthorized location.

PRC § 42952(b) – Use when a hauler is falsely representing himself/herself as a registered waste tire hauler.

PRC § 42956 (a) – Use when a hauler does not have decal affixed to passenger side of the windshield or does not have a registration certificate in the vehicle.

PRC § 42956 (b) – Use when a registered waste tire hauler is using a non-decaled vehicle.

PRC § 42956 (c) – Use when a registered waste tire hauler refuses to provide a CalRecycle Inspector or authorized representative their registration certificate.

14 CCR § 18456.4 – Use to cite haulers for failing to abide by Temporary Registration requirements.

14 CCR § 18459 – Use to cite haulers (registered or exempt) not completing, or not having a completed, manifest in their possession.

Other- Use for any other applicable section of the PRC or 14 CCR not stated above

Comment form- If a comment form accompanies this Observation Form, fill bubble.

Photos – If photos were taken, fill bubble.

Signatures – Both the driver and Inspector sign their name and provide phone numbers.
