July 1, 2019

NOTICE***Please read carefully*****TO: Supermarket Manager****SUBJECT: New Convenience Zone Designation**

This notice, from the Department of Resources Recycling and Recovery, Division of Recycling (Division), is to inform you of your designation as a "supermarket" under our program. Your supermarket is used to designate a new convenience zone (zone). A convenience zone is "the area within a one-half mile radius of a supermarket" (Public Resources Code Section 14509.4(a)). The law requires that a state-certified recycling center be established within this zone.

Your designation as a supermarket is based on the following definition: "A full-line, self-service retail store with gross annual sales of two million dollars (\$2,000,000) or more, and which sells a line of dry grocery, canned goods, or nonfood items and some perishable items. For purposes of determining which stores are supermarkets, the department shall use the annual updates of the Progressive Grocer Marketing Guidebook and any computer printouts developed in conjunction with the guidebook." (Public Resources Code Section 14526.5)

All new convenience zones that do not have a recycling center within a half-mile will be included in the August 2019 exemption review. Convenience zones that have a recycler within a half-mile are indicated on the attached spreadsheet with a bolded supermarket name.

In accordance with Division policy, the newly determined zone established by your supermarket will not be subject to the recycling center provisions until the Division has completed its exemption review process. Written and oral testimony may be submitted for, or against, a zone exemption during the public comment period of 30 days following the notification, which you will receive soon. An exemption eligibility decision should be made by December 2019. Please direct any questions about the exemption process to Kimberly Walton at (916) 322-2582 or Kimberly.Walton@CalRecycle.ca.gov. When contacting the Division, please be prepared to leave a detailed message and provide complete contact information so that we can best serve you.

If the Division determines that the convenience zone created by your supermarket does not qualify for an exemption, you will receive notification that your store entered a 60-day grace period for a recycling center to become operational in your convenience zone. If no recycling center is operational in your convenience zone at the end of the grace period, your store (and other beverage dealers within your zone) will be required to redeem all California Redemption Value beverage containers (CRV) in-store. An optional daily fee may be paid to the Division, which waives the requirement to redeem CRV containers in store. We look forward to assisting you in complying with this requirement of the Beverage Container Recycling and Litter Reduction Act and providing convenient recycling opportunities to your customers.

Sincerely,

Manuel Cacho
Acting Supervisor, Convenience Zone Section
