Re: CalRecycle Determination of Completeness of PaintCare's 2019 California Paint Stewardship Program Annual Report

Dear Jeremy,

The California Department of Resources Recycling and Recovery (CalRecycle) received PaintCare's 2019 California Paint Stewardship Program Annual Report on November 3, 2019. Statute (California Public Resources Code [PRC] Section 48705(a)) requires PaintCare to submit the report on or before November 1 of each year.

California Code of Regulations (CCR) Title 14, Division 7, Chapter 11, Article 2, Section 18952(c)(2) requires CalRecycle to determine if the annual report is complete and notify PaintCare within 30 days of receipt.

Staff reviewed the annual report for completeness pursuant to the requirements in statute (PRC Sections 48700 to 48706) and the CCR (Sections 18950 to 18957) and found PaintCare's Annual Report to be complete.

CalRecycle has 90 days (until February 1, 2020) to review the annual report and overall program for compliance with PRC Sections 48700 to 48706 and 14 CCR Sections 18950 to 18957 and adopt a finding of compliance, non-compliance, or conditional approval. Staff will present an analysis and recommendation regarding program compliance for the director's consideration at CalRecycle's January 21, 2020 monthly public meeting.

CalRecycle requested stakeholder input on the 2019 Annual Report by December 3, 2019, so that comments can be considered during staff's compliance review.
