NOTICE OF POSTPONEMENT - 19th Technical Training Series

California Governor Gavin Newsom in [Executive Order N-25-20](#) proclaimed a State of Emergency on March 12, 2020, and consistent with directives from the City of Long Beach designed to minimize the spread and mitigate the effects of the Coronavirus (COVID-19) outbreak, CalRecycle has decided to postpone the 19th Technical Training Series scheduled for April 6-9, 2020 in Long Beach, CA. Postponing the conference allows members of our communities to focus on supporting their own organizations and communities during this period of disruption and uncertainty.

CalRecycle will send out information when a new date for the Technical Training Series is determined including follow-up information regarding the postponed April 2020 Technical Training Series. For any questions please contact [Permits Training and Assistance staff](#).

You can stay informed of the COVID-19 situation by visiting the federal [Centers for Disease Control and Prevention website](#) and [the California Department of Public Health website](#). Both websites are updated daily with the latest information and advice for the public.

This announcement is being sent on behalf of the Permitting and Assistance Branch, CalRecycle.
