Exhibit B Procedures and Requirements
Food Waste Prevention and Rescue Grant Program
4th Cycle Fiscal Year 2019–20

Copies of these Procedures and Requirements must be shared with both the Finance Department and the staff responsible for implementing the grant activities.

Introduction

The Department of Resources Recycling and Recovery (CalRecycle) administers the Food Waste Prevention and Rescue Grant Program. These Procedures and Requirements describe project and reporting requirements, report due dates, report contents, grant payment conditions, eligible and ineligible project costs, project completion and closeout procedures, and records and audit requirements.

This document is attached to, and incorporated by reference, into the Grant Agreement.

Milestones

Notice to Proceed (NTP): Grant Term and Grant Performance Period Begin on date indicated in the Notice to Proceed

September 15, 2022: Progress Report Due. Covering activities from June 1, 2022 to August 31, 2022.

February 28, 2023: Grant Performance Period Ends

April 3, 2023: Final Report and Final Payment Request Due

April 3, 2023: Grant Term Ends
Grants Management System (GMS)

GMS is CalRecycle’s web-based grant application and Grants Management System. Access to GMS is secure; grantees must log in using a WebPass. WebPass accounts are tied to a specific email address. If an email address changes, or if it becomes inactive, the grantee must create a new WebPass account to continue accessing GMS. Establish or manage a WebPass at CalRecycle’s WebPass page (https://secure.calrecycle.ca.gov/WebPass/).

Accessing the Grant
Grantees must log in to GMS (https://secure.calrecycle.ca.gov/Grants) using their web pass. After logging in, locate the grant in the My Awarded/Open Grants table and select the Grant Management link. The Grant Management Module includes the following sections:

- **Summary tab**: Shows approved budget, paid and remaining amounts. (This section is available to the grantee in read-only mode.)
- **Payment Request tab**: Grantee requests reimbursement.
- **Reports tab**: Grantee uploads required reports.
- **Documents tab**: Grantee uploads all other grant documents that are not supporting documents to a payment request or a report. This section also provides access to documents that were uploaded within other sections of GMS.
- **Sites tab**: Shows approved project sites.

Follow the instructions in GMS to work in the system. The following sections describe the reports, transactions, and supporting documents CalRecycle requires.

Contact Updates
Access to the grant is limited to those listed in the Contacts tab of the Application Module with the “Allow Access” check box marked. A contact may be listed but not granted access by not checking the box. Please note, if a contact is granted access to a grant they will be able to edit contacts, submit payment requests, upload reports, and view all documents. Those with access may update contact information for all contact types except Signature Authority. Email the assigned Grant Manager regarding any changes to Signature Authority information.
Prior to Commencing Work

Prior to commencing work under this grant, the grantee’s Grant Manager or primary contact and authorized grant Signature Authority should review the Terms and Conditions (Exhibit A) and the Procedures and Requirements (Exhibit B) to identify key grant administrative requirements. Evaluation of the grantee’s compliance with these requirements is a major focus of grant audits.

Reliable Contractor Declaration

Prior to authorizing a contractor or subcontractor to commence work under this grant, the grantee shall submit to the Grant Manager a declaration from the contractor or subcontractor, signed under penalty of perjury, stating that within the preceding three (3) years, none of the events listed in Section 17050 of Title 14 (https://www.calrecycle.ca.gov/Laws/Regulations/Title14/), California Code of Regulations, Natural Resources, Division 7, has occurred with respect to the contractor or subcontractor. The grantee must submit this form for each contractor and subcontractor working under the grant.

If a contractor or subcontractor is placed on the CalRecycle Unreliable Contractor List (https://www.calrecycle.ca.gov/Funding/Unreliability/) after award of this grant, the grantee may be required to terminate the contract. Obtain the Reliable Contractor Declaration form (CalRecycle 168) from CalRecycle's Grant Forms web page (https://www.calrecycle.ca.gov/Funding/Forms/).

The grantee must upload a scanned copy of each signed Reliable Contractor Declaration form in GMS. To upload the form:

1. Go to the Reports tab.
2. Click on Reliable Contractor Declaration under Report Type.
3. Click the Add Document button.
4. Select Reliable Contractor Declaration in the Document Type drop down box, enter a document title, click the Browse button to search and upload the document, and then Save.
5. Click on the Submit Report button.

For further instructions regarding GMS, including login directions, see the “Grants Management System” section (above).
Grant Term, Grant Performance Period, and Report Preparation Period

The Grant Term begins on the date of the Notice to Proceed (NTP) email, which is the formal notification from CalRecycle authorizing the grantee to begin the grant project, and ends on April 3, 2023. The grantee must make all grant-eligible program expenditures and incur all grant-eligible costs within this period. Expenditures made or costs incurred prior to the NTP date or after the end date are not eligible for reimbursement. Most costs are further limited during the Report Preparation Period (below).

The Grant Performance Period begins on the date of the Notice to Proceed Email and ends on February 28, 2023.

The Report Preparation Period is from March 1, 2023 to April 3, 2023. Costs incurred to prepare the Final Report and final Payment Request are the only costs that are eligible for reimbursement during the Report Preparation Period.

The Final Report and final Payment Request are due on April 3, 2023.

Project Requirements

Projects must be located in California and result in permanent, annual, and measurable:

1. Reductions in GHG emissions attributed to the production, processing, packaging, distribution, and landfilling of California-generated food waste; and
2. Increases in quantity (pounds) of California-generated food waste, newly diverted from landfills, and prevented or rescued from disposal.

“Newly diverted” means the pounds of materials that are currently being landfilled that will instead be diverted as a result of this project.

Projects resulting in a net increase of GHG emissions are ineligible and will not be recommended for funding.

Note: For food rescue projects, grantees may not duplicate the reporting of the pounds (of food materials) rescued. If a grantee is working with another CalRecycle Food Waste Prevention and Rescue Grant Program grantee to rescue food, only one grantee can claim the diversion amount. The Grant Manager may request that a grantee adjust the pounds reported.

Eligible Costs

Grantees may incur eligible costs only during the Grant Term, which starts when the grantee receives a Notice to Proceed from CalRecycle and ends on April 3, 2023. See “Grant Term, Grant Performance Period, and Report Preparation Period” for additional information. All grant expenditures must be for activities, products, and costs specifically included in the approved Work Plan and approved Budget. To be eligible for reimbursement, costs must be incurred after receiving a Notice to Proceed and before the end of the Grant Performance Period. All services must be provided and goods received during this period in order to be eligible costs. Invoices for goods and services must be paid by the grantee prior to the inclusion of those goods or services on a...
payment request. Only costs incurred to prepare the Final Report and final Payment Request are eligible for reimbursement during the Report Preparation Period.

Eligible costs include, but are not limited to the following:
1. Refrigerators, freezers, and refrigeration systems
2. Vehicles such as refrigerated trucks
3. Transportation such as third party food transportation services
4. Storage and collection infrastructure such as food crates and bins
5. Food preparation and cooking items such as ovens, ranges, etc.
6. Salaries (all grant-funded jobs must relate to the proposed project and hourly wages shall not exceed $75 per hour for direct personnel costs).
7. Public education and outreach costs up to 50 percent of the applicant’s requested grant amount.
8. Activities or equipment to modernize production and handling practices, and/or ordering practices, that result in the measurable prevention of food waste
9. Software (food recovery online exchange platforms) up to 25 percent of the applicant’s requested grant amount, not to exceed $50,000.
10. Materials and equipment related to health and safety such as Personal Protective Equipment (masks, gloves, sanitation, etc.)

Indirect Costs
Indirect costs can be claimed by the grantee. The following guidelines must be used when claiming these costs.
- Total indirect costs shall not exceed ten percent of the applicant’s total requested amount. These costs are expenditures not capable of being assigned or not readily itemized to a particular project or activity, but considered necessary for the operation of the organization and the performance of the program. The costs of operating and maintaining facilities, accounting services, administrative salaries (management not directly working on the grant project), insurance, roadside assistance, utilities, background checks, safe food handling certification, and travel expenses are examples of indirect costs. All indirect costs charged to the grant must be associated with grant activities as shown in the approved Budget.
- Personnel costs associated with supervision performed by managers and supervisors is an indirect cost. However, if a manager or supervisor performs an activity that is directly related to the execution of the grant (not supervising staff working on the project), costs associated with this activity may be included as a direct charge. Such activity must be clearly supported by appropriate documentation and shall not be charged to the grant as an indirect cost.
- The grantee must maintain organized and accurate records that follow generally accepted accounting principles and leave an audit trail. The grantee must provide access to all documents related to the grant program and fiscal operation of the grant program as deemed necessary by CalRecycle.

Ineligible Costs
Any costs not specifically included in the approved Budget and not directly related to food waste prevention or food rescue activities and the approved grant project are ineligible for reimbursement. The grantee should contact the Grant Manager if clarification is needed. Ineligible costs include, but are not limited to:
- Costs incurred or paid for prior to the date that CalRecycle sends the Notice to
Procedures and Requirements
Food Waste Prevention and Rescue Grant Program, FY 2019–20

Proceed email or after April 3, 2023.

- Indirect Costs exceeding ten percent of the applicant’s total requested amount.
- Food waste dehydrators and liqueifiers (https://www.calrecycle.ca.gov/organics/food/commercial/dehydrators).
- Activities or equipment already funded by other agencies using California Climate Investments funds.
- Environmental review for project permitting, including the preparation of Environmental Impact Reports or related documents.
- Purchase, rent or lease of land or buildings.
- Compost bins and composting equipment.
- Cardboard balers
- Tax preparation
- Food. This grant will not reimburse for the purchase of food of any kind.
- Costs deemed unreasonable or not related to the grant project by the Grant Manager.

Modifications
The grantee must submit any proposed revision(s) to the Work Plan and/or Budget in writing to the Grant Manager. The grantee may not incur costs or make expenditures based on the revision without first receiving the Grant Manager’s written approval. Proposed revisions must be clearly marked on the Work Plan and/or Budget and must be accompanied by a summary of proposed changes or modifications, including justification for the proposed changes. Any proposed changes to vehicles or refrigeration equipment must include equipment specifications. If approved, the grant manager will upload the final revised Work Plan and/or Budget to GMS and notify the grantee. The grantee may submit proposed revisions in conjunction with a Progress Report but they cannot be submitted as part of the Progress Report. The grantee should retain the approval document(s) for audit purposes. See the “Audit Record/Access” section of the Terms and Conditions (Exhibit A).

- Requests for Work Plan and/or Budget modifications will only be considered for extenuating circumstances.
- Any proposed budget modifications for items that impact your GHG emission reductions, such as refrigeration equipment or vehicles, will undergo a technical review process, and are subject to approval by the Grant Manager.
- Quotes and equipment specs must be provided with proposed equipment changes.

Acknowledgements
The grantee shall acknowledge both California Climate Investments as a funding source and CalRecycle’s administration of funds each time a project is funded, in whole or in part, by this Agreement is publicized in any medium, including news media, brochures, or other types of promotional materials. The acknowledgement of California Climate Investments and CalRecycle’s support must incorporate the CalRecycle logo. Initials or abbreviations for CalRecycle shall not be used. The Grant Manager may approve deviation from this requirement on a case-by-case basis where such deviation is consistent with CalRecycle’s Communication Strategy and Outreach Plan.
The grantee must install a sign at the project site upon completion of the project, no later than April 3, 2023. In lieu of a sign, the grantee may list an acknowledgement of CalRecycle’s funding for the project(s) on their website, for a minimum period of one year.

The sign must include all of the following:
1. Verbiage: “Funded by a Grant from the Department of Resources Recycling and Recovery (CalRecycle) through California Climate Investments”.
2. CalRecycle logo.
3. California Climate Investments logo.
4. Sample acknowledgement language and information regarding logos is below.

**Publicity and Education**
The following publicity-related materials and items require pre-approval from the Grant Manager prior to incurring the expense. Public service announcements require acknowledgements to CalRecycle that include publicity and education, and outreach such as, but not limited to, the following:
- Brochures and pamphlets
- Fliers and posters
- All television, radio, video, and social media scripts
- Other outreach

All publicity and education materials must include all of the following:
1. Verbiage: “Funded by a grant from the Department of Resources Recycling and Recovery (CalRecycle) through California Climate Investments.”
   a. **Exception:** The acknowledgement line is not required on small items where space constraints would not allow for this line, or if it would interfere with the message.
2. CalRecycle logo as reflected on the [CalRecycle website](http://www.calrecycle.ca.gov/Gallery)
   a. Contact the CalRecycle Office of Public Affairs at [opa@calrecycle.ca.gov](mailto:opa@calrecycle.ca.gov).
3. California Climate Investments logo as reflected on the [California Climate Investments website](http://www.caclimateinvestments.ca.gov/logo-graphics-request/).

![CalRecycle Logo](CalRecycle.png)

![California Climate Investments Logo](CaliforniaClimateInvestments.png)

**Sample acknowledgment language**
“The [insert program Name / Grant / etc.] is part of California Climate Investments, a statewide program that puts billions of Cap-and-Trade dollars to work reducing GHG emissions, strengthening the economy, and improving public health and the environment — particularly in disadvantaged communities. The Cap-and-Trade program also creates a financial incentive for industries to invest in clean technologies and develop innovative ways to reduce pollution. California Climate Investments projects include affordable housing, renewable energy, public transportation, zero-emission vehicles, environmental restoration, more sustainable agriculture, recycling, and much more. At least 35 percent of these investments are located within and benefiting residents of disadvantaged communities, low-income communities, and low-income households across California. For more information, visit the California Climate Investments website.

Retention of Public Education must be submitted using the Progress Report and Performance Table template documents provided by CalRecycle and include a detailed description of the following:

1. **General Information**
   The Grant Number, Grantee’s name, Primary Contact, reporting period and Grantee’s Logo. The following disclaimer must appear on the cover page of the report:
   "The statements and conclusions of this report are those of the grantee and not necessarily those of the Department of Resources Recycling and Recovery (CalRecycle), its employees, or the State of California. The state makes no warranty, express or implied, and assumes no liability for the information contained in the succeeding text."

2. **Performance Narrative**
   a) Work completed in the reporting period, arranged according to tasks and expenditure categories as shown in the Work Plan. Include task number, task description, start date, completion date and notes that clarify the work completed or ongoing for each task.
   b) For **food rescue** activities: provide a detailed description of donors and recipients for the reporting period, including: names of donors and recipients, quantity of food (in pounds) that was rescued and distributed to people that would otherwise be destined for landfill and types of foods that were rescued (e.g. ready to eat foods, packaged, produce, meat/dairy, etc.)
   c) For **food waste prevention** activities: provide a detailed description and analysis (with supporting documentation as applicable) of how food waste is measured against a specified baseline of food operations. Food waste prevention projects should capture the reduction of food waste using food waste audit analyses and other metrics that demonstrate a reduction in food waste including, but not limited to, food waste prevention software and education and outreach campaigns that result in measureable reduction of food waste. Also provide the quantity of source-reduced food waste in pounds.
   d) Explain any significant changes in food rescued or food waste prevented reported from month to month in the Performance Table. Explain how the quantity of food rescued or prevented was obtained and explain the calculation methodology (e.g. weighing, estimating by other process etc.)
e) List all major equipment purchases (refrigeration, vehicles, heavy equipment, etc.), equipment specs, purchase date and date of operation. Items in this section must match the equipment listed in the approved Budget.

f) Provide digital photographs showing the progress of the grant project during the previous quarter.

g) Describe planned tasks to be completed in the next reporting period.

3. **Progress Narrative**
   a) Provide a detailed description of all unanticipated problems in the reporting period and the corrective actions taken to mitigate the consequences.
   b) Explain any delays and how the delays are being addressed. If tasks were not completed, detail why and how you will complete the delayed tasks. Include any adjustments needed to the Work Plan or Budget to keep the project on schedule.
   c) Discuss whether the current annualized amount of food rescued is sufficient to achieve the pounds per year goal cited in the grant application. If not, discuss the specific steps that the grantee will take to increase rescued food to reach those levels and the dates by which these steps will occur.

4. **Jobs & Job Training**
   Grantee must report community benefits that occurred in the reporting period as a result of the project, and how those benefits address community needs.
   a) Jobs
      i. Provide number of jobs created and paid for in whole or in part by this grant during the reporting period. Include job title or classification, job permanence, total project work hours, hourly pay rates or salaries, as well as benefits from the job, such as healthcare, paid vacation or sick leave and hiring strategy.
   b) Jobs provided to members of Priority Populations.
      i. In addition to item a, above, provide the same jobs information for any positions filled by members of priority populations. More information about Priority Populations can be found at California Air Resources Board Priority Population Investments webpage (www3.arb.ca.gov/cc/capandtrade/auctionproceeds/communityinvestments.htm)
   c) Job Training Programs
      i. Provide the number of employees or volunteers that completed job training programs that resulted in an industry-recognized credential or certifications, including name of industry-recognized credential or certification earned upon completion, total number of work hours for each position, job benefits, and hiring strategy.
      ii. Provide the same information as listed in the above bullet for employees or volunteers that are members of priority populations.
      iii. Note: examples of industry-recognized certifications or credentials include, but are not limited to Safe Food Handling Certification, education degrees, licenses, Forklift Certification, etc.

5. **Quantitative Performance Data**
Grantee must report the pounds of food waste prevented or rescued for human consumption, which otherwise would have been disposed in California landfills as a result of this project. Grantee must also report the GHG emission reductions that occurred in the previous quarter as a result of the project. Provide quantitative data in the Performance Table (Excel document) provided by CalRecycle. Note: GHG emission reductions are automatically calculated in the Performance Table.

a) **Performance Table**
   CalRecycle will provide an Excel table to enter quantitative data related to GHG emission reductions, pounds of food waste prevented or food rescued, jobs and job training, and other grant performance data within the prior reporting period. CalRecycle will develop a performance table for each grantee based on information submitted in the application and work with the grantee to customize the table to meet quantitative reporting needs. The performance table will be finalized by CalRecycle towards the beginning of the grant term and provided to the grantee. The grantee will be submit the approved Performance Table in conjunction with each progress report to track quantitative data. The quantitative data captured in the performance table is designed to support the qualitative claims being made in each progress report. [Required documents and reports are subject to change due to CARB’s 2018 Funding Guidelines for Agencies that Administer California Climate Investments (https://ww2.arb.ca.gov/resources/documents/cci-funding-guidelines-administering-agencies) or legislative requirements.]

**Site Visits**
CalRecycle staff may schedule one or more site visits to verify any of the information submitted in the progress report. Site visit may be conducted onsite/in person or virtual depending on travel restrictions. Grantee must agree to accommodate site visit requests within 10 working days after the request is made.

**Final Report**
The Final Report is due April 3, 2023. The Grantee must upload and submit the Final Report to the Reports tab in GMS by the date listed in the Milestones section. The Final Report should cover grant activities from the NTP through February 28, 2023. Each grantee will receive a Final Report Template from the Grant Manager that must be used to submit the Final Report.

**Grant Payment Information**
- Payment to the grantee for eligible grant expenses is made on a reimbursement basis only, and only for those materials and services specified in the approved grant application.
- The grantee may request reimbursement quarterly during the Grant Term. In conjunction with submission of the Progress Report and in conjunction with the Final Report.
- The grantee must submit the required Progress Report/Final Report prior to, or concurrent with, submission of the Grant Payment Request. No reimbursement is made prior to Grant Manager approval of the report.
• The grantee must submit a completed Grant Payment Request and provide supporting documentation as described in the “Payment Request and Documentation” section.
• CalRecycle will make grant payments to only the grantee. It is the grantee’s responsibility to pay all contractors and subcontractors for purchased goods and services. For grant projects that include formal project partners, proof of payment from the grantee (lead participant) to the partner must be submitted with payment requests.
• CalRecycle will withhold and retain 10 percent of each approved Grant Payment Request amount until all conditions stipulated in the Agreement, including submission and Grant Manager approval of the Progress and Final Reports, have been satisfied.
• CalRecycle will make payments to the grantee as promptly as fiscal procedures permit. The grantee can typically expect payment approximately 45 days from the date the Grant Manager approves a Grant Payment Request.
• The grantee must provide a Reliable Contractor Declaration (CalRecycle 168) (https://www.calrecycle.ca.gov/Funding/forms/) signed under penalty of perjury by the grantee’s contractors and subcontractors in accordance with the “Reliable Contractor Declaration” section of the Terms and Conditions (Exhibit A). The declaration must be received and approved by the Grant Manager prior to commencement of work. See the “Reliable Contractor Declaration” section in Terms and Conditions (Exhibit A) for more information.

Payment Request and Documentation
Failure to submit the final Payment Request with appropriate documentation by the due date may result in rejection of the Payment Request and/or forfeiture by the grantee of claims for costs incurred that might otherwise have been eligible for grant funding.

The grantee must submit payment requests in GMS. For further instructions regarding GMS, including login directions, see the “Grants Management System” section (above). To submit a Grant Payment Request:

1. Go to the Payment Request tab.
2. Click on the Create a Payment Request button.
   a. Choose Reimburse for the Transaction Type and enter the amount spent in each budget subcategory.
   b. When the transaction is complete, click the Save button.
   c. After the transaction is saved, the Upload Supporting Documents button will appear in the lower right corner.
3. Click the Upload Supporting Documents button.
   a. Choose the Document Type, enter a document title, click the Browse button to search and upload the document, and then Save.
   b. Select the Back button to upload another document and continue this process until all required supporting documents as listed below are uploaded.
   c. The maximum allowable file size for each document is 35MB.
4. Click the Submit Transaction button, located on the transaction page, to complete your payment request. The Submit Transaction button will not be enabled until all required supporting documents are uploaded.
a. **Note:** Once a transaction is saved, select the transaction number from the **Payment Request** tab to access it again. Please do not create multiple transactions for the same requested funds.

**Supporting Documentation**

- **Grant Payment Request form** (CalRecycle 87)
  - A scanned copy with the signature of the signatory or his/her designee, as authorized by grantee’s Resolution or Letter of Commitment, must be uploaded to GMS.
    - **Note:** A designee may sign on behalf of the grantee if a) authorized by the Resolution or Letter of Commitment, and b) a Letter of Designation has been provided to the Grant Manager.

- **Expenditure Itemization Summary (EIS) (CalRecycle 777-FW)**
  - All expenditures must be itemized and arranged by the reporting and expenditure categories as contained in the grantee’s approved Budget and Work Plan. Upload the Excel versions.
  - Each EIS must be accompanied by the supporting documentation for each line item expense (see below). The grantee should retain the original documents.

- **Cost and Payment Documentation**
  - Acceptable cost and payment documentation must include at least one of each of the following.
    - Invoices, receipts, or purchase orders must include the vendor’s name and telephone number, address, description of goods or services purchased, amount due, and date. The claimed expenses should be highlighted and identified with applicable task number on each invoice.
    - Proof of payment may include:
      - copy of cancelled check(s) that shows an endorsement from the banking institution
      - invoice(s) showing a zero balance, or stamped “paid” with a check number, date paid, and initials
      - accounting system report from local government if it contains the vendor name, date of invoice, invoice number, check number or internal ID, and date amount was paid
      - bank statement(s) along with a copy of the endorsed check or invoice showing the check number
      - copy of an electronic funds transfer confirmation
      - copy of a credit card statement(s)
  - The Grant Manager may require additional cost and payment documentation as necessary to verify eligible costs.

- **Personnel Expenditure Summary (PES) (CalRecycle 165)**
  - A Personnel Expenditure Summary should be submitted if salaries are included in the payment request. Salaries include government taxes and benefits.
    - Document personnel expenditures based on actual time spent on grant activities and actual amounts paid to personnel.
- Enter one employee per row, completing each column of the PES form.  
  **Note:** Date ranges may be used in the Date Worked column (e.g. 10/1-15/19) in lieu of entering each date separately.
- Alternate time reporting methods and documentation may be submitted (e.g. payroll software reports, etc.) with Grant Manager pre approval.

All forms listed above are available from the [CalRecycle Grant Forms web page](https://www.calrecycle.ca.gov/Funding/Forms).

**Annual Survey**

Post-Grant Term Annual Surveys may be requested by CalRecycle or CARB to verify continuous progress of projects funded by the Food Waste Prevention and Rescue Grant Program. The grantee may be asked to complete and submit an Annual Survey for the Food Waste Prevention and Rescue Grant Program every year for three years after the end of Grant Term, based on the schedule below. You will be notified via email once the annual online survey is available.

**Table 1. Annual Survey**

**Audit Considerations**

The grantee agrees to maintain records and supporting documentation pertaining to the performance of this grant subject to possible audit for a minimum of three (3) years after final payment date or Grant Term end date, whichever is later. CalRecycle may stipulate a longer period of records retention in order to complete any action and/or resolution of all issues which may arise as a result of any litigation, dispute, or audit, whichever is later.

Examples of audit documentation include, but are not limited to, competitive bids, grant amendments if any relating to the Budget or Work Plan, copies of any agreements with contractors or subcontractors if utilized, expenditure ledger, payroll register entries, timesheets, personnel expenditure summary form, travel expense log, paid warrants, contracts and change orders, samples of items and materials developed with grant funds, invoices, and cancelled checks. Please refer to the Terms and Conditions (Exhibit A) for more information.
