**Subject: Rulemaking Notices Related to the California Beverage Container Recycling and Litter Reduction Program**

In order to receive notice of regulatory actions related to the California Beverage Container Recycling Program, interested parties should add their e-mail address(es) to the mailing list by subscribing to the "Beverage Container Recycling Program: General Information" listserv accessible through this internet link:

<https://www2.calrecycle.ca.gov/Listservs/>

It is your responsibility to update this information should your e-mail address change; you wish to add another contact; or to unsubscribe if you no longer wish to receive these notices.

For the health and safety of the public, and to reduce the environmental impact of mailing paper hardcopies, CalRecycle recommends electronic transmittal of notices. If you prefer to receive rulemaking notices through the mailing of paper notices, you must contact the appropriate CalRecycle contact, provided below, to request to be added to a mailing list and provide a physical mailing address.
