The California Alliance for Community Composting Is Now Accepting Project Site Applications

The California Alliance for Community Composting has received the Community Composting for Green Spaces grant from CalRecycle and is accepting applications to launch a network of community compost sites in the following 6 regions: Bay Area, Fresno & Central California, Inland Empire, Greater Los Angeles, Sacramento & Northern California, and Greater San Diego.

LEAs are encouraged to forward this message to individuals, groups, and formal organizations in their jurisdiction who are interested in starting a community compost project. An application is required, with a priority deadline of **November 24, 2020**, and a secondary deadline of **December 15, 2020**.

The application is available in [English](#), [Spanish](#), and Chinese ([Simplified](#) and [Traditional](#)). The application form can be completed online or a paper copy of the form can be [printed from here](#) and mailed to:

California Alliance for Community Composting  
c/o LA Compost  
221 W Ave 45  
Los Angeles, CA 90065

More information is available at <https://www.thecacc.org/projects> or by contacting the California Alliance for Community Composting at (323) 522-5020 or [cc4greenspaces@gmail.com](mailto:cc4greenspaces@gmail.com).

For information on the grant program, please go to the [Community Composting for Green Spaces Grant Program webpage](#).

*This announcement is being sent on behalf of the Permitting and Assistance Branch, CalRecycle.*
