

Text version of Stewardship Program Implementation Timeline

- Certain dates on the timeline contain arrows. The arrows reflect the ability for dates to move into the future depending on:
 - The duration of Board of Pharmacy's review prior to the program operator's stewardship plan submittal to CalRecycle;
 - Potential stewardship plan resubmittals; and
 - The time it may require CalRecycle to consult with other state agencies.
- The timeline starts with the regulations' effective date of January 7, 2021. The six-month stewardship plan development phase begins.
 - During the stewardship plan development phase, a program operator must submit its stewardship plan to Board of Pharmacy and other applicable agencies.
- CalRecycle's 90-day review period starts when the program operator submits the stewardship plan to CalRecycle by July 7, 2021. This date has an arrow.
 - CalRecycle completeness review by August 6, 2021. This date has an arrow.
- The 270-day Implementation phase starts with CalRecycle stewardship plan approval by October 5, 2021. This date has an arrow.
 - Covered entities are subject to penalties if covered product is not subject to an approved stewardship plan by January 7, 2022.
 - Program operator submits its first annual report to CalRecycle March 31, 2022.
 - CalRecycle is required to post first list of compliant entities June 30, 2022.
- Stewardship plan fully implemented July 2, 2022. This date has an arrow.
