

# Low Population Waiver Application for Unincorporated Portions of Counties (Special Districts Providing Solid Waste Collection Services)

CalRecycle is providing this form as a convenience to assist unincorporated portions of counties (or special districts providing solid waste collection services that are located in unincorporated counties) providing solid waste collection services in applying for low population waiver under 14 CCR 18984.12(a). Use of this form is optional and not a regulatory requirement.

Unincorporated counties (or special districts providing solid waste collection services that are located in unincorporated counties) may apply to CalRecycle for a waiver for some or all of the generators within the unincorporated county from some or all of the requirements of Article 3 (14 CCR 18984 through 18984.13).

To qualify for a low population waiver, the following must apply:

- The identified census tracts have a population density of less than 75 people per square mile within the jurisdiction and are located in unincorporated portions of the county.

CalRecycle-approved waivers are valid for a period of up to five years. A jurisdiction may apply to renew a waiver at any time up to 180 days prior to the expiration of an existing approved waiver. An approved waiver does not waive a jurisdiction from its obligation to comply with the other requirements of the SB 1383 regulations including, but not limited to, promoting and providing information to generators about waste prevention, community composting, managing organic waste on-site, and other means of recovering organic waste.

Please clearly print or type your responses. Attach additional pages as necessary.
