Jurisdiction Notification that a Waiver was Issued Due to an Emergency Processing Facility Temporary Equipment or Operational Failure

CalRecycle is providing this form as a convenience to assist jurisdictions in providing the notification required under 14 CCR 18984.13(a). Use of this form is optional and not a regulatory requirement.

Jurisdictions must notify CalRecycle within 10 days of a waiver decision by a jurisdiction per 14 CCR Section 18984.13(a). A jurisdiction may use this form to notify CalRecycle.

If a facility that is processing a jurisdiction's organic waste has unforeseen operational restrictions that have been imposed upon it by a regulatory agency or if an unforeseen equipment or operational failure has temporarily prevented the facility from processing and recovering organic waste, the jurisdiction may allow the organic waste stream transported to that facility by its hauler(s) to be deposited in a landfill or landfills for up to 90 days from the date of the restriction or failure.

CalRecycle-approved waivers can be good for up to 90 days from the date of the restriction or failure. An approved waiver does not waive a jurisdiction from its obligation to comply with the other requirements of the SB 1383 regulations including, but not limited to, promoting and providing information to generators about waste prevention, community composting, managing organic waste on-site, and other means of recovering organic waste.
