

Date: July 19, 2021

To: Local Enforcement Agencies

Register for SB1383 Training (Part One of Three of the SB1383 Training Trilogy)

CalRecycle is pleased to announce that [registration](#) is open for Part One of the SB1383 Training Trilogy. There are five dates/times available for the virtual training, which will focus on the solid waste facility operator requirements for measuring organic material removed from the source separated and mixed organic waste collection streams sent for recovery and disposal, as well as the Enforcement Agency's roles and responsibilities in regards to enforcing and implementing these new requirements while conducting inspections. Attendees will watch a short video that outlines the measurement protocols described in the regulations and participate in several interactive exercises. The training will also include a live Q&A session with two of CalRecycle's SB1383 subject matter experts, Martin Perez and Marcus Santillano.

Please click [here](#) to register for Part One of the SB1383 Training Trilogy, which will be available on the following dates and times:

- August 4, 2021, 2:00-4:00pm
- August 5, 2021, 2:00-4:00pm
- August 12, 2021, 9:00-11:00am
- August 13, 2021, 9:00-11:00am
- August 18, 2021, 9:00-11:00am

Please be advised that Continuing Education Units (CEUs) are NOT being offered for this training, as it is an expansion upon information provided in the SB1383 Overview session presented at the Virtual Technical Training Series on April 22, 2021.

*This announcement is being sent on behalf of the Permitting and Assistance Branch, CalRecycle.*
