Grant Cycle Overview

The Department of Resources Recycling and Recovery (CalRecycle) offers the Beverage Container Redemption Pilot Project Grant Program (Program) pursuant to Section 14581(a)(9) of the Public Resources Code. The purpose of the grant is to issue \$7,500,000 in the form of grants for up to five pilot projects proposed by cities and/or counties working in combination with private businesses to provide convenient beverage container redemption in both urban and rural areas that do not have enough recycling opportunities for consumers. An additional \$2,500,000 is available to previously approved pilot projects for expansion opportunities. Any previously approved pilot projects will be able to request additional funding (up to \$500,000), beyond the initial \$1,000,000 already received, to be able to expand the scope or size of the project.

The Program requires that local jurisdictions and recycling center operators work closely together to create innovative pilot projects and provide convenient redemption opportunities for consumers, therefore, improving consumer redemption of eligible beverage containers and increase recycling rates in jurisdictions served by pilot projects.

This resource document provides applicants with instructions to access and complete the application online and information about grant administration. The web-based application is in CalRecycle's [Grants Management System \(GMS\)](https://www.calrecycle.ca.gov/Funding/GMS/) (<https://www.calrecycle.ca.gov/Funding/GMS/>). The applicant will need to sign in to GMS to complete and submit an application.

Note: The following terms used in this document are defined below, unless the context clearly indicates otherwise:

- “Applicant” refers to either the legal name of the entity that is legally responsible for grant administration and any entity that will receive and control grant funded equipment, if awarded, or to a person who is completing an application on behalf of the Applicant (this is usually the primary contact listed on the application, but could also be the secondary contact, signature authority, or consultant).
- “You” refers to a person who is completing the application on behalf of the Applicant.

Timeline

Notice to Proceed– April 1, 2026: Grant Term

For milestones that take place during the grant term, refer to the Procedures and Requirements document.

Eligible Applicants

California Labor Code section 1782 prohibits a charter city from receiving state funding or financial assistance for construction projects if that charter city does not comply with Labor Code sections 1770-1782. If any applicants or participating entities are charter cities or Joint Powers Authorities that include charter cities, the lead participating entity must certify on the Detail tab of the application that Labor Code section 1782 does not prohibit any included charter city from receiving state funds for the project described in this application. If it is determined after award that an applicant or participating entity is a charter city prohibited from receiving state funds for this grant project, the grant will be terminated and any disbursed grant funds shall be returned to CalRecycle.

Private, for profit, entities must be authorized to conduct business in the State of California, by either being registered with the California Secretary of State as a business located in California, being registered as a foreign (out-of-state or out-of-country) business, or processing a business license issued by a California city, county, or city and county.

Private, non-profit entities, in addition to being registered with the California Secretary of State, must also be registered with the California Department of Justice, and appear on their Registry of Charitable Trusts. If a non-profit entity is excluded from registering with the Department of Justice, proof must be provided with the application.

- Jurisdictions
 - **A “Jurisdiction” for the purposes of the Pilot Project Program (CCR Section 2750(a)(2)(10) means a city or county, tribe, or combination thereof, that has the authority to issue or grant permission for certified pilot project recyclers to operate in the designated pilot project area.**
 - Jurisdictions must have received approval from CalRecycle to operate a pilot project through the pilot project approval process.
 - The request for funding will consist of a proposed Budget and Work Plan.
- Authorized Pilot Project Recycler
 - A Pilot Project Recycler must be authorized by the Pilot Project Jurisdiction to operate in the pilot project area.
 - A Pilot Project Recycler must be certified by CalRecycle to operate in the pilot project area.

Individual Application

An Individual Application is one in which a single eligible entity will be responsible for grant implementation. The applicant in an Individual Application will be responsible for the performance of the grant and all related documentation. In addition, the applicant

will be the only entity receiving any real or personal property that is purchased with grant funds.

Regional Application

Local governments may join together in a Regional Application in which two or more eligible jurisdictions join together for the purpose of grant implementation. A Regional Lead Participant must be designated to act on behalf of all Non-Lead Participants. The Lead Participant is the applicant, and if awarded, will be the grantee responsible for the performance of the grant and all required documentation. CalRecycle will direct all official correspondence and grant payments to the Lead Participant. If a jurisdiction is a Non-Lead Participant in a Regional Application, it may not apply individually.

Joint Powers Authority Application Requirements

Joint Powers Authorities (JPA) may submit a grant application as an individual applicant. An entity may not submit an individual application if that entity is also a member of an applicant JPA. In addition to the requirements for an Individual Application, a JPA must upload a copy of its JPA Agreement.

The JPA Agreement must:

1. Give authority over solid waste management.
2. List all member entities.
3. Contain the signature of all members.

Eligible Projects/Products

- Programs may be at residential, commercial, or public locations in an approved Program area.
- The Program allows for numerous possibilities and flexibility for methods of redemption, including, but not limited to:
 - Stationary drop off locations that allow consumers to deposit beverage containers in a locked and secure drop off bin and pay consumers the California Redemption Value after the containers have been inspected.
 - Mobile pilot projects.
 - A pilot project rotating between a few specific locations during the week.

Note: For additional information related to [Pilot Projects](#)
(<https://www.calrecycle.ca.gov/bevcontainer/recyclers/pilot2018>)

Available Funds

- \$10,000,000 is available for this grant cycle, fiscal year 2021–22, subject to funding availability.
- \$7,500,000 is available to new Pilot Projects (up to \$1.5 million for each).
- \$2,500,000 is available to any previously approved pilot project (up to an additional \$500,000 for each) in funding, beyond the initial \$1 million already received, to be able to expand the scope or size of the project.
- Subsequent grant applications may be submitted after five pilot projects have been awarded and there are funds remaining.

Grant Term

The Grant Term begins on the date of the Notice to Proceed. The Grant Term ends on April 1, 2026.

For detailed information about requirements within the grant term, refer to the Procedures and Requirements document.

Eligible and Ineligible Costs

Grantees may incur eligible costs only during the Grant Term. For detailed information about eligible and ineligible costs, refer to the Procedures and Requirements document.

Public Records Requests

CalRecycle's policy is to make records requested by the public promptly available in accordance with the laws governing disclosure of records and information to the public. In general, all records in the possession of a state agency are public records subject to disclosure, unless a law provides that a particular kind of record or information is not a public record or is exempt or prohibited from disclosure.

Upon request, the entire contents of the submitted application are subject to public records requests. This may include contact information, project summary, uploaded documents, and scoring information. Public records may be requested from CalRecycle through the [California Public Records Act Requests web page](https://www2.calrecycle.ca.gov/Forms/ContactUs/PublicRecordsRequest/) (<https://www2.calrecycle.ca.gov/Forms/ContactUs/PublicRecordsRequest/>). If the application contains restricted documents, the restricted documents are excluded from disclosure.

Confidentiality

The following describes the treatment of certain confidential or proprietary information under the California Public Records Act (Government Code 6250, et seq.) and related regulations. It also describes how questions are resolved on whether information is truly confidential, the legal protections for confidential information, and internal and program procedures to maintain confidentiality.

Confidential or Proprietary Information

Title 14 of the California Code of Regulations (14 CCR), [sections 17041-17046](https://www.calrecycle.ca.gov/Laws/Regulations/Title14/) (<https://www.calrecycle.ca.gov/Laws/Regulations/Title14/>), states that confidential or proprietary information shall include, but is not limited to:

- Personal or business-related financial data, customer client lists, supplier lists and other information of a proprietary or confidential business nature provided by persons in applications, reports, returns, certifications or other documents submitted to [CalRecycle] which if released would result in harmful effects on the person's competitive position.
- Tax information prohibited from disclosure, pursuant to the Revenue and Taxation Code.

Accordingly, appropriate documents submitted with an application that are clearly marked, on each page, "confidential or proprietary information" will be treated by CalRecycle pursuant to the procedures set forth in 14 CCR sections 17041-17046.

However, the law does not treat documents marked as “confidential or proprietary information” (such as sales brochures, promotional literature and other general non-financial documents) as confidential if they do not fall within the categories of protected financial documents listed above.

What if there is a question about what is confidential?

If CalRecycle receives a request to disclose data claimed by the applicant to be confidential, CalRecycle would notify the applicant of the request and state that the documents were under review to determine whether information was correctly identified as “confidential.” If there was any question as to whether specific information was confidential, CalRecycle would contact the person(s) identified in the application to provide a justification and statement why the information is confidential. The process for evaluating confidentiality claims is set forth in section 14 CCR 17046.

What procedures does CalRecycle have in place to ensure that confidential information is kept confidential?

Confidential or proprietary information will be evaluated and analyzed only by CalRecycle staff, kept confidential, and will be maintained with restricted access. Grantee businesses agree to provide specific key financial information for three years to develop benchmarks to evaluate the program. Records no longer needed to provide the services offered under the grant program are periodically destroyed, when allowed by audit policies and state law.

Applicant’s Documents

Below is a list of documents that the applicant is responsible for preparing and uploading to their application. For examples/templates of some of these documents, please refer to the Summary tab. Retain the original hard copy documents for potential CalRecycle audits. See Audit Considerations section of the Procedures and Requirements for more information.

Applicant’s Required Authorization Documents

Below is a list of required authorizing documents by application type that the applicant is responsible for preparing and uploading to their application.

Note: For Resolution, Letter of Commitment, Letter of Authorization, and Letter of Designation templates refer to the [Resolution and Letter Examples](https://www.calrecycle.ca.gov/Funding/SampleDocs) (<https://www.calrecycle.ca.gov/Funding/SampleDocs>) web page. CalRecycle staff are available to answer questions about the Resolution and Letter of Commitment or to review your draft Resolution to ensure it meets the requirements of the grant program. You may upload the Resolution or Letter of Commitment to your application as a “Draft Resolution” or “Draft Letter of Commitment” or, for immediate review, email it to grantassistance@calrecycle.ca.gov.

Individual Application Authorization Documents:

If **subject to a governing body (excluding Corporations)**, the applicant must submit a Resolution no later than the application due date or CalRecycle will deem the application incomplete and disqualify the applicant. The Resolution must:

1. Authorize submittal of an application for one or more specifically named CalRecycle grant(s) or for all CalRecycle grants for which the applicant is eligible.
2. Identify the time period, up to five years, during which the authorizations are valid.
 - a. Five years is encouraged; however, periods of less than five years are acceptable.
 - b. If a Resolution does not specify a time period, CalRecycle will consider the Resolution valid for one year from the date of adoption.
3. Identify the Signature Authority by listing the job title of the person(s) authorized to sign all grant-related documents necessary to implement and close-out the grant(s).
 - a. (Optional but encouraged) The Resolution should authorize the Signature Authority to delegate their signature authority to another person identified by job title. Applicants can only submit a Letter of Designation if the corresponding Resolution includes designee language.
 - b. Be signed or certified by the governing body.

Note: The Signature Authority must sign a Letter of Designation **prior** to the designee's exercise of their authority.

If **not subject to a governing body**, applicants must submit a Letter of Commitment (LOC). Publicly held businesses or private for-profit companies may submit an LOC even if they are subject to a governing body under the condition that the signatory is an individual authorized to contractually bind the applicant for the conditions of the grant award. The LOC is due by the application due date or CalRecycle will deem the application as incomplete and disqualify the applicant.

The LOC must:

1. Be on official letterhead.
2. Specify the Fiscal Year and the grant program name.
3. Authorize submittal of the (Name of Grant Program) application on behalf of applicant.
4. Designate the job title of the person authorized to execute all grant documents necessary to secure grant funds and implement the approved grant project (Signature Authority).
 - a. The LOC may also authorize the Signature Authority to delegate this authority.
5. Be signed by an individual authorized to contractually bind the applicant.

Regional Application Authorization Documents:

Lead Participant

Applicant must submit a Resolution no later than the application due date or CalRecycle will deem the application incomplete and disqualify the applicant.

The Resolution must:

1. Authorize submittal of a Regional Application on behalf of itself as Lead Participant and all other Non-lead Participants for a specifically named CalRecycle grant.
2. Identify the time period, up to five years, during which the authorizations are valid.
 - a. Five years is encouraged; however, periods of less than five years are acceptable.
 - i. A Resolution that is valid for more than 1 year must contain either:

1. a list of all potential jurisdictions that may serve as Non-Lead Participants, or
2. a provision that the Signature Authority may alter the list of Non-Lead Participants for each grant cycle.
 - b. If a Resolution does not specify a time period, CalRecycle will consider the Resolution valid for one year from the date of adoption.
3. Identify the Signature Authority by listing the job title of the person(s) authorized to sign all grant-related documents necessary to implement and close-out the grant(s).
 - a. (Optional but encouraged) The Resolution should authorize the Signature Authority to delegate their signature authority to another person identified by job title. Applicants can only submit a Letter of Designation if the corresponding Resolution includes designee language.
 - b. Be signed or certified by the governing body.

Non-lead Participant

The Non-Lead Participant prepares the Letter of Authorization (LOA) and gives the Lead Participant authorization to apply for and to act on its behalf in the implementation and administration of the grant/program.

Applicant must submit a Letter of Authorization no later than the application due date or CalRecycle will remove the Non-Lead Participant(s) from the application.

The LOA must:

1. Be on the Non-Lead Participant's official letterhead.
2. Specify grant program name.
3. Be valid for as long as the Lead Participant's Resolution, not to exceed five years; otherwise, the participating entity must date the letter within the last 12 months.
4. Authorize the Lead Participant to submit a Regional or Collaborative Application and act as Lead Agency on behalf of the Non-Lead Participant.
5. Authorize the Lead Participant to execute all documents necessary to implement the grant.
6. Be signed by an individual authorized to contractually bind the Non-Lead Participant.

Joint Powers Authority Agreement

Joint Powers Authorities (JPA) must upload a copy of their JPA Agreements giving them authority to conduct the project, listing all member entities, and containing the signature of all members. CalRecycle does not require Letters of Authorization for JPA applicants. A JPA applicant must still upload a Resolution as a part of their application and list all JPA members as Non-Lead Participants on the Applicant/Participant tab.

Letter of Designation

CalRecycle requires a Letter of Designation (LOD) only when the Signature Authority identified in the approved Resolution chooses to delegate their signature authority to another person.

The approved Resolution must indicate the Signature Authority's ability to delegate or designate their authority. The applicant must upload the LOD **prior** to the designee's exercise of their authority. If the designee signs an application document in place of the Signature Authority, the applicant must upload the LOD with their application.

The LOD must:

1. Be on the applicant's letterhead.
2. Include the job title of the designee and the scope of the designee's authority.
3. Include the time period during which the designee may exercise the authority.
4. Be signed by the Signature Authority.

The designee's authority may not extend beyond the effective date of the approved Resolution or Letter of Commitment. For example, if the Resolution is effective until December 31, 2022, then the Letter of Designation may not be effective beyond December 31, 2022. If the letter does not identify a valid time period, the letter will follow the same time frame as the Resolution.

Grant Review and Award Process

Grant Application Review Process

After the close of the application period, CalRecycle staff will review the applications for completeness and eligibility. Only complete applications will be considered for award.

Process for Reviewing Requests for Funding:

- Complete applications will be evaluated to confirm the approval status for the Program. Please see the [CalRecycle website](https://www.calrecycle.ca.gov/bevcontainer/recyclers/pilot2018) (<https://www.calrecycle.ca.gov/bevcontainer/recyclers/pilot2018>) for additional information regarding approval of Pilot Project Programs.
- CalRecycle will review the proposal to determine if costs are appropriate and directly related to the Program.

Grant Award Process

For qualifying applications, CalRecycle staff will develop funding recommendations for the consideration and approval of CalRecycle's Director, or their designee; CalRecycle tentatively schedules this for July 2022. CalRecycle reserves the right to partially fund or fund individual phases of selected proposals, and CalRecycle may fund an amount less than requested.

CalRecycle reserves the right to not award any grant funds under one or more cycles.

Grant Award Conditions

When awarded, this grant will be subject to two conditions:

1. The recommended grantee must pay all outstanding debts due to CalRecycle, or bring current outstanding payments owed to CalRecycle, within 60 days of the award email date.
2. The recommended grantee's Signature Authority (or their delegated signature authority) must sign and return the Grant Agreement to CalRecycle. CalRecycle must receive the signed Grant Agreement within 60 days of the date of the award email.

Failure to comply with either condition will void the grant award.

Grant Program Administration

Grant Agreement

The Grant Agreement binds the Grantee to CalRecycle's requirements as outlined in the Grant Agreement documents. CalRecycle will send the Grant Agreement Cover Sheet electronically to allow for a certified e-signature using Adobe Sign.

These documents shall guide the grantee's administration of the grant project.

Following CalRecycle's conditional approval of the grant awards, we will email grantees the information below.

- **Award email**
- **Grant Agreement Cover Sheet (CalRecycle 110)**
- **Exhibit A: Terms and Conditions**
 - Contain CalRecycle standard legal requirements for grants
- **Exhibit B: Procedures and Requirements**
 - Contain specific requirements for administering this grant, including but not limited to project, reporting, and audit requirements
- **Exhibit C: Grantee's approved application with revisions, if any, and any amendments**
- **e-Signature Instructions for Awardees**
 - Contains instruction on how to sign the Grant Agreement Cover Sheet using Adobe Sign

Reporting Process

CalRecycle requires grantees to report on the progress of their grant on bi-annual basis. The Procedures and Requirements document contains detailed reporting information and deadlines.

Payment Request Process

CalRecycle will retain 10 percent of each approved Payment Request amount until the Grant Manager approves the Final Report, the final Payment Request, and all required supporting documentation. The Procedures and Requirements document contains detailed payment information.
