Grant Cycle Overview

The Department of Resources Recycling and Recovery (CalRecycle) offers the Beverage Container Recycling Grant Program pursuant to Section 14581(a)(4) of the Public Resources Code. The purpose of the grant is to issue up to \$1,500,000 annually in the form of grants for beverage container recycling and litter reduction programs to promote increased recycling of beverage containers throughout California and reduce beverage container litter in the waste stream.

This resource document provides applicants with instructions to access and complete the application online and information about grant administration. The web-based application is in CalRecycle's [Grants Management System \(GMS\)](https://www.calrecycle.ca.gov/Funding/GMS/) (<https://www.calrecycle.ca.gov/Funding/GMS/>). The applicant will need to sign in to GMS to complete and submit an application.

Eligible Applicants

California Labor Code section 1782 prohibits a charter city from receiving state funding or financial assistance for construction projects if that charter city does not comply with Labor Code sections 1770-1782. If any applicants or participating entities are charter cities or Joint Powers Authorities that include charter cities, the lead participating entity must certify on the Detail tab of the application that Labor Code section 1782 does not prohibit any included charter city from receiving state funds for the project described in this application. If it is determined after award that an applicant or participating entity is a charter city prohibited from receiving state funds for this grant project, the grant will be terminated and any disbursed grant funds shall be returned to CalRecycle.

Private, non-profit entities, in addition to being registered with the California Secretary of State, must also be registered with the California Department of Justice, and appear on their Registry of Charitable Trusts. If a non-profit entity is excluded from registering with the Department of Justice, proof must be provided with the application.

Only one application or a joint application can be submitted per entity. One entity must be identified as the lead applicant to act on behalf of itself and its participating jurisdictions. The grants are available to:

- California cities, counties, state agencies, and other local governmental entities.
- Special districts (e.g., recreational park districts).
- Public colleges and universities, and public K-12 school districts.
- Non-profit organizations (except private schools K-12) registered with the federal government under 501(c)3, (c),6, or (c)10 of the Internal Revenue Code.
- Qualifying Tribal Entities.
 - A “Qualifying Tribal Entity” is defined as a tribe, band, nation or other organized group of community, residing within the borders of California, which:
 - Is recognized for special programs and services provided by the United States because of the status of its members as Native Americans; or
 - Can establish that it is a government entity and which meets the criteria of the grant program.
- Joint Powers Authorities (JPA) as an eligible entity (where all of the participating entities are otherwise eligible).

Note: Applicants that were awarded in the last two fiscal years (FY 2021–22 and FY 2020–21) from the eligible applicant pool will be excluded for eligibility.

- To find a listing of previous grant awards please use the Grants by [Grant Cycle report](https://www2.calrecycle.ca.gov/Funding/Grants/ByCycle) (<https://www2.calrecycle.ca.gov/Funding/Grants/ByCycle>).

Individual Application

An Individual Application is one in which a single eligible entity will be responsible for grant implementation. The applicant in an Individual Application will be responsible for the performance of the grant and all related documentation. In addition, the applicant will be the only entity receiving any real or personal property that is purchased with grant funds.

Cooperative Application

Entities may join together in a Cooperative Application in which two or more eligible entities join together for the purpose of grant implementation. A Lead Participant must be designated to act on behalf of all Non-Lead Participants. The Lead Participant is the entity who will be responsible for the performance of the grant and all required documentation. All Non-Lead Participants are considered applicants and will be grantees should the application be awarded. CalRecycle will direct all official correspondence and grant payments to the Lead Participant. The Lead Participant is responsible for reimbursing Non-Lead Participants' costs prior to submitting a payment request to CalRecycle. All entities involved with a cooperative application will be required to execute a grant agreement.

Regional Application (Local Governments Only)

Local governments may join together in a Regional Application in which two or more eligible jurisdictions join together for the purpose of grant implementation. A Regional Lead Participant must be designated to act on behalf of all Non-Lead Participants. The Lead Participant is the applicant, and if awarded, will be the grantee responsible for the performance of the grant and all required documentation. CalRecycle will direct all official correspondence and grant payments to the Lead Participant. If a jurisdiction is a Non-Lead Participant in a Regional Application, it may not apply individually.

Joint Powers Authority Application Requirements

Joint Powers Authorities (JPA) may submit a grant application as an individual applicant. An entity may not submit an individual application if that entity is also a member of an applicant JPA. In addition to the requirements for an Individual Application, a JPA must upload a copy of its JPA Agreement.

The JPA Agreement must:

1. Give authority over solid waste management.
2. List all member entities.
3. Contain the signature of all members.

Eligible Projects/Products

CalRecycle is seeking projects that implement new programs or enhance existing programs to provide convenient beverage container recycling opportunities in various locations statewide. Eligible projects include:

- Multi-family residential dwellings (five units or more).
- Public colleges/universities, non-profit colleges/universities, and public K-12 school districts.
- Curbside Residential Program locations (excluding single stream).

- Community events including, but not limited to, those sponsored by local jurisdictions.
- Parks/recreational areas.
- Purchase of water refill stations, including the installation, education and outreach, or replacement of infrastructure, plumbing, maintenance, additional attachments or modifications.
- Litter reduction and cleanup along the United States-Mexico border where the waste stream includes beverage containers that will be recycled.
 - Out of State beverage containers collected as part of the litter abatement and cleanup projects cannot be funded under this grant program.

Ongoing collection programs may include the following activities as a component of the grant project:

- Temporary Community events (i.e., recycling or collection events sponsored by local jurisdictions, Earth Day events).
- Drop-off, Collection Program, or Community Service Program.
- Education and Outreach related to beverage container recycling.

Note: Education activities and/or materials (signage, flyers, curriculum, etc.) related to the beverage container recycling project are capped at 25 percent of the total grant award.

- Funding must have a direct connection to the California Redemption Value (CRV) of beverage containers and the overall program. If non-CRV items are included in the grant, they are subject to proportional cost. For example: a three-bin system with composting, paper and CRV recycling, can only be funded at one third of the cost. A mixed recycling bin will be funded proportionately based on the CRV content of materials collected.

Available Funds

- \$1,500,000 is available for each grant cycle, fiscal years 2022–23 and 2023–24, subject to funding availability.
- \$75,000 is the minimum available for individual grant awards.
- \$275,000 is the maximum available for individual grant awards.
- For Regional/Cooperative applications: \$275,000 is the maximum available for the joint grant award, subject to funding availability.

Grant Term

The Grant Term begins on the date that CalRecycle sends the Notice to Proceed email. The Grant Term ends on April 1, 2025 (RBC34 FY 2022–23) or April 1, 2026 (RBC35 FY 2023–24).

For detailed information about requirements within the grant term, refer to the Procedures and Requirements document.

Eligible and Ineligible Costs

Grantees may incur eligible costs only during the Grant Term. For detailed information about eligible and ineligible costs, refer to the Procedures and Requirements document.

Applications Guidelines and Instructions

Beverage Container Recycling Grant Program, RBC34 (FY 2022–23) and RBC35 (FY 2023–24)

Environmentally Preferable Purchases and Practices Policy Requirement

Consistent with CalRecycle's core values, CalRecycle requires all applicants to have or develop, adopt, and implement an Environmentally Preferable Purchasing and Practices (EPPP) Policy for their organizations.

Applicants who have an EPPP Policy in place prior to submitting their application must certify to this fact on the Detail tab in the application. If applicants do not have an EPPP Policy in place prior to submitting their application, they must certify to the fact that a Policy will be adopted by the secondary due date on the Detail tab in the application.

Some additional practices that CalRecycle encourages organizations to include in their EPPP Policies are:

- Buildings and Grounds
 - All building and renovations follow the green building practices for design, construction and operation, where appropriate, as described in the Leadership in Energy and Environmental Design [Green Building Rating System](https://www.usgbc.org/resources/leed-v4-building-design-and-construction-current-version) (<https://www.usgbc.org/resources/leed-v4-building-design-and-construction-current-version>).
- Continual Improvement
 - Training is provided to new and existing employees.
 - Organization regularly evaluates and/or improves implementation of EPPP policy.

Additional EPPP Policy resources include:

- [Tools and Resources](https://www.calrecycle.ca.gov/EPP/Resources/) (<https://www.calrecycle.ca.gov/EPP/Resources/>)
- [Laws and Policies](https://www.calrecycle.ca.gov/EPP/LawPolicy/) (<https://www.calrecycle.ca.gov/EPP/LawPolicy/>)
- [Responsible Purchasing Network](http://www.responsiblepurchasing.org/purchasing_guides/all/policies/) (http://www.responsiblepurchasing.org/purchasing_guides/all/policies/)

Note: In Regional/Cooperative Applications, the Lead and Non-Lead Participants will each need an EPPP Policy. If a Joint Powers Authority (JPA) applies, only the JPA needs an EPPP Policy.

For more information, visit the [EPPP Frequently Asked Questions web page](https://www.calrecycle.ca.gov/Funding/EPPPQandA) (<https://www.calrecycle.ca.gov/Funding/EPPPQandA>).

AB 712 Land Use Restriction – Supermarket Site

Public Resources Code section 14583 prohibits CalRecycle from making any payments, grants, or loans to a city, county, or city and county, if the city, county, or city and county has adopted or is enforcing a land use restriction that prevents the siting or operation of a certified recycling center at a supermarket site. Assembly Bill 712 (Chapter 576, Statutes of 2011) enacted on October 8, 2011, and added Public Resources Code section 14583, notwithstanding section 14581, to the California Beverage Container Recycling and Litter Reduction Act.

Questions and Answers Process

Questions regarding the application and its requirements must be emailed to BevContainerGrants@CalRecycle.ca.gov. CalRecycle must receive the questions by September 7, 2022 or the questions will not be accepted.

CalRecycle may post the Questions and Answers periodically during the Questions and Answers period. Applicants or interested parties may access the Questions and Answers web page from the Notice of Funds Available web page or from the application. CalRecycle may group together similar or related questions or re-word them for clarity, and respond to them as one question. CalRecycle will post all Questions and Answers approximately two weeks after the deadline. The posted Questions and Answers are subject to updates. It is the applicant's responsibility to check the Questions and Answers web page for the latest information.

Public Records Requests

CalRecycle's policy is to make records requested by the public promptly available in accordance with the laws governing disclosure of records and information to the public. In general, all records in the possession of a state agency are public records subject to disclosure, unless a law provides that a particular kind of record or information is not a public record or is exempt or prohibited from disclosure.

Upon request, the entire contents of the submitted application are subject to public records requests. This may include contact information, project summary, uploaded documents, and scoring information. Public records may be requested from CalRecycle through the [California Public Records Act Requests web page](https://www2.calrecycle.ca.gov/Forms/ContactUs/PublicRecordsRequest/) (<https://www2.calrecycle.ca.gov/Forms/ContactUs/PublicRecordsRequest/>).

Confidentiality

The following describes the treatment of certain confidential or proprietary information under the California Public Records Act (Government Code 6250, et seq.) and related regulations. It also describes how questions are resolved on whether information is truly confidential, the legal protections for confidential information, and internal and program procedures to maintain confidentiality.

Confidential or Proprietary Information

Title 14 of the California Code of Regulations (14 CCR), [sections 17041-17046](https://www.calrecycle.ca.gov/Laws/Regulations/Title14/) (<https://www.calrecycle.ca.gov/Laws/Regulations/Title14/>), states that confidential or proprietary information shall include, but is not limited to:

- Personal or business-related financial data, customer client lists, supplier lists and other information of a proprietary or confidential business nature provided by persons in applications, reports, returns, certifications or other documents submitted to [CalRecycle] which if released would result in harmful effects on the person's competitive position.
- Tax information prohibited from disclosure, pursuant to the Revenue and Taxation Code.

Accordingly, appropriate documents submitted with an application that are clearly marked, on each page, "confidential or proprietary information" will be treated by

Applications Guidelines and Instructions

Beverage Container Recycling Grant Program, RBC34 (FY 2022–23) and RBC35 (FY 2023–24)

CalRecycle pursuant to the procedures set forth in 14 CCR sections 17041-17046. However, the law does not treat documents marked as “confidential or proprietary information” (such as sales brochures, promotional literature and other general non-financial documents) as confidential if they do not fall within the categories of protected financial documents listed above.

What if there is a question about what is confidential?

If CalRecycle receives a request to disclose data claimed by the applicant to be confidential, CalRecycle would notify the applicant of the request and state that the documents were under review to determine whether information was correctly identified as “confidential.” If there was any question as to whether specific information was confidential, CalRecycle would contact the person(s) identified in the application to provide a justification and statement why the information is confidential. The process for evaluating confidentiality claims is set forth in section 14 CCR 17046.

What procedures does CalRecycle have in place to ensure that confidential information is kept confidential?

Confidential or proprietary information will be evaluated and analyzed only by CalRecycle staff, kept confidential, and will be maintained with restricted access. Grantee businesses agree to provide specific key financial information for three years to develop benchmarks to evaluate the program. Records no longer needed to provide the services offered under the grant program are periodically destroyed, when allowed by audit policies and state law.

Applicant’s Required Authorization Documents

Below is a list of required authorizing documents by application type that the applicant is responsible for preparing and uploading to their application.

Note: For Resolution, Letter of Commitment, Letter of Authorization, and Letter of Designation templates refer to the [Resolution and Letter Examples](https://www.calrecycle.ca.gov/Funding/SampleDocs) (<https://www.calrecycle.ca.gov/Funding/SampleDocs>) web page. CalRecycle staff are available to answer questions about the Resolution and Letter of Commitment or to review your draft Resolution to ensure it meets the requirements of the grant program. You may upload the Resolution or Letter of Commitment to your application as a “Draft Resolution” or “Draft Letter of Commitment” or, for immediate review, email it to grantassistance@calrecycle.ca.gov.

Individual Application Authorization Documents:

If **subject to a governing body (excluding Corporations)**, the applicant must submit a Resolution no later than the secondary due date or CalRecycle will deem the application incomplete and disqualify the applicant. The Resolution must:

1. Authorize submittal of an application for one or more specifically named CalRecycle grant(s) or for all CalRecycle grants for which the applicant is eligible.
2. Identify the time period, up to five years, during which the authorizations are valid.
 - a. Five years is encouraged; however, periods of less than five years are acceptable.
 - b. If a Resolution does not specify a time period, CalRecycle will consider the Resolution valid for one year from the date of adoption.

3. Identify the Signature Authority by listing the job title of the person(s) authorized to sign all grant-related documents necessary to implement and close-out the grant(s).
 - a. (Optional but encouraged) The Resolution should authorize the Signature Authority to delegate their signature authority to another person identified by job title. Applicants can only submit a Letter of Designation if the corresponding Resolution includes designee language.
 - b. Be signed or certified by the governing body.

Note: The Signature Authority must sign a Letter of Designation **prior** to the designee's exercise of their authority.

If **not subject to a governing body**, applicants must submit a Letter of Commitment (LOC). Publicly held businesses or private for-profit companies may submit an LOC even if they are subject to a governing body under the condition that the signatory is an individual authorized to contractually bind the applicant for the conditions of the grant award. The LOC is due by the secondary due date or CalRecycle will deem the application as incomplete and disqualify the applicant.

The LOC must:

1. Be on official letterhead.
2. Specify the Fiscal Year and the grant program name.
3. Authorize submittal of the (Name of Grant Program) application on behalf of applicant.

Cooperative Application Authorizing Documents:

Lead Participant

If **subject to a governing body (excluding Corporations)** applicants must submit a Resolution no later than the secondary due date or CalRecycle will deem the application incomplete and disqualify the applicant.

The Resolution must:

1. Authorize submittal of a Cooperative Application on behalf of itself and all other participating entities for a specifically named CalRecycle grant.
2. Identify the Signature Authority by listing the job title of the person(s) authorized to sign all grant-related documents necessary to implement and close-out the grant(s).
 - a. (Optional but encouraged) The Resolution should authorize the Signature Authority to delegate their signature authority to another person identified by job title. Applicants can only submit a Letter of Designation if the corresponding Resolution includes designee language.
 - b. Be signed or certified by the governing body.

Note: The Signature Authority must sign a Letter of Designation **prior** to the designee's exercise of their authority.

If **not subject to a governing body** applicants must submit a Letter of Commitment (LOC). Publicly held businesses or private for-profit companies may submit an LOC even if they are subject to a governing body under the condition that the signatory is an individual authorized to contractually bind the applicant for the conditions of the grant award. The LOC is due by the secondary due date or CalRecycle will deem the application as incomplete and will disqualify the applicant.

The LOC must:

1. Be on official letterhead.
2. Specify the Fiscal Year and the grant program name.
3. Authorize the submittal of a Cooperative Application on behalf of itself and all other Non-Lead Participants.
4. List all Non-Lead Participants.
5. Designate the job title of the person authorized to execute all grant documents necessary to secure grant funds and implement the approved grant project (Signature Authority).
 - a. The LOC may also authorize the Signature Authority to delegate this authority.
6. Be signed by an individual authorized to contractually bind the applicant.

Non-Lead Participant

If **subject to a governing body (excluding Corporations)**, applicants must submit a Resolution that:

1. Authorizes submittal of a Cooperative Application with [name of lead] as Lead Participant, and itself as a Non-lead Participant for a specifically named CalRecycle grant.
2. Identifies the Signature Authority by listing the job title of the person(s) authorized to sign all grant-related documents necessary to implement and close-out the grant(s).
3. Is signed or certified by the governing body.

If **not subject to a governing body**, applicants must submit a Letter of Commitment (LOC). Publicly held businesses or private for-profit companies may submit an LOC even if they are subject to a governing body under the condition that the signatory is an individual authorized to contractually bind the applicant for the conditions of the grant award. The LOC is due by the secondary due date or CalRecycle will deem the application as incomplete and disqualify the applicant.

The LOC must:

1. Be on official letterhead.
2. Specify the Fiscal Year and the grant program name.
3. Authorize the submittal of a Cooperative Application with [name of lead] as Lead Participant, and itself as a Non-Lead Participant.

4. Designate the job title of the person authorized to execute all grant documents necessary to secure grant funds and implement the approved grant project (Signature Authority).
 - a. The LOC may also authorize the Signature Authority to delegate this authority.
5. Be signed by an individual authorized to contractually bind the applicant.

Regional Application Authorization Documents:
Lead Participant

Applicant must submit a Resolution no later than the secondary due date or CalRecycle will deem the application incomplete and disqualify the applicant.

The Resolution must:

1. Authorize submittal of a Regional Application on behalf of itself as Lead Participant and all other Non-lead Participants for a specifically named CalRecycle grant.
2. Identify the time period, up to five years, during which the authorizations are valid.
 - a. Five years is encouraged; however, periods of less than five years are acceptable.
 - i. A Resolution that is valid for more than 1 year must contain either:
 1. a list of all potential jurisdictions that may serve as Non-Lead Participants, or
 2. a provision that the Signature Authority may alter the list of Non-Lead Participants for each grant cycle.
 - b. If a Resolution does not specify a time period, CalRecycle will consider the Resolution valid for one year from the date of adoption.
3. Identify the Signature Authority by listing the job title of the person(s) authorized to sign all grant-related documents necessary to implement and close-out the grant(s).
 - c. (Optional but encouraged) The Resolution should authorize the Signature Authority to delegate their signature authority to another person identified by job title. Applicants can only submit a Letter of Designation if the corresponding Resolution includes designee language.
 - d. Be signed or certified by the governing body.

Non-lead Participant

The Non-Lead Participant prepares the Letter of Authorization (LOA) and gives the Lead Participant authorization to apply for and to act on its behalf in the implementation and administration of the grant/program.

Applicant must submit a Letter of Authorization no later than the secondary due date or CalRecycle will remove the Non-Lead Participant(s) from the application.

The LOA must:

1. Be on the Non-Lead Participant's official letterhead.
2. Specify grant program name.
3. Be valid for as long as the Lead Participant's Resolution, not to exceed five years; otherwise, the participating entity must date the letter within the last 12 months.
4. Authorize the Lead Participant to submit a Regional or Collaborative Application and act as Lead Agency on behalf of the Non-Lead Participant.

Applications Guidelines and Instructions

Beverage Container Recycling Grant Program, RBC34 (FY 2022–23) and RBC35 (FY 2023–24)

5. Authorize the Lead Participant to execute all documents necessary to implement the grant.
6. Be signed by an individual authorized to contractually bind the Non-Lead Participant.

Joint Powers Authority Agreement

Joint Powers Authorities (JPA) must upload a copy of their JPA Agreements giving them authority to conduct the project, listing all member entities, and containing the signature of all members. CalRecycle does not require Letters of Authorization for JPA applicants. A JPA applicant must still upload a Resolution as a part of their application and list all JPA members as Non-Lead Participants on the Applicant/Participant tab.

Letter of Designation

CalRecycle requires a Letter of Designation (LOD) only when the Signature Authority identified in the approved Resolution chooses to delegate their signature authority to another person.

The approved Resolution must indicate the Signature Authority's ability to delegate or designate their authority. The applicant must upload the LOD **prior** to the designee's exercise of their authority. If the designee signs an application document in place of the Signature Authority, the applicant must upload the LOD with their application.

The LOD must:

1. Be on the applicant's letterhead.
2. Include the job title of the designee and the scope of the designee's authority.
3. Include the time period during which the designee may exercise the authority.
4. Be signed by the Signature Authority.

The designee's authority may not extend beyond the effective date of the approved Resolution or Letter of Commitment. For example, if the Resolution is effective until December 31, 2022, then the Letter of Designation may not be effective beyond December 31, 2022. If the letter does not identify a valid time period, the letter will follow the same time frame as the Resolution.

Grant Review and Award Process

Grant Application Review Process

After the close of the application period, CalRecycle staff will review the applications for completeness and eligibility. Only complete applications will be considered for award. Applicants must receive a minimum score of 39 points in order to be considered for funding. Applicants will be evaluated and scored by a CalRecycle review panel based on the approved Scoring Criteria for the Beverage Container Recycling Grant Program, FY 2022–23 and 2023–24. You can find the document on the Summary tab, in the Resources Document section of GMS.

Priority funding will be given to Tribal Entities and applicants with litter abatement projects along the United States-Mexico border. Applicants who meet the criteria will be given priority and will be considered for funding first.

Note: Out of State beverage containers collected as part of the litter abatement and cleanup projects cannot be funded under this grant program.

The evaluation committee may suggest modifications to the Budget and/or Work Plan.

Grant Award Process

For qualifying applications, CalRecycle staff will develop funding recommendations for the consideration and approval of CalRecycle’s Director, or their designee; CalRecycle tentatively schedules this for March 2023. CalRecycle reserves the right to partially fund or fund individual phases of selected proposals, and CalRecycle may fund an amount less than requested.

CalRecycle reserves the right to not award any grant funds under one or more cycles.

Grant Award Conditions

When awarded, this grant will be subject to two conditions:

1. The recommended grantee must pay all outstanding debts due to CalRecycle, or bring current outstanding payments owed to CalRecycle, within 60 days of the award email date.
2. The recommended grantee’s Signature Authority (or their delegated signature authority) must sign and return the Grant Agreement to CalRecycle. CalRecycle must receive the signed Grant Agreement within 60 days of the date of the award email.

Failure to comply with either condition will void the grant award.
