CORRECTIVE ACTION PLAN AND COMPLAINT FOR PENALTY
1150.SLCP.CAP.2023.3

Before: The State of California
Department of Resources Recycling and Recovery
1001 I Street
Sacramento, CA 95814

In the Matter of: City of Concord
1455 Gasoline Alley
Concord, CA 94520

BACKGROUND AND PURPOSE

1. The California Department of Resources Recycling and Recovery is hereinafter referred to as "CalRecycle."
- 1.1 CalRecycle, in consultation with the California Air Resources Board, adopted regulatory requirements, consistent with the mandate of Senate Bill 1383 (Lara, Chapter 395, Statutes of 2016), that are designed to achieve the organic waste reduction goals established in section 39730.6 of the Health and Safety Code through a 50 percent reduction in the level of the statewide disposal of organic waste from the 2014 level by 2020 and a 75 percent reduction in the level of the statewide disposal of organic waste from the 2014 level by 2025. The purpose of these reductions is to further the statewide effort to reduce emissions of short-lived climate pollutants (SLCP), including methane. These SLCP regulations are referred to hereinafter as the "Regulations" and can be found at Title 14 California Code of Regulations (CCR) sections 18981.1 through 18998.4. Cities, counties, and special districts are responsible for implementing these Regulations in their communities starting January 1, 2022.
- 1.2 The City of Concord is hereinafter referred to as "Jurisdiction." Jurisdiction is required to comply with the Regulations.
- 1.3 Jurisdiction is or expects to be facing continuing violations of the Regulations commencing during the 2022 calendar year, which could result in significant administrative civil penalties under the Regulations.
- 1.4 Senate Bill 619 (Laird, Chapter 508, Statutes of 2021), through amendments to section 42652.5 of the Public Resources Code (PRC), created a mechanism called

a Notification of Intent to Comply through which a local jurisdiction may secure administrative civil penalty relief from any continuing violations of the Regulations for the 2022 calendar year and may be eligible for a broader and longer-term regulatory compliance path, including suspended administrative civil penalties, through a Corrective Action Plan.

- 1.5 Under PRC section 42652.5(e), the Notification of Intent to Comply must include a description of proposed actions to remedy the violations, as well as a proposed schedule for those actions, that the Jurisdiction commits to undertake to remedy the violations.
- 1.6 The Notification of Intent to Comply is hereinafter referred to as "Notification."
- 1.7 For violations taking more than 180 days to correct, PRC section 42652.2 allows CalRecycle to determine, in its sole discretion, that violations identified in a Notification may be addressed through a Corrective Action Plan issued pursuant to 14 CCR section 18996.2.
- 1.8 The Corrective Action Plan is hereinafter referred to as "CAP."
- 1.9 For violations disclosed in the Notification approved by CalRecycle as meeting the requirements of PRC section 42652.5(e), CalRecycle shall waive administrative civil penalties during the 2022 calendar year if the Jurisdiction implements the proposed actions according to the approved Notification's schedule of actions and, as applicable, approved CAP schedule of actions.
- 1.10 For violations disclosed in the Notification that commence during the 2022 calendar year and continue into the 2023 calendar year, administrative civil penalties may begin accruing as of January 1, 2023. SB 619 provides administrative civil penalties accruing on and after January 1, 2023, shall be waived upon complete compliance with an approved CAP schedule of action.

DETERMINATION OF VIOLATIONS

2. As authorized by PRC section 42652.5(c), the Jurisdiction notified CalRecycle of its ongoing or anticipated violations of the Regulations and the PRC through a Notification submitted March 1, 2022.
- 2.1 CalRecycle reviewed the Jurisdiction's Notification, its description of the Jurisdiction's disclosed violations of the Regulations, and proposed actions and schedule for those actions to remedy those violations for compliance with PRC section 42652.5(e). CalRecycle approved the Notification's proposed actions and schedule of actions, as modified by this CAP.

- 2.2 The Jurisdiction’s Notification identified the following violations of the Regulations as follows:
- 2.2.1 The Jurisdiction is and has been in violation of 14 CCR section 18984.1 in that since January 1, 2022, the Jurisdiction has not provided three-container organic waste collection service to all residential and commercial generators and has not included food scrap collection service in the three-container collection system provided to all residential and commercial generators.
 - 2.2.2 The Jurisdiction is and has been in violation of 14 CCR section 18984.8 in that since January 1, 2022, the Jurisdiction has not distributed new containers with proper container labeling.
 - 2.2.3 The Jurisdiction is and has been in violation of 14 CCR section 18985.1 in that since February 1, 2022, the Jurisdiction has not provided education and outreach to organic waste generators that are provided an organic waste collection service, including self-haulers, or the information provided did not comply with the requirements.
- 2.3 CalRecycle accepted the Jurisdiction’s self-reported Notification and characterization of its violations therein. CalRecycle has not undertaken a compliance review of Jurisdiction, and thus CalRecycle’s approval of the Notification or this CAP should not be taken as an indication that Jurisdiction is in full compliance with Regulations in other respects. CalRecycle will be undertaking a compliance review of all jurisdictions in the future.

SCHEDULE FOR COMPLIANCE

3. Based on the foregoing DETERMINATION OF VIOLATIONS, CalRecycle finds that:
- a. The Jurisdiction worked with CalRecycle to develop this CAP, which includes schedule of actions necessary for the Jurisdiction to achieve address the violations disclosed in the Notification and described in Section 2 (Determination of Violations) above.
 - b. CalRecycle hereby approves and issues this CAP pursuant to PRC section 42652.5(c)-(e) and Title 14 CCR section 18996.2.
 - c. The Jurisdiction will fully implement the programs identified in this CAP by the dates provided in the Table 1 below.
 - d. CalRecycle will monitor the Jurisdiction’s continued implementation of the programs identified in the CAP from March 29, 2023 through March 31, 2024 (“the oversight period”) to assure implementation is complete and timely. The oversight period may be extended at the discretion of CalRecycle if any extensions to the Schedule are granted as described below in Sections 4.4 and 4.5.
 - e. During the oversight period, the Jurisdiction will submit status reports to CalRecycle and attend status meetings with CalRecycle to demonstrate the

ongoing progress the Jurisdiction is making on remedying the violations described above.

- f. During the oversight period, the Jurisdiction will provide bimonthly status reports to CalRecycle:

Report Cycle

Report 1: May 31, 2023, covering March 1, 2023 – April 30, 2023

Report 2: July 31, 2023, covering May 1, 2023 – June 30, 2023

Report 6: March 31, 2024, covering January 1, 2024 – March 1, 2024

- g. The status reports are to be used to document the status and work completed for each of the identified tasks in the CAP. For each task in the CAP, the Jurisdiction will explain the status of the task, specifying what actions have been taken to complete the task.
- h. If the work has been delayed or has not been completed, the Jurisdiction will explain the reason(s) for the delay/incompletion. The Jurisdiction will also attach any previously submitted extension requests made pursuant to section 4.4 of this CAP and any extensions granted pursuant to section 4.5 of this CAP, using additional sheets as necessary for the report. CalRecycle may consider the explanation in deciding whether to allow the Jurisdiction to continue to operate under the Notification and CAP or to revoke approval of the Notification and CAP pursuant to PRC section 42652.5(d).
- i. During the oversight period, the Jurisdiction will meet with CalRecycle telephonically or via other remote electronic means (such as Teams or Zoom) bimonthly to provide interim progress updates on the following schedule:

Meeting 5: During December 2023

Meeting 6: During February 2024

- j. The status meetings are to be used to discuss the most recent status report and to discuss interim progress made by the Jurisdiction on each of the identified tasks in the CAP.
- k. Prior to the close of the oversight period, CalRecycle may undertake a compliance review or field visit to supplement other status reporting.
- l. At any time prior to the conclusion of the oversight period, if CalRecycle determines the Jurisdiction has failed to implement the programs identified in

the Notification and CAP, has failed to participate in status reporting during the oversight period, has substantially misrepresented its progress in status reporting, or has substantially failed to make interim progress on Tasks set out in Table 1 for four consecutive reporting periods, CalRecycle may immediately issue a notice revoking its approval of the Notification and CAP and indicating its intent to impose penalties as provided in PRC section 42652.5. Title 14 CCR sections 18997.3, 18997.5, and 18997.6 and PRC section 42652.5 governs the process and considerations CalRecycle will utilize in calculating and assessing administrative civil penalties against the Jurisdiction, which may be up to \$10,000 per day per violation.

1150.SLCP.CAP.2023.3

On January 8, 2024, the City of Concord requested an amendment to part of their tasks for Corrective Action Plan No. 1150.SLCP.CAP.2023.3. The City of Concord only requested a change in the task requirement. The justification provided for the task requirement is included in the attached request.

Requested Change to Task:

Task #	Original Task Language	Proposed Task Language
3	The Jurisdiction will require and verify construction will be completed for the organics infrastructure at MDRRP. Build 82,500 square foot organics building necessary for accepting and processing residential organics waste at the MDRRP.	The Jurisdiction will require MDRR to adjust receiving facility operations to guarantee capacity is sufficient for receipt of residential and commercial mixed organic materials.

The City of Concord's request for task amendment shows good cause and provides reasonable alternate task for completion. The impacted task does not affect the final completion date of the Corrective Action Plan. Therefore, the request is approved. The amendment will be included as an addendum to the March 29, 2023 Corrective Action Plan No. 1150.SLCP.CAP.2023.3.
