BACKGROUND AND PURPOSE

1. The California Department of Resources Recycling and Recovery is hereinafter referred to as "CalRecycle."
- 1.1 CalRecycle, in consultation with the California Air Resources Board, adopted regulatory requirements, consistent with the mandate of Senate Bill 1383 (Lara, Chapter 395, Statutes of 2016), that are designed to achieve the organic waste reduction goals established in section 39730.6 of the Health and Safety Code through a 50 percent reduction in the level of the statewide disposal of organic waste from the 2014 level by 2020 and a 75 percent reduction in the level of the statewide disposal of organic waste from the 2014 level by 2025. The purpose of these reductions is to further the statewide effort to reduce emissions of short-lived climate pollutants (SLCP), including methane. These SLCP regulations are referred to hereinafter as the "Regulations" and can be found at Title 14 California Code of Regulations (CCR) sections 18981.1 through 18998.4. Cities, counties, and special districts are responsible for implementing these Regulations in their communities starting January 1, 2022.
- 1.2 The City of Beverly Hills is hereinafter referred to as "Jurisdiction." Jurisdiction is required to comply with the Regulations.
- 1.3 Jurisdiction is or expects to be facing continuing violations of the Regulations commencing during the 2022 calendar year, which could result in significant administrative civil penalties under the Regulations.
- 1.4 Senate Bill 619 (Laird, Chapter 508, Statutes of 2021), through amendments to section 42652.5 of the Public Resources Code (PRC), created a mechanism called

Corrective Action Plan

a Notification of Intent to Comply through which a local jurisdiction may secure administrative civil penalty relief from any continuing violations of the Regulations for the 2022 calendar year and may be eligible for a broader and longer-term regulatory compliance path, including suspended administrative civil penalties, through a Corrective Action Plan.

- 1.5 Under PRC section 42652.5(e), the Notification of Intent to Comply must include a description of proposed actions to remedy the violations, as well as a proposed schedule for those actions, that the Jurisdiction commits to undertake to remedy the violations.
- 1.6 The Notification of Intent to Comply is hereinafter referred to as "Notification."
- 1.7 For violations taking more than 180 days to correct, PRC section 42652.2 allows CalRecycle to determine, in its sole discretion, that violations identified in a Notification may be addressed through a Corrective Action Plan issued pursuant to 14 CCR section 18996.2.
- 1.8 The Corrective Action Plan is hereinafter referred to as "CAP."
- 1.9 For violations disclosed in the Notification approved by CalRecycle as meeting the requirements of PRC section 42652.5(e), CalRecycle shall waive administrative civil penalties during the 2022 calendar year if the Jurisdiction implements the proposed actions according to the approved Notification's schedule of actions and, as applicable, approved CAP schedule of actions.
- 1.10 For violations disclosed in the Notification that commence during the 2022 calendar year and continue into the 2023 calendar year, administrative civil penalties may begin accruing as of January 1, 2023. SB 619 provides administrative civil penalties accruing on and after January 1, 2023, shall be waived upon complete compliance with an approved CAP schedule of action.

#### DETERMINATION OF VIOLATIONS

2. As authorized by PRC section 42652.5(c), the Jurisdiction notified CalRecycle of its ongoing or anticipated violations of the Regulations and the PRC through a Notification submitted February 28, 2022.
- 2.1 CalRecycle reviewed the Jurisdiction's Notification, its description of the Jurisdiction's disclosed violations of the Regulations, and proposed actions and schedule for those actions to remedy those violations for compliance with PRC section 42652.5(e). CalRecycle approved the Notification's proposed actions and schedule of actions, as modified by this CAP.

- 2.2 The Jurisdiction's Notification identified the following violations of the Regulations as follows:
- 2.2.1 The Jurisdiction is and has been in violation of 14 CCR section 18984.2 in that since January 1, 2022, the Jurisdiction has not provided two-container organic waste collection service to all commercial generators and/or has not included food scrap collection service in the two-container collection system provided to all commercial generators.
  - 2.2.2 The Jurisdiction is and has been in violation of 14 CCR section 18984.5 in that since January 1, 2022, the Jurisdiction has not conducted container contamination minimization for the residential or commercial sector.
  - 2.2.3 The Jurisdiction is and has been in violation of 14 CCR section 18984.6 in that since January 1, 2022, the Jurisdiction has not met recordkeeping requirements for compliance with container contamination minimization.
  - 2.2.4 The Jurisdiction is and has been in violation of 14 CCR section 18984.8 in that since January 1, 2022, the Jurisdiction has not distributed new containers with proper container labeling.
  - 2.2.5 The Jurisdiction is and has been in violation of 14 CCR section 18984.11 in that since January 1, 2022, the Jurisdiction has not verified each waived generator is eligible for a waiver.
  - 2.2.6 The Jurisdiction is and has been in violation of 14 CCR section 18993.1 in that since January 1, 2022, the Jurisdiction has not procured recovered organic waste products to meet or exceed its current annual recovered organic waste product procurement target.
- 2.3 CalRecycle accepted the Jurisdiction's self-reported Notification and characterization of its violations therein. CalRecycle has not undertaken a compliance review of Jurisdiction, and thus CalRecycle's approval of the Notification or this CAP should not be taken as an indication that Jurisdiction is in full compliance with Regulations in other respects. CalRecycle will be undertaking a compliance review of all jurisdictions in the future.

### SCHEDULE FOR COMPLIANCE

3. Based on the foregoing DETERMINATION OF VIOLATIONS, CalRecycle finds that:
- a. The Jurisdiction worked with CalRecycle to develop this CAP, which includes schedule of actions necessary for the Jurisdiction to achieve address the violations disclosed in the Notification and described in Section 2 (Determination of Violations) above.
  - b. CalRecycle hereby approves and issues this CAP pursuant to PRC section 42652.5(c)-(e) and Title 14 CCR section 18996.2.

The oversight period may be extended at the discretion of CalRecycle if any extensions to the Schedule are granted as described below in Sections 4.4 and 4.5.
- e. During the oversight period, the Jurisdiction will submit status reports to CalRecycle and attend status meetings with CalRecycle to demonstrate the ongoing progress the Jurisdiction is making on remedying the violations described above.
- f. During the oversight period, the Jurisdiction will provide bimonthly status reports to CalRecycle:

Title 14 CCR sections 18997.3, 18997.5, and 18997.6 and PRC section 42652.5 governs the process and considerations CalRecycle will utilize in calculating and assessing administrative civil penalties against the Jurisdiction, which may be up to \$10,000 per day per violation.

  - 4.2 Compliance Review. At the end of the oversight period or at any time deemed appropriate by CalRecycle, CalRecycle will meet with the Jurisdiction to assess the Jurisdiction’s CAP implementation efforts and to determine whether or not the Jurisdiction has timely complied with all commitments in all sections of this CAP. If requested by the Jurisdiction, CalRecycle has discretion to issue notice of a hearing at any time upon its staff’s recommendation that the Jurisdiction has completed the conditions of the CAP. In accordance with PRC section 42652.5, failure to implement programs and or comply with all sections of the CAP at any time may result in CalRecycle’s revocation of its approval of the Notification and CAP and imposition of administrative civil penalties retroactively to the date of violation in 2022, for administrative civil penalties accruing in 2023, and for administrative civil penalties accruing during any other additional time covered by the Notification and CAP. These potentially applicable penalties are described in Section 5.0 of this CAP.
