Before: The State of California  
Department of Resources Recycling and Recovery  
1001 I Street  
Sacramento, CA 95814

In the Matter of: City of Westlake Village  
31200 Oak Crest Drive  
Westlake Village, CA 91361

---

BACKGROUND AND PURPOSE

1. The California Department of Resources Recycling and Recovery is hereinafter referred to as "CalRecycle."
- 1.1 CalRecycle, in consultation with the California Air Resources Board, adopted regulatory requirements, consistent with the mandate of Senate Bill 1383 (Lara, Chapter 395, Statutes of 2016), that are designed to achieve the organic waste reduction goals established in section 39730.6 of the Health and Safety Code through a 50 percent reduction in the level of the statewide disposal of organic waste from the 2014 level by 2020 and a 75 percent reduction in the level of the statewide disposal of organic waste from the 2014 level by 2025. The purpose of these reductions is to further the statewide effort to reduce emissions of short-lived climate pollutants (SLCP), including methane. These SLCP regulations are referred to hereinafter as the "Regulations" and can be found at Title 14 California Code of Regulations (CCR) sections 18981.1 through 18998.4. Cities, counties, and special districts are responsible for implementing these Regulations in their communities starting January 1, 2022.
- 1.2 The City of Westlake Village is hereinafter referred to as "Jurisdiction." Jurisdiction is required to comply with the Regulations.
- 1.3 Jurisdiction is or expects to be facing continuing violations of the Regulations commencing during the 2022 calendar year, which could result in significant administrative civil penalties under the Regulations.
- 1.4 Senate Bill 619 (Laird, Chapter 508, Statutes of 2021), through amendments to section 42652.5 of the Public Resources Code (PRC), created a mechanism called

a Notification of Intent to Comply through which a local jurisdiction may secure administrative civil penalty relief from any continuing violations of the Regulations for the 2022 calendar year and may be eligible for a broader and longer-term regulatory compliance path, including suspended administrative civil penalties, through a Corrective Action Plan.

- 1.5 Under PRC section 42652.5(e), the Notification of Intent to Comply must include a description of proposed actions to remedy the violations, as well as a proposed schedule for those actions, that the Jurisdiction commits to undertake to remedy the violations.
- 1.6 The Notification of Intent to Comply is hereinafter referred to as "Notification."
- 1.7 For violations taking more than 180 days to correct, PRC section 42652.2 allows CalRecycle to determine, in its sole discretion, that violations identified in a Notification may be addressed through a Corrective Action Plan issued pursuant to 14 CCR section 18996.2.
- 1.8 The Corrective Action Plan is hereinafter referred to as "CAP."
- 1.9 For violations disclosed in the Notification approved by CalRecycle as meeting the requirements of PRC section 42652.5(e), CalRecycle shall waive administrative civil penalties during the 2022 calendar year if the Jurisdiction implements the proposed actions according to the approved Notification's schedule of actions and, as applicable, approved CAP schedule of actions.
- 1.10 For violations disclosed in the Notification that commence during the 2022 calendar year and continue into the 2023 calendar year, administrative civil penalties may begin accruing as of January 1, 2023. SB 619 provides administrative civil penalties accruing on and after January 1, 2023, shall be waived upon complete compliance with an approved CAP schedule of action.

#### DETERMINATION OF VIOLATIONS

2. As authorized by PRC section 42652.5(c), the Jurisdiction notified CalRecycle of its ongoing or anticipated violations of the Regulations and the PRC through a Notification submitted February 28, 2022.
- 2.1 CalRecycle reviewed the Jurisdiction's Notification, its description of the Jurisdiction's disclosed violations of the Regulations, and proposed actions and schedule for those actions to remedy those violations for compliance with PRC section 42652.5(e). CalRecycle approved the Notification's proposed actions and schedule of actions, as modified by this CAP.

- 2.2 The Jurisdiction's Notification identified the following violations of the Regulations as follows:
- 2.2.1 The Jurisdiction is and has been in violation of 14 CCR section 18984.1 in that since January 1, 2022, the Jurisdiction has not provided three-container organic waste collection service to all commercial generators and has not included food scrap collection service in the three-container collection system provided to all residential.
  - 2.2.2 The Jurisdiction is and has been in violation of 14 CCR section 18984.4 in that since January 1, 2022, the Jurisdiction has not met recordkeeping requirements for compliance with Organic Waste Collection Services.
  - 2.2.3 The Jurisdiction is and has been in violation of 14 CCR section 18984.5 in that since January 1, 2022, the Jurisdiction has not conducted container contamination minimization for the residential or commercial sector.
  - 2.2.4 The Jurisdiction is and has been in violation of 14 CCR section 18984.6 in that since January 1, 2022, the Jurisdiction has not met recordkeeping requirements for compliance with container contamination minimization.
  - 2.2.5 The Jurisdiction is and has been in violation of 14 CCR section 18984.7 in that since January 1, 2022, the Jurisdiction has not distributed new containers meeting the container color requirements.
  - 2.2.6 The Jurisdiction is and has been in violation of 14 CCR section 18984.8 in that since January 1, 2022, the Jurisdiction has not distributed new containers with proper container labeling.
  - 2.2.7 The Jurisdiction is and has been in violation of 14 CCR section 18984.11 in that since January 1, 2022, the Jurisdiction has not verified each waived generator is eligible for a waiver.
- 2.3 CalRecycle accepted the Jurisdiction's self-reported Notification and characterization of its violations therein. CalRecycle has not undertaken a compliance review of Jurisdiction, and thus CalRecycle's approval of the Notification or this CAP should not be taken as an indication that Jurisdiction is in full compliance with Regulations in other respects. CalRecycle will be undertaking a compliance review of all jurisdictions in the future.

### SCHEDULE FOR COMPLIANCE
