

Rigid Plastic Packaging Container (RPPC) Program - Container Manufacturer Certification

*Certification Measurement Period (Calendar Year): (January 1 - December 31)

D (ii). Source Reduction Data - Container Manufacturers [\(14CCR §17945.4\(a\)\(4\)\)](#)

To document Source Reduction achieved by a reduction in rigid plastic packaging container (RPPC) weight, provide the following data below. Document each RPPC and the total source reduction that was achieved. NOTE: Substituting a different material type or resin for the original resin is not source reduction. Refer to regulatory section: [14CCR §17943\(a\)\(2\)\(A\)](#).

Associated Product (in the RPPC)		The type of each RPPC (jar, bottle, clamshell, etc.) 包装类型	Before Source Reduction 废源减少前			After Source Reduction 废源减少后			Date of the Source Reduction (mm/yyyy) 废源减少日期	Total number of RPPCs provided to the Product Manufacturer (optional) during the calendar year 在这年提供给产品制造商的RPPC总数
Product Name/advertised Brand Name (optional) 产品名称/广告品牌 (可选的)	SKU, Product Code, Model Number, or Barcode (optional) 产品代码, 型号 (可选的)		Volume of each RPPC <i>before</i> Source Reduction (specify units) 废源减少前体积	Weight of each RPPC <i>before</i> Source Reduction (grams) 废源减少前重量	Plastic Resin type <i>before</i> Source Reduction 废源减少前塑料类型	Volume of each RPPC <i>after</i> Source Reduction (specify units) 废源减少后体积	Weight of each RPPC <i>after</i> Source Reduction (grams) 废源减少后重量	Plastic Resin type <i>after</i> Source Reduction 废源减少后塑料类型
