

“ It’s now easier than ever for Californians to prevent unused or expired medication from getting in the wrong hands or causing accidental needle stick injuries ... Just drop it off ... or mail it back!”

“This is thanks to a \*FREE mailback program\* expanding across the state.”

CalRecycle approved California’s first-ever statewide industry-run programs dedicated to safe medication and sharps waste disposal!  
it’s easy and convenient ...

Just look for medication drop boxes at participating pharmacies, hospitals, sheriff stations and other locations you can also receive free mail back materials when you buy new needles.
