Enforcement Program Plan Video Now Available

CalRecycle is pleased to announce the release of a new [training video](#) on Enforcement Program Plans (EPP). The EPP training video provides information on the purpose of the EPP, statutory compliance, EPP components, and tools and guidance available to Local Enforcement Agencies (LEA). There is also a [companion document](#) available with links to resources discussed in the video. Links to the training video and the companion document are available on the [LEA training schedule webpage](#).

Please be advised that Registered Environmental Health Specialist Continuing Education Units are **not** available for viewing the video. To download the companion document for the training, please turn off your browser's pop-up blocker.

This announcement is being sent on behalf of the Permitting and Assistance Branch, CalRecycle.
