Westminster, CA 92683

Subject: Request for Implementation Record in Support of Compliance with the
Midway City Sanitary District's Short-Lived Climate Pollutants Program

Dear Robert Housley:

On July 18, 2024, the Department of Resources Recycling and Recovery's (CalRecycle) Jurisdiction and Agency Compliance and Enforcement Branch (JACE) provided notice that it will be conducting a compliance evaluation of the Midway City Sanitary District's (Jurisdiction) Short-Lived Climate Pollutants (SLCP) program (Title 14 of the California Code of Regulations (14 CCR), sections 18981.1 through 18998.4) (Attachment 1). As one of the first steps in the process and pursuant to 14 CCR Section 18995.2(c), CalRecycle requests the Jurisdiction provide access to its SLCP Implementation Record within ten (10) business days from receipt of this letter.

Options for providing CalRecycle access to the Jurisdiction's SLCP Implementation Record include, but are not limited to:

- Uploading to the CalRecycle SharePoint site.
 - Contact your JACE representative if you would like access to CalRecycle's SharePoint site.
- Providing a secure shareable link to the Jurisdiction's electronic document management platform.
- Via email.
- In-person review.

After reviewing the Implementation Record, JACE may request additional information and supporting documentation if the information cannot be found within the Jurisdiction's Implementation Record or Electronic Annual Report.

If you have any questions about the compliance evaluation, contact me, Jennifer Wallin at Jennifer.Wallin@CalRecycle.ca.gov or (562) 492-9685.

Sincerely,

Signature on file

Jeffrey Taylor on behalf of Jennifer Wallin, Environmental Program Manager I
Jurisdiction and Agency Compliance and Enforcement Branch
