Application for Self-Haul Waiver for Commercial Recyclable Refuse

Commercial businesses that self-haul their recyclable waste may apply for a waiver from blue-container collection. Qualifying businesses must separate recyclable and non-recyclable waste and maintain records of proper disposal.

Eligibility Requirements

- Separate all recyclable waste and self-haul it to a facility that processes recyclable waste in compliance with state law.
- Demonstrate that your business's self-haul practices warrant a waiver from mandatory service.

Recordkeeping and Reporting Requirements

- Provide written verification of continued eligibility every three years from approval of waiver.
- Immediately notify the Director if your business no longer meets the waiver requirements, in which case the waiver will be rescinded.
- Maintain records of organic recyclable waste disposal—e.g., paper and cardboard—as required under County Ordinance Code Section B11-201(c) and state law.
