NOTICE

TO: Plastic Market Development Payment Program Participants

SUBJECT: Plastic Market Development Payment Rate for 2025

To ensure that only California Refund Value (CRV) plastic beverage containers are eligible, the Department of Resources Recycling and Recovery (CalRecycle) each year calculates a new statewide average Plastic Market Development Payment (PMDP) rate for PET and HDPE. The PMDP rates are used to determine the total eligible PMDP material for certified entities and product manufacturers after exclusion of all non-qualifying material (out-of-state, plant rejects, industrial scrap plastic, and other non-qualifying plastic material).

Effective January 1, 2025, Plastic Market Development Payment program participants must use the 2025 PMDP rates as noted in the table below.

2025 Plastic Market Development Payment Rate	
Plastic	PMDP Rate
#1 PET	90%
#2 HDPE	14%

*Failure to use the above rates for 2025 reporting quarters will result in incorrect claims and payments.
