Grants Management System (GMS)

GMS is CalRecycle's web-based grant application and Grants Management System. Access to GMS is secure; grantees must log in using a WebPass. WebPass accounts are tied to a specific email address. If an email address changes, or if it becomes inactive, the grantee must create a new WebPass account to continue accessing GMS. Establish or manage a WebPass at [CalRecycle's WebPass page](https://secure.calrecycle.ca.gov/WebPass/) (<https://secure.calrecycle.ca.gov/WebPass/>).

Accessing the Grant

Grantees must [log in to GMS](https://secure.calrecycle.ca.gov/Grants) (<https://secure.calrecycle.ca.gov/Grants>) using their web pass. After logging in, locate the grant in the **My Awarded/Open Grants** table and select the **Grant Management** link. The **Grant Management Module** includes the following sections:

- **Summary tab:** Shows approved budget, paid and remaining amounts. (This section is available to the grantee in read-only mode.)
- **Payment Request tab:** Grantee requests reimbursement.
- **Reports tab:** Grantee uploads required reports.
- **Documents tab:** Grantee uploads all other grant documents that are not supporting documents to a payment request or a report. This section also provides access to documents that were uploaded within other sections of GMS.

Follow the instructions in GMS to work in the system. The following sections describe the reports, transactions, and supporting documents CalRecycle requires.

Contact Updates

Access to the grant is limited to those listed in the **Contacts** tab of the **Application Module** with the “Allow Access” check box marked. A contact may be listed but not granted access by not checking the box. Please note, if a contact is granted access to a grant, they will be able to edit contacts, submit payment requests, upload reports, and view all documents. Those with access may update contact information for all contact types except Signature Authority. Email the assigned Grant Manager regarding any changes to Signature Authority information.

Prior to Commencing Work

Prior to commencing work under this grant, the grantee's Grant Manager or primary contact and authorized grant Signature Authority should review the Terms and Conditions (Exhibit A) and the Procedures and Requirements (Exhibit B) to identify key grant administrative requirements. Evaluation of the grantee's compliance with these requirements is a major focus of grant audits.

Reliable Contractor Declaration

Prior to authorizing a contractor or subcontractor to commence work under this grant, the grantee shall submit to the Grant Manager a declaration from the contractor or subcontractor, signed under penalty of perjury, stating that within the preceding three (3) years, none of the events listed in [section 17050 of Title 14](https://www.calrecycle.ca.gov/Laws/Regulations/Title14/) (<https://www.calrecycle.ca.gov/Laws/Regulations/Title14/>), California Code of Regulations, Natural Resources, Division 7, has occurred with respect to the contractor or subcontractor. The grantee must submit this form for each contractor and subcontractor working under the grant.

If a contractor or subcontractor is placed on the [CalRecycle Unreliable Contractor List](https://www.calrecycle.ca.gov/Funding/Unreliability/) (<https://www.calrecycle.ca.gov/Funding/Unreliability/>) after award of this grant, the grantee may be required to terminate the contract. Obtain the Reliable Contractor Declaration form (CalRecycle 168) from CalRecycle's [Application and Grant Management Tools webpage](https://calrecycle.ca.gov/funding/tools/) (<https://calrecycle.ca.gov/funding/tools/>

The grantee must upload a scanned copy of each signed Reliable Contractor Declaration form in GMS. To upload the form:

1. Go to the **Reports** tab.
2. Click on **Reliable Contractor Declaration** under **Report Type**.
3. Click the **Add Document** button.
4. Select Reliable Contractor Declaration in the **Document Type** drop down box, enter a document title, click the **Browse** button to search and upload the document, and then **Save**.
5. Click on the **Submit Report** button.

For further instructions regarding GMS, including login directions, see the "Grants Management System" section (above).

Ineligible Costs

Any costs not specifically included in the approved Budget and not directly related to the Local Conservation Corps Grant Program and the approved grant project are ineligible for reimbursement. The grantee should contact the Grant Manager if clarification is needed. Ineligible costs include, but are not limited to:

- Costs incurred prior to July 1, 2025 or after the Grant Term end date.
- Costs inconsistent with local, state, and federal statutes, ordinances, or regulations.

 - Exception: The Grant Manager may consider approving products that are purchased and paid-in-full before the end of the Grant Term, but delivered after the Grant Term, if the delay is caused solely by the supplier and through no fault of the grantee. To request an exception under these circumstances, the grantee must make a written request to the Grant Manager and receive a written response approving the specific expenditure.

Modifications

The grantee must submit any proposed revision(s) to the Work Plan and/or Budget in writing to the Grant Manager. The grantee may not incur costs or make expenditures based on the revision without first receiving the Grant Manager's written approval.

Proposed revisions must be clearly marked on the Work Plan and/or Budget and must be accompanied by a summary of proposed changes or modifications, including justification for the proposed changes. If approved, the Grant Manager will upload the final revised Work Plan and/or Budget to GMS and notify the grantee. The grantee may submit proposed revisions in conjunction with a Progress Report, but they cannot be submitted as part of the Progress Report. The grantee should retain the approval document(s) for audit purposes. See the “Audit Record/Access” section of the Terms and Conditions (Exhibit A).

Budget modifications, budget line-item additions, or deletions must be detailed in the budget modification tab in the RLC40 Budget Workbook. Revisions to the Budget must be made according to the following guidelines, and approval is at the discretion of the Grant Manager:

1. Budget Adjustments are defined as movement of funds between existing line items within a category. Grant manager approval is not required for a Budget adjustment. A Budget Adjustment does not require changes to objectives or key activities in the approved Grant Project Summary (work plan) and does not require creation of a new line item. Budget adjustments are made to the Budget in the Budget workbook. When in doubt, consult with the Grant Manager before incurring an expense related to an adjustment.
2. A Budget Modification requires Grant Manager pre-approval and is defined as:
 - Any movement of funds between budget categories (i.e., moving funds from Personnel to Indirect).
 - A change in the budget necessitated by a change to the Grant Project Summary Objectives or Key Activities.
 - A movement of funds made to accommodate any capital expense or capital improvement greater than \$5,000 that was not part of the approved budget.
3. The Grants Supervisor may approve budget modifications after an expenditure was made if pre-approval was not possible due to unforeseen or exigent circumstances.
4. Movement of funds between material fund awards is never allowable.
5. Material fund award totals may not be changed.
6. Movement of funds must not cause any category to exceed an established cap (i.e., personnel [35%] and Indirect [20%]).

Acknowledgements

The grantee shall acknowledge CalRecycle’s support each time a project funded, in whole or in part, by this Agreement is publicized in any medium, including news media, brochures, or other types of promotional materials. The acknowledgement of CalRecycle’s support must incorporate the CalRecycle logo. Initials or abbreviations for CalRecycle shall not be used. The Grant Manager may approve deviation from this requirement on a case-by-case basis where such deviation is consistent with

CalRecycle's Communication Strategy and Outreach Plan. Contact your Grant Manager for the CalRecycle logo.

Reporting Requirements

The Grant Agreement requires a Quarterly Progress Report and an End of Cycle Final Report; however, the Grant Manager may require additional Progress Reports at any time during the Grant Term. Failure to submit the Final Report with appropriate documentation by the due date may result in rejection of the Payment Request and/or forfeiture by the grantee of claims for costs incurred that might otherwise have been eligible for grant funding.

The grantee must upload all reports in GMS. For further instructions regarding GMS, including login directions, see the "Grants Management System" section (above).

To upload a report:

1. Go to the **Reports** tab.
2. Click on the appropriate Report Type.
3. Click on the **Add Document** button.
4. Choose the Document Type, enter a document title, click the **Browse** button to search and upload the document, and then **Save**.
 - Select the **Back** button to upload another document and continue the process until all required documents as listed below are uploaded.
 - The maximum allowable file size for each document is 35MB.
5. Click the **Submit Report** button to complete your report submittal. The **Submit Report** button will not be enabled until all required reporting documents are uploaded.

Grant Managers will only approve reports with current information that include all required sections and documents. Grant Managers will only process Payment Requests after report approval.

Failure to comply with the specified reporting requirements may be considered a breach of the Grant Agreement and may result in the termination of the Grant Agreement, rejection of the Payment Request, and/or forfeiture by the grantee of claims for costs incurred that might otherwise have been eligible for grant funding. The grantee must report any problems or delays immediately to the Grant Manager.

Electronic Signatures

CalRecycle requires a certified e-Signature on documents or forms that certify legally binding information.

Note: E-signatures must include the first and last name of the Signature Authority, be in the Adobe Digital ID format (or through another certified digital signature program) and cannot be completed using the "Fill and Sign" function within Adobe. Any document using the "Fill and Sign" method is considered incomplete and may be sent back to the grantee.

If you have questions, email grantassistance@calrecycle.ca.gov.

Progress Report

The grantee must submit a Quarterly Progress Report by the due dates listed in the Milestones Section of this document. These reports cover grant activities that occurred within the specified reporting period regardless of the cycle to which the LCC is billing expenses.

In Quarter One, regardless of whether a grantee bills all expenses to RLC39, RLC40 or to both cycles, a Quarterly Progress Report is always due covering all grant activities for the first quarter.

Grantees must upload the following three documents to the Reports Tab in GMS:

1. Quarterly Progress Report
2. RLC40 Grant Project Summary
3. Certified Collection Center spreadsheet

Final Report

The Final/End of Cycle Report is due August 31, 2027, or sixty days after submittal of the final invoice, whichever is sooner. This report covers grant activities from July 1, 2025 through June 30, 2027 or the final invoice date if sooner. The grantee must include all items in the Final Report template.

The following disclaimer statement must be included on the cover page: “The statements and conclusions of this report are those of the grantee and not necessarily those of the Department of Resources Recycling and Recovery (CalRecycle), its employees, or the State of California. The state makes no warranty, express or implied, and assumes no liability for the information contained in the succeeding text.”

CalRecycle will make payments to the grantee as promptly as fiscal procedures permit. The grantee can typically expect payment approximately 45 days from the date the grantee submits a complete Grant Payment Request.

- Payment requests that are incomplete, arrive with inadequate documentation, or which comprise of multiple months may result in slower processing and delayed reimbursement.

- The grantee must provide a [Reliable Contractor Declaration form \(CalRecycle 168\)](https://www2.calrecycle.ca.gov/Docs/Web/127824) (https://www2.calrecycle.ca.gov/Docs/Web/127824) signed under penalty of perjury by the grantee's contractors and subcontractors in accordance with the "Reliable Contractor Declaration" section of the Terms and Conditions (Exhibit A). The declaration must be received and approved by the Grant Manager prior to commencement of work. See the "Reliable Contractor Declaration" section in Terms and Conditions (Exhibit A) for more information.
- Payment to the grantee for eligible grant expenses is made on a reimbursement basis only, and only for those materials and services specified in the approved grant application.

CalRecycle may advance up to 25 percent of the total funds awarded in each material fund (Used Oil, Waste Tires, Beverage Containers, E-waste). No advance will be paid to a Corps in this cycle until previous cycle advance balances owed by that corps are reconciled, all debts to CalRecycle are repaid, RLC38 is closed, and the Corps is in good fiscal standing with CalRecycle.
