

Products Subject to Removal from CalRecycle’s List of Approved Food Service Packaging

During the re-evaluation of the List of Approved Food Service Packaging (List) in October 2025, CalRecycle determined that select products are no longer manufactured or no longer available in California. These food service packaging items are listed in the following charts and are anticipated to be removed in spring 2026. In accordance with the SB 1335 regulations, CalRecycle must give manufacturers 180 days to submit new applications prior to removing food service packaging items from the List.
