

## Plastic Pollution Prevention and Packaging Producer Responsibility Act Regulations

### NOTICE OF 15-DAY CHANGES TO PROPOSED RULEMAKING

The Department of Resources Recycling and Recovery (CalRecycle) proposes to revise the SB 54 Plastic Pollution Prevention and Packaging Producer Responsibility Act Permanent Regulations. The proposed regulations interpret, make specific, and implement the requirements of Senate Bill No. 54 (2021-2022 Reg. Sess.), the Plastic Pollution Prevention and Packaging Producer Responsibility Act (Stats. 2022, ch.75) (the Act), and establish various elements of CalRecycle's oversight and enforcement responsibilities under the Act. The proposed regulations will also establish the criteria and procedures necessary to implement the requirement established by Assembly Bill No. 1201 (2021-2022 Reg. Sess.) (Stats. 2021, ch.504) (AB 1201) that products labeled "compostable" must be certified by third-party entities according to certain technical standards. CalRecycle intends to adopt the proposed regulations described herein after considering all recommendations, alternatives, comments, and objections regarding the proposed action.

**On January 29, 2026, CalRecycle will initiate a 15-day written comment period for the proposed revisions to the SB 54 Plastic Pollution Prevention and Packaging Producer Responsibility Act Permanent Regulations.** This 15-day written comment period follows an initial 45-day public comment period that began on August 22, 2025 and ended on October 7, 2025. On October 7, 2025, CalRecycle held a public hearing to receive public comments. After considering the comments received from interested parties, CalRecycle decided to make revisions to the proposed regulatory language.

A copy of the proposed revised regulations is available on the [SB 54 Plastic Pollution Prevention and Packaging Producer Responsibility Act Permanent Regulations - CalRecycle Home Page](#) and attached to this notice. A summary of the proposed changes is also included within this notice.

### 15-DAY WRITTEN COMMENT PERIOD

The 15-day written comment period permits any interested person, or their authorized representative, to submit written comments to CalRecycle, addressing the changes to the proposed regulations compared to the draft circulated with the 45-day comment period. These changes have been clearly demarcated. Written comments, which offer a recommendation and/or objection, or support the proposed change, should reference a

section of the proposed action to which the comment or comments are directed, and be limited to the noted changes.

CalRecycle will only consider written comments sent to CalRecycle and received during the 15-day written comment period which begins on January 29, 2026, and ends on February 13, 2026. Written comments received by CalRecycle after the close of the 15-day public comment period will not be responded to in the rulemaking file. Further, CalRecycle is only required to respond to comments that are related to the changes to the proposed regulations.
