Rigid Plastic Packaging Container (RPPC) Regulations
Reusable RPPC Compliance Option

14CCR Section 17945.3 Product Manufacturer Certification Information

(a) When notified by the Department to certify compliance, a product manufacturer shall include in its certification the information listed in subsections (b) through (d), and if applicable, (e), of this Section.

(b) General Product Manufacturer Information

(1) The product manufacturer's name, mailing address, web address (if available), e-mail and telephone number(s), and the name and title of the person responsible for supplying the required information.;

(2) A statement of product manufacturer compliance including whether the product manufacturer sold or offered for sale products held in rigid plastic packaging containers into California, and whether some or all of the products were approved for a waiver pursuant to Section 17946, and whether some or all of the containers qualified for an exemption pursuant to Section 17946.5.

(3) If the product manufacturer is a corporation, the certification must be signed under penalty of perjury by the president or other head of the corporation, a vice president, a secretary or assistant secretary, a treasurer, a general manager, or other such person authorized by the corporation to accept service of process. If the product manufacturer is a partnership or sole proprietorship, the certification must be signed by a general partner or the sole proprietor. The certification shall include the following statement, the title of the signatory and the date of signature.

"I certify under penalty of perjury under the laws of the State of California that to the best of my knowledge and belief the foregoing information and all supporting data provided is accurate, true and complete."

(c) Container Information

For each container line (whether or not it was included in a prior certification cycle)

(1) A description of the type of each rigid plastic packaging container (i.e., jar, bottle, clamshell, etc.).

(2) The associated product(s) or advertised brand name(s).

(3) The volume or equivalent capacity of each rigid plastic packaging container.

(A) The capacity or size must be expressed in the same unit of volume that is used on the container label; and

(B) For products that are sold based on weight or a numeric count, the size should be reported on an equivalent volume basis.

(4) The weight, in grams, of each individual rigid plastic packaging container.

(5) The plastic resin type(s) of each rigid plastic packaging container.

(6) The total quantity of rigid plastic packaging containers sold during the measurement period. This data should include:

(A) Direct sales by the product manufacturer;

(B) Sales through distributors, franchises, dealers, and agents;

(C) All mail-order and Internet sales; and

(D) A statement as to whether the data is based on sales in California or nationally.

(7) The associated container manufacturer and a copy of any container manufacturer certification(s) and information pursuant to Section 17945.4. The product manufacturer is responsible for ensuring that its report is consistent with any container manufacturer certification obtained.

(d) Product Manufacturer Certification Requirements for Each Compliance Option

In addition to the information in subsection (c) of this Section, a product manufacturer shall submit the following information specific to the container compliance option(s) claimed:

(6) Reusable Rigid Plastic Packaging Container Compliance

This option will demonstrate compliance for the original rigid plastic packaging containers only. The replacement product, if packaged in a rigid plastic packaging container, must comply under another compliance option. For rigid plastic packaging containers where compliance is claimed pursuant to Section 17944(a)(3) through reuse of the container:

(A) The number of original plastic packaging containers and of replacement packages sold during the measurement period;

(B) The volume of each original rigid plastic packaging container and each replacement package;

(C) The average number of times the rigid plastic packaging container was reused during the measurement period as calculated using the applicable formula in Section 17945.5(e); and

(D) If not using the calendar year of the certification, a statement of the 12-month period that was used to determine the number of times the identified rigid plastic packaging containers were reused, and a description of how and why that measurement period was selected.
