## Grants Management System (GMS)

GMS is CalRecycle's web-based grant application and Grants Management System. Access to GMS is secure; grantees must log in using a WebPass. WebPass accounts are tied to a specific email address. If an email address changes or becomes inactive, the grantee must create a new WebPass account to continue accessing GMS. Establish or manage a WebPass at [CalRecycle's WebPass page](https://secure.calrecycle.ca.gov/WebPass) (<https://secure.calrecycle.ca.gov/WebPass/>).

### Accessing the Grant

Grantees must [log in to GMS](https://secure.calrecycle.ca.gov/Grants) (<https://secure.calrecycle.ca.gov/Grants>) using their web pass. After logging in, locate the grant in the **My Awarded/Open Grants** table and select the **Grant Management** link. The **Grant Management Module** includes the following sections:

- **Summary tab:** Shows approved budget, paid and remaining amounts. (This section is available to the grantee in read-only mode.)
- **Payment Request tab:** Grantee requests reimbursement.
- **Reports tab:** Grantee uploads required reports.

Procedures and Requirements

Beverage Container Redemption Innovation Grant Program, RIG9 (FYs 2023–24 and 2024–25)

- **Interest:** Shows earned interest on an advance payment.
- **Documents tab:** Grantee uploads all other grant documents that are not supporting documents to a payment request or a report. This section also provides access to documents uploaded within other sections of GMS.
- **Sites tab:** Shows approved project sites.
- **Outcomes tab:** Shows how much material has been collected/diverted using grant funds.

To work in the system, follow the instructions in GMS. The following sections describe the reports, transactions, and supporting documents CalRecycle requires.

## Contact Updates

Access to the grant is limited to those listed in the **Contacts** tab of the **Application Module** with the “Allow Access” check box marked. A contact may be listed but not granted access by not checking the box. If a contact is given access to a grant, they can edit contacts, submit payment requests, upload reports, and view all documents. Those with access may update contact information for all contact types except Signature Authority. Email the assigned Grant Manager regarding any changes to Signature Authority information.

# Certification Requirements

All projects are required to be certified pursuant to [California Code of Regulation Title 14 Section 2500](https://www.calrecycle.ca.gov/Laws/Regulations/Title14/Section2500) [https://shared-govt.westlaw.com/calregs/Document/I5EF496907C9E11F09413BC71B72C4C3D?viewType=FullText&originationContext=documenttoc&transitionType=CategoryPageItem&contextData=(sc.Default)] et.al. A new recycling center must be certified prior to being issued a Notice to Proceed. Once a new recycling center is certified, CalRecycle will issue a Limited Notice to Proceed allowing for only certain eligible expenditures (e.g., conditional use permit) to ensure the recycling center becomes operational. Once a new recycling center becomes operational, CalRecycle will issue a Notice to Proceed for the remaining grant award funding.

Grantee shall complete all certification requirements for their project within six (6) months of the notice of award. Failure to complete the certification process within the six-month timeframe may result in a termination of the award.

## Before Commencing Work

Before commencing work under this grant, the grantee's Grant Manager or primary contact and authorized grant Signature Authority should review the Terms and Conditions (Exhibit A) and the Procedures and Requirements (Exhibit B) to identify key grant administrative requirements. Evaluation of the grantee's compliance with these requirements is a major focus of grant audits.

## Reliable Contractor Declaration

Before authorizing a contractor or subcontractor to commence work under this grant, the grantee shall submit to the Grant Manager a declaration from the contractor or subcontractor, signed under penalty of perjury, stating that within the preceding three (3) years, none of the events listed in [section 17050 of Title 14](https://www.calrecycle.ca.gov/Laws/Regulations/Title14/) (https://www.calrecycle.ca.gov/Laws/Regulations/Title14/), California Code of Regulations, Natural Resources, Division 7, has occurred with respect to the contractor or subcontractor. The grantee must submit this form for each contractor and subcontractor working under the grant.

If a contractor or subcontractor is placed on the [CalRecycle Unreliable Contractor List](https://www.calrecycle.ca.gov/Funding/Unreliability/) (https://www.calrecycle.ca.gov/Funding/Unreliability/) after award of this grant, the grantee may be required to terminate the contract. Obtain the Reliable Contractor Declaration form (CalRecycle 168) from CalRecycle's [Application and Grant Management Tools webpage](https://calrecycle.ca.gov/funding/tools/) (https://calrecycle.ca.gov/funding/tools/

The grantee must upload a scanned copy of each signed Reliable Contractor Declaration form in GMS. To upload the form:
