Introduction

The Department of Resources Recycling and Recovery (CalRecycle) administers the Solid Waste Disposal and Codisposal Site Cleanup Grant Programs. These Procedures and Requirements describe project and reporting requirements, report due dates, report contents, grant payment conditions, eligible and ineligible project costs, project completion and closeout procedures, and records and audit requirements.

In this document, "Grantee" means the recipient of funds pursuant to this Agreement.

Grants Management System (GMS)

GMS is CalRecycle's web-based grant application and Grants Management System. Access to GMS is secure; grantees must log in using a WebPass. WebPass accounts are tied to a specific email address. If an email address changes or becomes inactive, the grantee must create a new WebPass account to continue accessing GMS. Establish or manage a WebPass at [CalRecycle's WebPass page](https://secure.calrecycle.ca.gov/WebPass/) (<https://secure.calrecycle.ca.gov/WebPass/>).

Accessing the Grant

Grantees must [log in to GMS](https://secure.calrecycle.ca.gov/Grants) (<https://secure.calrecycle.ca.gov/Grants>) using their web pass. After logging in, locate the grant in the **My Awarded/Open Grants** table and select the **Grant Management** link. The **Grant Management Module** includes the following sections:

- **Summary tab:** Shows approved budget, paid and remaining amounts. (This section is available to the grantee in read-only mode.)
- **Payment Request tab:** Grantee requests reimbursement.
- **Reports tab:** Grantee uploads required reports.
- **Match:** Shows matching funds requirement.
- **Documents tab:** Grantee uploads all other grant documents that are not supporting documents to a payment request or a report. This section also provides access to documents uploaded within other sections of GMS.
- **Sites tab:** Shows approved project sites.

To work in the system, follow the instructions in GMS. The following sections describe the reports, transactions, and supporting documents CalRecycle requires.

Contact Updates

Access to the grant is limited to those listed in the **Contacts** tab of the **Application Module** with the “Allow Access” check box marked. A contact may be listed but not granted access by not checking the box. If a contact is given access to a grant, they can edit contacts, submit payment requests, upload reports, and view all documents. Those with access may update contact information for all contact types except Signature Authority. Email the assigned Grant Manager regarding any changes to Signature Authority information.

Before Commencing Work

Before commencing work under this grant, the grantee's Grant Manager or primary contact and authorized grant Signature Authority should review the Terms and Conditions (Exhibit A) and the Procedures and Requirements (Exhibit B) to identify key grant administrative requirements. Evaluation of the grantee's compliance with these requirements is a major focus of grant audits.

Reliable Contractor Declaration

Before authorizing a contractor or subcontractor to commence work under this grant, the grantee shall submit to the Grant Manager a declaration from the contractor or subcontractor, signed under penalty of perjury, stating that within the preceding three (3) years, none of the events listed in [section 17050 of Title 14](#) (<https://www.calrecycle.ca.gov/Laws/Regulations/Title14/>), California Code of Regulations, Natural Resources, Division 7, has occurred with respect to the contractor or subcontractor. The grantee must submit this form for each contractor and subcontractor working under the grant.

If a contractor or subcontractor is placed on the [CalRecycle Unreliable Contractor List](#) (<https://www.calrecycle.ca.gov/Funding/Unreliability/>) after award of this grant, the grantee may be required to terminate the contract. Obtain the Reliable Contractor Declaration form (CalRecycle 168) from CalRecycle's [Application and Grant Management Tools webpage](#) (<https://calrecycle.ca.gov/funding/tools/>)

The grantee must upload a scanned copy of each signed Reliable Contractor Declaration form in GMS. To upload the form:

1. Go to the **Reports** tab.
2. Click on **Reliable Contractor Declaration** under **Report Type**.
3. Click the **Add Document** button.
4. In the Document Type drop-down box, select **Reliable Contractor Declaration**, enter a document title, click the **Browse** button to search for and upload the document, and then **Save**.
5. Click on the **Submit Report** button.

For further instructions regarding GMS, including login directions, see the "Grants Management System" section (above).

Grant Term

The Grant Term begins on the date of the Notice to Proceed (NTP) email, which is the formal notification from CalRecycle authorizing the grantee to begin the grant project, and ends on **June 30, 2029**. The grantee must make all grant-eligible program expenditures and incur all grant-eligible costs within this period. Expenditures made or costs incurred before the NTP date or after the end date are not eligible for reimbursement.

The Final Report and final Payment Request are due on **June 30, 2029**. CalRecycle recommends reserving the period from **May 15, 2029** to **June 30, 2029** exclusively for preparing the Final Report and final Payment Request, though they may be completed earlier.

Eligible Costs

Grantees may incur eligible costs only during the Grant Term, which starts when the grantee receives a Notice to Proceed from CalRecycle and ends on **June 30, 2029**. See “Grant Term” for additional information. All grant expenditures must be for activities, products, and costs specifically included in the approved Work Plan and approved Budget. To be eligible for reimbursement, costs must be incurred after receiving a Notice to Proceed and before the end of the Grant Term. All services must be provided and goods received at the project site during this period, as specified in the application. The grantee must pay invoices for goods and services before including those goods or services on a payment request.

Eligible costs are limited to the following:

- Waste removal and disposal.
- Security measures such as fences, barriers, warning signs, and other measures to prevent recurring illegal dumping at the remediated sites.
 - These Prevention measures and staff time are limited to no more than 25 percent of the overall grant amount. These measures can include public information materials.
- Site grading and drainage controls to minimize erosion.
- Slope and foundation stabilization.
- Excavation, consolidation, and capping of waste areas.
- Installation of landfill gas and leachate control systems.
- Field and laboratory testing.
- Health and safety measures required for eligible project work.

Ineligible costs include, but are not limited to:

- Costs incurred before the date that CalRecycle sends the Notice to Proceed email or after **June 30, 2029**.
- Staff costs not directly related to grant-related eligible activities listed above and grant administration. This includes any personnel costs incurred because of time

an employee assigned to the project, funded by the grant, does not actually work on the project (e.g., use of accrued vacation, sick leave, etc.).

- Expenses for services rendered or goods purchased prior to the date indicated in the NTP, or any expenses incurred after the end of the Grant Term.
- Public Agency indirect costs (unless pre-approved in writing by the Grant Manager, but in no event shall exceed 10 percent of the total direct labor costs requested for reimbursement).

- Bonus payments for early completion of the grant project or any phase of the grant project.
- Any portion of a program currently covered or incurred under any other CalRecycle contract, loan, or grant/grant cycle.

- Cellular phones, personal digital assistants, personal electronic devices, pagers, and similar electronic and telecommunications devices.
- Activities that are not cost-effective, as determined by the Grant Manager.
- Travel and per diem expenses (unless pre-approved in writing by the Grant Manager) (See Terms and Conditions document, subsection (e) under Payment).

- Operation and maintenance of monitoring systems.
- Post-closure maintenance activities.
- Preparation of closure and/or post-closure maintenance plans.
- Improvements to property for post-closure land uses.
- Removal, abatement, and cleanup or otherwise handling of only hazardous substances as defined in the Comprehensive Environmental Response, Compensation and Liability Act of 1980 [42 U.S.C. section 9601(14)] not co-disposed with nonhazardous waste.
- Any other costs not deemed reasonable or related to the purpose of the grant by the Grant Manager.

Modifications

The grantee must submit any proposed revision(s) to the Work Plan and/or Budget in writing to the Grant Manager. The grantee may not incur costs or make expenditures based on the revision without first receiving the Grant Manager's written approval. Proposed revisions must be clearly marked on the Work Plan and/or Budget and must be accompanied by a summary of proposed changes or modifications, including justification for the proposed changes. If approved, the Grant Manager will upload the final revised Work Plan and/or Budget to GMS and notify the grantee. The grantee may submit proposed revisions in conjunction with a Progress Report, but they cannot be submitted as part of the Progress Report. The grantee should retain the approval document(s) for audit purposes. See the "Audit Record/Access" section of the Terms and Conditions (Exhibit A).

Acknowledgements

The grantee shall acknowledge CalRecycle's support each time a project funded, in whole or in part, by this Agreement is publicized in any medium, including news media, social media, brochures, or other types of promotional materials. The acknowledgment of CalRecycle's support must incorporate the CalRecycle logo. Initials or abbreviations for CalRecycle shall not be used. The Grant Manager may approve deviation from this requirement on a case-by-case basis. Contact your Grant Manager for the CalRecycle logo.

Reporting Requirements

The Grant Agreement requires Progress Reports and a Final Report, as listed in the Milestones section; however, the Grant Manager may require additional Progress Reports at any time during the Grant Term. Failure to submit the Final Report with appropriate documentation by the due date may result in rejection of the Payment Request and/or forfeiture by the grantee of claims for costs incurred that might otherwise have been eligible for grant funding.

The grantee must upload all reports to GMS. For further instructions regarding GMS, including login directions, see the "Grants Management System" section (above). To upload a report:

1. Go to the **Reports** tab.
2. Click on the appropriate Report Type.
3. Click on the **Add Document** button.
4. Choose the Document Type, enter a document title, click the **Browse** button to search and upload the document, and then **Save**.
 - Select the **Back** button to upload another document and continue the process until all required documents, as listed below, are uploaded.
 - The maximum allowable file size for each document is 35MB.
5. Click the **Submit Report** button to complete your report submittal. The **Submit Report** button will not be enabled until all required reporting documents are uploaded.

Grant Managers will only approve reports with current information that include all required sections and documents. Grant Managers will only process Payment Requests after report approval.

Failure to comply with the specified reporting requirements may be considered a breach of the Grant Agreement and may result in the termination of the Grant Agreement, rejection of the Payment Request, and/or forfeiture by the grantee of claims for costs incurred that might otherwise have been eligible for grant funding. The grantee must report any problems or delays immediately to the Grant Manager.

Electronic Signatures

CalRecycle requires a certified e-Signature on documents or forms that certify legally binding information.

Note: E-signatures must include the Signature Authority's first and last name, be in the Adobe Digital ID format (or through another certified digital signature program), and cannot be completed using Adobe's "Fill and Sign" function. Any document using the "Fill and Sign" method is considered incomplete and may be returned to the grantee.
