Introduction

The Department of Resources Recycling and Recovery (CalRecycle) administers the Household Hazardous Waste Grant Program. These Procedures and Requirements describe project and reporting requirements, report due dates, report contents, grant payment conditions, eligible and ineligible project costs, project completion and closeout procedures, and records and audit requirements. In this document, "Grantee" means the recipient of funds pursuant to this Agreement.

In a Regional Grant, the term "grantee" used throughout this document refers to the Lead Participant (Lead). The Lead is designated to act on behalf of all Non-Lead Participant(s). In a Regional, the Lead manages the grant, is responsible for the performance of the grant and all required documentation and administers the grant funds to its Non-Lead Participants on its behalf.

This document is attached to, and incorporated by reference, into the Grant Agreement.

Grants Management System (GMS)

GMS is CalRecycle's web-based grant application and Grants Management System. Access to GMS is secure; grantees must log in using a WebPass. WebPass accounts are tied to a specific email address. If an email address changes or becomes inactive, the grantee must create a new WebPass account to continue accessing GMS. Establish or manage a WebPass at [CalRecycle's WebPass page](https://secure.calrecycle.ca.gov/WebPass/) (<https://secure.calrecycle.ca.gov/WebPass/>).

Accessing the Grant

Grantees must [log in to GMS](https://secure.calrecycle.ca.gov/Grants) (<https://secure.calrecycle.ca.gov/Grants>) using their web pass. After logging in, locate the grant in the **My Awarded/Open Grants** table and select the **Grant Management** link. The **Grant Management Module** includes the following sections:

- **Summary tab:** Shows approved budget, paid and remaining amounts. (This section is available to the grantee in read-only mode.)
- **Payment Request tab:** Grantee requests reimbursement.
- **Reports tab:** Grantee uploads required reports.
- **Documents tab:** Grantee uploads all other grant documents that are not supporting documents to a payment request or a report. This section also provides access to documents uploaded within other sections of GMS.
- **Sites tab:** Shows approved project sites.

To work in the system, follow the instructions in GMS. The following sections describe the reports, transactions, and supporting documents CalRecycle requires.

Contact Updates

Access to the grant is limited to those listed in the **Contacts** tab of the **Application Module** with the "Allow Access" check box marked. A contact may be listed but not granted access by not checking the box. If a contact is given access to a grant, they can edit contacts, submit payment requests, upload reports, and view all documents. Those with access may update contact information for all contact types except Signature Authority. Email the assigned Grant Manager regarding any changes to Signature Authority information.

Before Commencing Work

Before commencing work under this grant, the grantee's Grant Manager or primary contact and authorized grant Signature Authority should review the Terms and Conditions (Exhibit A) and the Procedures and Requirements (Exhibit B) to identify key grant administrative requirements. Evaluation of the grantee's compliance with these requirements is a major focus of grant audits.

Reliable Contractor Declaration

Before authorizing a contractor or subcontractor to commence work under this grant, the grantee shall submit to the Grant Manager a declaration from the contractor or subcontractor, signed under penalty of perjury, stating that within the preceding three (3) years, none of the events listed in [section 17050 of Title 14](#) (<https://www.calrecycle.ca.gov/Laws/Regulations/Title14/>), California Code of Regulations, Natural Resources, Division 7, has occurred with respect to the contractor or subcontractor. The grantee must submit this form for each contractor and subcontractor working under the grant.

If a contractor or subcontractor is placed on the [CalRecycle Unreliable Contractor List](#) (<https://www.calrecycle.ca.gov/Funding/Unreliability/>) after award of this grant, the grantee may be required to terminate the contract. Obtain the Reliable Contractor Declaration form (CalRecycle 168) from CalRecycle's [Application and Grant Management Tools webpage](#) (<https://calrecycle.ca.gov/funding/tools/>)

The grantee must upload a scanned copy of each signed Reliable Contractor Declaration form in GMS. To upload the form:

1. Go to the **Reports** tab.
2. Click on **Reliable Contractor Declaration** under **Report Type**.
3. Click the **Add Document** button.
4. In the Document Type drop-down box, select **Reliable Contractor Declaration**, enter a document title, click the **Browse** button to search for and upload the document, and then **Save**.
5. Click on the **Submit Report** button.

For further instructions regarding GMS, including login directions, see the "Grants Management System" section (above).

Grant Term

The Grant Term begins on the date of the Notice to Proceed (NTP) email, which is the formal notification from CalRecycle authorizing the grantee to begin the grant project, and ends on January 31, 2030. The grantee must make all grant-eligible program expenditures and incur all grant-eligible costs within this period. Expenditures made or costs incurred before the NTP date or after the end date are not eligible for reimbursement.

The Final Report and final Payment Request are due on January 31, 2030. CalRecycle recommends reserving the period from January 2, 2030 to January 31, 2030 exclusively for preparing the Final Report and final Payment Request, though they may be completed earlier.

Eligible Costs

Grantees may incur eligible costs only during the Grant Term, which starts when the grantee receives a Notice to Proceed from CalRecycle and ends on January 31, 2030. See “Grant Term” for additional information. All grant expenditures must be for activities, products, and costs specifically included in the approved Work Plan and approved Budget. To be eligible for reimbursement, costs must be incurred after receiving a Notice to Proceed and before the end of the Grant Term. All services must be provided, and goods received at the project site provided in the application during this period. The grantee must pay invoices for goods and services before including those goods or services on a payment request.

Eligible costs are limited to the following:

1. HHW public education and outreach for general audiences (may include Extended Producer Responsibility (EPR) information).
2. Implementation of sustainable EPR collection opportunities, to include but not limited to:
 - Promotion of an ongoing retail take-back program such as batteries or fluorescent lamps at local hardware stores, businesses, or government facilities.

 - Promotional public education and outreach materials specifically for local retail take-back programs.
3. Project(s) that:
 - Determines and implements the safest and cost-effective methods for collecting propane gas cylinders and/or marine flares.
 - Implements effective education programs and identifies effective incentives that reduce the disposal of household hazardous waste. The incentives must be something reusable to replace HHW being disposed (does not include monetary or SWAG incentives, rechargeable batteries, propane fuel, adapters, valves, caps or other accessories (with the exception of propane tank connector hose adapters for refilling propane canisters).
 - i. Incentive costs of up to 20 percent of the approved Budget are eligible. Incentives cannot exceed \$20 per item, including sales tax,

- except for incentive costs for LED marine flares for up to \$45 per item. No more than one per household may be distributed. Incentives exceeding \$20 require Grant Manager approval.
- ii. If refillable propane cylinders are used as incentives, they cannot be larger than one pound.
4. Set-up and operation of temporary or mobile collection program for one-day or multi-day collection events. This includes promoting, handling, permitting, and disposal costs for the following, except for those materials that are currently covered by another recycling/collection program (e.g., [Covered Electronic Waste](https://calrecycle.ca.gov/electronics/cew/) [https://calrecycle.ca.gov/electronics/cew/], cell phones, thermostat, etc.):
- [Common HHW materials](https://dtsc.ca.gov/household-hazardous-waste/) (https://dtsc.ca.gov/household-hazardous-waste/) and [Universal Waste](https://dtsc.ca.gov/universalwaste/) (https://dtsc.ca.gov/universalwaste/)
 - Marine flares
 - Propane gas cylinders up to 5 gallons

8. Eight-hour refresher Hazardous Waste Operations and Emergency Response Standards (HAZWOPER) training.
9. Indirect costs up to 10 percent of the total grant funds that have been reimbursed.

Indirect Costs

Indirect costs can be claimed by the Grantee. The following guidelines must be used when claiming these costs.

- The total amount of indirect costs charged to the grant shall not exceed 10 percent of the grant award.

On the other hand, if a manager or supervisor performs an activity that is directly related to the execution of the grant (not supervision), costs associated with this activity may be included as a direct charge. Such activity
