## Background and Findings

### Statutory Authority

Public Resources Code section 14581(a)(3)(A) of the California Beverage Container Recycling and Litter Reduction Act, authorizes CalRecycle to expend \$10,500,000 annually for payments to cities and counties for beverage container recycling and litter clean-up activities. Payments are calculated on a per capita basis, with a minimum payment of \$5,000 to cities and \$10,000 to counties.

### Program Background

The program provides annual funding to California cities and counties for beverage container recycling projects that assist in achieving an 80 percent recycling rate for the state. Incorporated areas of a city, city and county, or the unincorporated area of a county (as reported by the California Department of Finance’s annual population report (Report E-1 Population Estimates for Cities, Counties, and the State Population Estimates with Annual Percent Change – January 1, 2018 and 2019) are eligible to receive funding. Jurisdictions receive funding on a per capita basis, or a minimum of \$5,000 for cities and \$10,000 for counties, whichever is greater. All funds shall be available for expenditure until March 1, 2022 and are subject to reporting requirements.

### Criteria and Process

The Notice of Funds Available was placed on the CalRecycle web site and emailed to all jurisdictions on December 2, 2019. The deadline to submit the Funding Request was March 2, 2020.

There are 539 jurisdictions statewide. Of the eligible Funding Requests received, CalRecycle received 444 ~~396~~ Funding Requests, which included 13 regional Funding Requests comprising of ~~35~~ ~~36~~ participating jurisdictions. The remaining ~~406~~ ~~107~~ jurisdictions did not submit a

Funding Request. Any remaining funds will revert back to the California Beverage Container Recycling Fund. All funds shall be available for expenditure until March 1, 2022, and are subject to reporting requirements.
