SOLID WASTE FACILITY PERMIT	1. Facility/Permit Number: 37-AA-0922
12. Description of Facility: 8184 Commercial Street, La Mesa, San Diego County, CA; Assessor Parcel Numbers 464-600-07-00, and as described in the Report of Facility Information/ Transfer Processing Report, dated March 2022.	
13. Findings: a) This permit is consistent with standards adopted by the Department of Resource Recycling and Recovery (CalRecycle) (Public Resources Code, §44010). b) This facility is identified in the September 2013 Non-Disposal Facility Element (NDFE) of the Countywide Integrated Waste Management Plan approved by CalRecycle on October 14, 2013. (Public Resources Code, §50001(a)). c) In accordance with the California Environmental Quality Act (CEQA) Guidelines, §15096(f), the LEA has reviewed and considered the information regarding the environmental effects of this facility as contained in the Final Environmental Impact Report (FEIR), SCH# 96071012, dated January 1997 and certified by the City of La Mesa on March 25, 1997, and the Final Negative Declaration, SCH# 2022010065, dated March 2022 and adopted by the City of La Mesa Planning Commission on March 2, 2022. d) The design and operation of the facility is in compliance with the State Minimum Standards for solid waste handling for Transfer/Processing as determined by the LEA, based on a review of the March 2022 Report of Facility Information/Transfer Processing Report and an inspection conducted on June 8, 2022. e) The LEA finds that this facility may overlie portions of the closed solid waste disposal site known as the La Mesa Burnsite.	
14. Prohibitions: The permittee is prohibited from accepting any liquid waste, sludge, non-hazardous waste requiring special handling, designated waste, or hazardous waste, untreated bio-hazardous waste, waste containing more than 50% water, friable and non-friable asbestos, large dead animals or parts thereof, and radioactive waste.	
15. In addition to the terms of this SWFP, the following documents describe the operation of this facility:	
Date	Date
Report of Facility Information / Transfer Processing Report March 2022	Notice of Intent WDID 9 37S012705 December 1996
Environmental Documents Environmental Impact Report March 1997 (SCH# 96071012) Negative Declaration March 2022 (SCH# 2022010065)	Land Use Permit CUP# CP-96-06 March 1997 Project No. 2021-19 March 2022
16. LEA Conditions: a) Without prior written approval from the LEA to allow otherwise, waste may only be accepted during the hours described in the Report of Facility Information/Transfer Processing Report. b) The operator shall maintain a copy of this permit, Report of Facility Information/Transfer Processing Report and State Minimum Standards for Transfer/ Processing Stations at the site at all times. c) No significant change in design or operation of this facility shall be taken without prior application to and approval by the LEA. d) Additional information related to compliance with this permit or information concerning the design and operation of this facility shall be furnished to the LEA upon request. e) The SWFP is subject to review by the LEA and may be suspended, or revoked at any time for sufficient cause, in accordance with Division 30 of the PRC, Part 4, Article 2, Section 44305 et seq. and associated regulations. f) Stored recyclables and organic waste which includes green materials shall not interfere with the facility operations or cause a public health nuisance as determined by the LEA. g) The LEA reserves the right to reduce the maximum storage time of recyclables necessary to prevent a nuisance. h) The operator shall maintain, and keep current, records of weight and types of waste received per day and per month. These records shall include final disposition of transferred residual waste and recycled materials. i) The operator shall ensure the existing dust control systems are operational and adequate at all times. If the existing dust control system (misting/fogging system) fails to be adequate for the control of dust in the operations of the facility, the LEA may require additional control measures. j) The operator shall ensure that all waste handling activities are conducted within the transfer station building.
