Section 3, Township 4N, Range 1W, Mount Diablo Basin & Meridian.
Solano County APN 0046-120-410

17. Findings:

- a. This permit is consistent with standards adopted by the CalRecycle, pursuant to Public Resources Code Section 44010.
- b. ☒ A CEQA Negative Declaration with mitigation measures, dated April 30, 1980 has been adopted. Where mitigation measures have been identified, a Mitigation Reporting or Monitoring Program has been adopted as part of the project pursuant to Public Resources Code Section 21081.6.
- c. The following authorized agent, Narcisa Untal, has made the determination that the facility is consistent with the applicable general plan, as required by Public Resources Code, Section 50000.5(a).
- d. The operation of this facility is consistent with the ☐ County Solid Waste Management Plan (50000), or the ☒ County Integrated Waste Management Plan (50001).
- e. The design of the proposed facility or the design and operation of an existing facility, as appropriate, is in compliance with State Minimum Standards for Nonhazardous Ash Operations and Facility Regulatory Requirements, Title 14, Division 7, Chapter 3, Article 5.8 of the California Code of Regulations.
- f. Public Resources Code Section 44009 has been complied with.

18. In addition to this permit, the facility may have one or more of the following permits or restrictions on its operations. Persons seeking information regarding these items should contact the appropriate regulatory agency.

- ☒ Report of Nonhazardous Ash Disposal Site Information
- ☐ State Water Resources Control Board/Regional Water Quality Control Board Waste Discharge Requirements or Waiver
- ☐ National Pollutant Discharge Elimination System (Stormwater) Permit
- ☐ Fire Protection District Findings
- ☒ Mitigation and Monitoring Measures (pursuant to the California Environmental Quality Act)
- ☒ Conditional Use Permit/Land Use Permit
- ☒ California Environmental Quality Act Environmental Impact Report or Negative Declaration
- ☐ Air Pollution Permits and Variances
- ☐ Coastal Commission Restrictions

Other Permits may also apply.

19. Terms and Conditions:

- a. The operator shall comply with applicable state minimum standards set forth in Title 14, Division 7, Chapter 3, Article 5.8 of the California Code of Regulations.
- b. The operator shall comply with all applicable mitigation and monitoring measures that are to be implemented with the enforcement agency.
- c. The operator shall maintain a copy of this standardized permit at the facility or at a location agreed upon by enforcement agency, to be available at all times to facility, enforcement agency, and CalRecycle personnel.
- d. The operator shall maintain and make available for inspection by the enforcement agency and CalRecycle all correspondence and reports provided to other regulatory agencies that have jurisdiction over the facility.
- e. The design capacity of **550 cubic-yards per year** of nonhazardous ash being disposed of shall not be exceeded.
- f. The facility has a total operating area of 9 acres.
- g. The maximum quantity of nonhazardous ash that can be received per any operating day is 16.6 cubic yards.
- h. The days and hours of operation shall be any day between dawn and dusk. For facilities with continuous operations, indicate the start of the operating day for purpose of calculating amount of nonhazardous ash received per day.
- i. Additional clarifying information concerning the design and operation of the nonhazardous ash facility shall be furnished upon written request of the enforcement agency or the CalRecycle.
- j. Unless specifically permitted or allowed under Title 14, Division 7, Chapter 3, Article 5.8 of the California Code of Regulations, the facility shall only accept nonhazardous ash.
- k. Migration of wastes, leachate, or dust off-site are prohibited.
- l. The facility, if located outside of a city, shall be maintained in compliance with the flammable clearance provisions, pursuant to Public Resources Code Section 44151.
