Please be advised that the Department of Resources Recycling and Recovery (CalRecycle), acting as the Solid Waste Enforcement Agency (EA) for San Luis Obispo County, has received and approved a Report of Facility Information (RFI) Amendment per Title 27, California Code of Regulations (27 CCR), Section 21665(c). This public notice was prepared pursuant to 27 CCR 21660.1.

Project Description

North SLO County Recycling and Transfer Station is an existing transfer/processing facility operating under a full Solid Waste Facilities Permit issued on October 3, 2017. The application package to amend the RFI requests the following changes:

Updates to the Transfer/Processing Report (TPR) text to reflect current operations at the facility including Senate Bill (SB) 1383 measurement compliance.

The EA finds that the proposed changes are consistent with all applicable certified and/or adopted California Environmental Quality Act (CEQA) documents, is consistent with State Minimum Standards, and does not conflict with the terms and conditions in the current Solid Waste Facilities Permit.

For Additional Information

To review a copy of the application and supporting documents, please contact the EA as provided above.

Appeals Process

For information on the appeals process, pursuant to Public Resource Code, Section 44307, regarding the EA's approval of the RFI Amendment, please contact the EA as provided above.
