

# Recycling and Organics Recycling Guide for Businesses

If you are receiving this, you have been identified as subject to California's mandatory recycling laws.

## Mandatory Recycling and Organics Recycling (MCR, MORE, and SB 1383)

- Businesses, including public entities, are required to label, recycle, and periodically inspect containers for contamination.\*
- Businesses are required to educate employees on proper recycling.

## AB 827: Educating and Involving Customers to Achieve California's Recycling Goals

- MCR- and MORE-covered businesses must provide recycling and organics containers at front-of-house to collect waste generated by customers from products they purchase and consume on the premises. These containers must be placed adjacent to trash containers.

Add jurisdiction contact information here

## AB 827 Requirements

- AB 827 requires collection containers at front-of-house to be visible, easily accessible, and clearly marked.
- This law targets businesses that sell products meant for immediate consumption.
- Full-service restaurants do not have to provide properly labeled containers for patrons but must provide properly labeled containers next to trash containers for employees to separate post-consumer recyclables and organics for customers.
- Please contact your city/county or hauler for more information or signage, or contact CalRecycle at (916) 341-6199.
